PUPPY PRESCHOOL

Teach your dog to act in a socially acceptable manner and recognise and address any early signs of behavioural problems in your puppy. Learn how to look after and train your puppy so it becomes a suitable member of the community.

Classes provide FREE STUFF!!! You will receive approximately \$80 worth of free goodies for your puppy!

Classes cost \$65.00 - for four sessions, each lasting an hour.

Only available at Feilding Branch.

LITE PAWS SLIMMERS CLUB

An exciting service offered to cats and dogs whose dedicated owners think their pets are looking a little rounder than they should!

After an initial vet consultation (fee applies), this is a FREE service. Food requirements are calculated and monitored for your pet's individual needs and lifestyle.

To join up, simply phone the clinic to book your pet in for an initial consultation to see one of our caring veterinarians.

Only available at Feilding Branch.

GERIATRIC CLINIC

Is your pet heading towards the golden years?

Totally Vets would like to extend an invitation to your aging pet to join our senior health programme.

Early detection and treatment of age related diseases can keep your pet happier for longer.

To book your pet in for a senior health check-up simply phone the clinic and speak to one of our friendly receptionists.

Only available at Feilding Branch.

OPENING HOURS:

Mon 8-5 | Tue 8-6 | Wed 8-7 | Thu 8-5 | Fri 8-5 | Sat 9-2

Welcome

On behalf of the Executive Council of the New Zealand Kennel Club I welcome you all to the 2008 National Dog Training Assembly. **Nestle Purina PetCare** are again the principal sponsor for this event and we extend to them our sincerest appreciation for their continued participation and support.

We extend a warm welcome to all our Judges across all disciplines.

The event this year has been in the planning stages for many months and our sincerest appreciation is extended to Zone Three, the Organising Committee and all those who have volunteered their time and services to make this the success it will undoubtedly be. Manfield Park, Feilding is a magnificent venue to hold our premier training event of the year and we are fortunate in securing it.

To the many competitors who have travelled the length and breadth of the Country to be here, we extend our special appreciation. Over the next three days many hours of competition lay before us and I take this opportunity of wishing all competitors in all disciplines the very best of luck.

John Perfect

President

NEW ZEALAND KENNEL CLUB

On behalf of the NDTA 2008 committee I would like to welcome you to the old Zone 3 and to Feilding in the new Manfeild Park complex.

Our theme for this year is Zones of Old. I hope it will bring back lots of memories of NDOA/NDTA's of the past. It may even be nostalgic for quite a few of you to see how the years have changed us!

We have an amazing number of entries in all disciplines this year which will make this a busy weekend for everyone. We have a full schedule of the regular events, Obedience, Agility, Trials & Heel Work to Music. We have also included the YKC Obedience, YKC Agility, Rally O and Agility Games. There really is something for everyone young and old, dogs large and small, to participate in. This year we have organised the agility to be run indoors and the obedience outside on the Monday so we can all share in the good, and bad, weather that may fall upon us.

The committee has organised all the inter Zone competitions to be held together indoors on Sunday. Obedience, Agility and some of the Trials will be conducted throughout the day. This will enable everyone to come and support your old zone and give your team lots of support.

This weekend would not be possible without the enormous amount of work, effort and time put in by the committee. They have done an amazing job putting this event together, thank you all for your great work.

We wish everyone a happy, enjoyable and safe time at Manfeild.

Robyn How

Chairperson

NDTA 2008

Timetable

Please note that the times stated below are estimated only and it is the responsibility of competitors to check them as the weekend progresses.

FRIDAY 24 OCTOBER

8.00 am	Trials commence
11.00 am	Flygility commences
12.00 noon	Entries taken for Friday Snookers, Gamblers and Rally O
1.00 pm	Registrations open
	Snookers, Gamblers, Rally O commence
2.00 pm	CD Trial begins indoors
3:30 pm	Test C, Novice 1 and 2 commence indoors
5.00 pm	Trials judges' meeting; Agility judges' meeting
6.00 pm	Zone Team photos
7:00 pm	Official welcome; selection of Obedience Interzone judges

SATURDAY 25 OCTOBER

7.30 am	Morning Agility courses walked and judges introduced
7.45 am	Obedience courses walked
8.00 am	Obedience Tests commence
	Jumpers Pairs Grades B & C commence followed by Jumpers Pairs Grade A
	Gamblers (all grades) commences
	Working Trials UD agility commences
9.00 am	Snooker (all grades) commences
10.00 am	YKC Give it a Go Obedience Beginners outside
10.30 am	Presentations for agility games
11.00 am	YKC Agility – Beginners and Experienced
12.00 pm	Introduce Agility judges and walk courses
12.30 pm	Novice 1 and Intermediate 1 begin
1.00 pm	Starters 1 and Senior 1 begin
	YKC Official Obedience in first available ring
2.00 pm	ADX Advanced commences
	Obedience prize giving and Trials prize giving after Test C completion
5.00 pm	Agility presentations
6.00 pm	Agility Interzone Teams practice indoors (30 minutes)
7.00 pm	Heelwork to Music competition

SUNDAY 26 OCTOBER

8.00 am	Introduce judges and walk courses
8.30 am	Teams parade indoors

DISPUTES COMMITTEE

Rosemary Cleator, Lyn Sayers, Karen de Wit, Norm Claude

Any dispute or complaint must be brought to the attention of the show managers before the commencement of the prizing giving relating to the test or class in dispute.

VET ON CALL

Totally Vets Manawatu, 43 Manchester Street, Feilding

24 hour emergency service. Phone 0-6-323 6161

Open this Friday 8.00 am–5.00 pm and Saturday 9.00 am-2.00 pm

General Information

- Gates to the venue will be closed and indoors will be closed and alarmed by 9 pm and no cars will be admitted outside this time (except for Saturday evening when this will happen at the conclusion of Heelwork to Music).
- Please remember that members of the public are present; do not tie dogs up unattended.
- Please clean up after your dog immediately.
- This event will be open to spectators free of charge. This means strangers could be walking through the venue throughout the day so competitors are advised to keep their dogs and valuables secure at all times.
- NO parking on the grass anywhere at Manfeild Park. All cars must be parked in the car parks.
- Campers must be parked on the ring road or as close to is as practicable.
- Day tents, including ropes, must be a minimum of 5m from the Agility rings.
- It is your responsibility to control your dog(s) at all times.
- Ensure that at all times your dogs are either contained in a crate/vehicle or trailer or on lead unless toileting them or warming up.
- Do not stake or tie out and leave unattended any dog in any position on the competition grounds where it is able to lunge out at dogs or people.
- Pay attention to your dog while walking them on lead and keep the lead short enough to prevent them causing problems for people/ other dogs passing.
- When dogs are off-lead they must be directly and visually attended at all times.
- Please show courtesy in the warm-up ring. Do not stand talking or walk through the warm up area unnecessarily with dogs (either on or off lead).
- Muzzle any dogs which have given or may give cause for concern in terms of biting other dogs or people.
- Do not throw toys for your dog in congested areas or into a group of unknown dogs.

CATERING

Catering will be available throughout the event. There will be cooked breakfast available from 7 pm for a cost of \$10.

PARKING

Ample parking is available. Official parks may not be used by others, even temporarily.

STALLS

We have a number of stalls in attendance so please take time to visit these and support them.

PHOTOGRAPHER

Our official photographer is Kirk O'Donoghue of KODE Photography. He will be taking photos of prizewinners, and also throughout the day, of dogs competing, or portraits by request. Photos will be available for viewing and/or purchase from a stand at the venue or from Kirk's ordering website www.snowdrops.co.nz

Obedience Information

- Competitors must report to their assembly steward at least 15 minutes prior to competing. It is the competitor's responsibility to report any possible clashes to the Assembly Steward responsible for that ring.
- All tea and lunch breaks will be announced on the day and displayed on test boards.
- A practise ring will be available.
- In case of any dispute please refer this initially to the Obedience Manager who will endeavour to resolve your problem or refer you to the appropriate person.
- Teams with dogs competing on Friday must be in before Friday judging commences, all other teams must be in prior to Saturday judging commencing.
- No dog or handler may compete in more than one team.
- Every dog and handler entered must compete in every exercise in each test for which it is nominated for the team.
- If a dog is withdrawn from any part of the test the whole team is disqualified.

Inter-Club Obedience

Open for competition by dogs entered in the Friday/Saturday Championship Obedience Tests. Any club registered as an Obedience Society may compete for the trophy.

Teams

- A team shall comprise three handlers and dogs competing in three different tests.

Scoring

Points will be allocated to each handler according to their placings in the nominated test i.e. 1st = 1 point 2nd = 2 points etc. The points gained by each of the three handlers are added to form a team total. The winning team is the team with the lowest total points. In the event of a tie, the team with the highest overall percentage of total points in each test will be declared the winner.

Agility Information

RING POLICIES

- All course walking to be done prior to competition commencing Please be courteous to your fellow competitors. You are all in the same situation.
- Please report to the call steward at least five dogs before you are due to run. The call stewards have been instructed to have three dogs in the assembly area at all times.
- If you are not present three dogs before you are due to run, your number will be placed to the end of your height group. If you have not presented yourself by the end of your height group you will be scratched.
- Once heights have been changed they will not be changed back.
- It is the handler's responsibility to ensure clashes do not occur. Agility call stewards will co-operate with re-scheduling your run but this must be done in a courteous and timely manner. You must not change the "order" in which you run multiple dogs.
- Should you be eliminated you may continue your run until the Standard Course Time. When "TIME" is called please leave the ring immediately.
- The two whistle rule will apply in AD and ADX
- Should your dog fault, in the interests of other competitors please do not turn your run into a drawn out training session.
- No training in the rings at any time. Use the practice ring.
- Two Judges breaks will be scheduled during Starters/Novice and Intermediate courses; one break during Senior.

AGILITY GENERAL

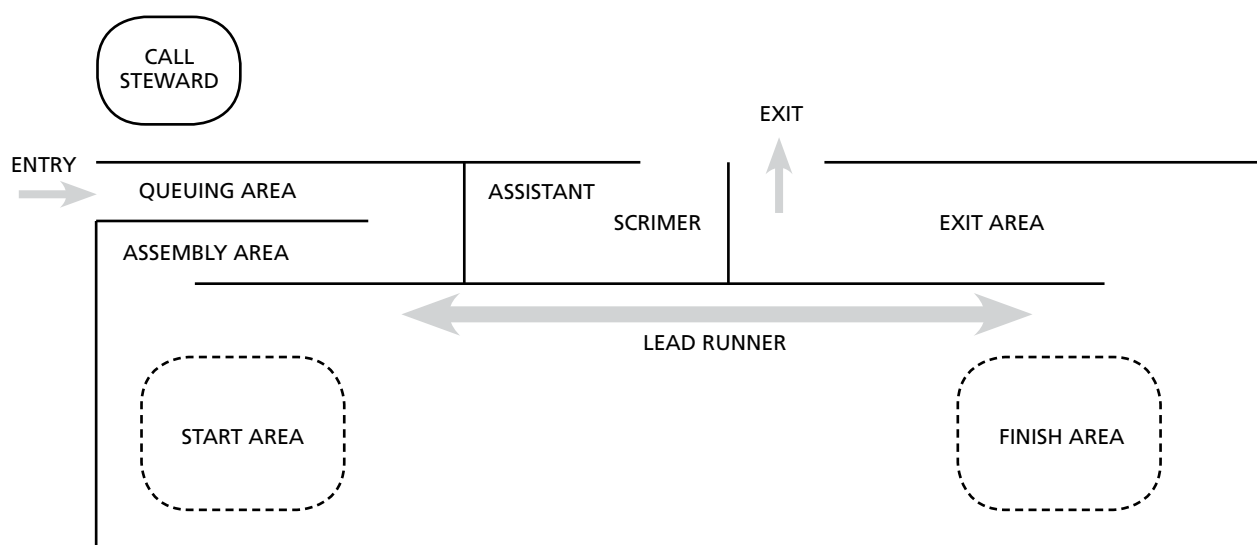

- Results will be posted at the completion of an event. After 15 minutes on display these results will be deemed as final.
- Scratching of a dog must be notified to the Agility Manager.
- Handlers must notify the Agility Manager in writing of any change in handler before running. If you do not, any clear rounds will be printed as listed in the catalogue.
- Clear Round certificates for those who are not placed will be available for collection at the completion of the event from the results tent.

AGILITY GAMES

- Grades B and C will compete on the same course in the agility games Snooker, Gamblers and Jumpers Pairs. There are separate awards for each grade.

START/FINISH SAFETY

- Assembly Area: An additional area adjoining the ring that accommodates the dog which is next to run and separately, the dog which has just finished.
- Toys: The carrying and use of toys and food is permitted in the assembly areas, but they must not be left there.
- No toys or food are permitted in the ring.
- Handlers will enter the ring with their dog on a lead, via the start assembly. The start of each course will be in the general area of the start assembly area.
- At the end of a run, handlers must put the lead back on the dog in the finish assembly area before leaving.

Agility

Agility Judges

ALLAN ROHDE

My involvement in dog sports began at the Wairarapa Dog Obedience Club in 1992. After a very brief stint with obedience I started agility which I found exciting. In 2000 I became a judge and in 2001 we moved north joining the Counties Dog Training Club. Over the past fifteen years my involvement

in the sport has included periods as President, Committee member, Instructor and Club Delegate for both the Wairarapa and Counties clubs and I have recently taken on the role of Treasurer for Counties. My other passion is flygility and for the past five years I have been Secretary/Treasurer of the NZFDA as well as Flygility Coordinator for NALA.

ROBYN FARGHER

I have always been a dog lover but I had never seen agility until Daryl Hogg and Sarah Mackenzie came around my basic obedience class looking for people interested in learning agility. The first dog I tried to train didn't like agility and never competed but it did give me the bug and I trained Jacki (a mini-

sized soft-coated wheaten cross). Our first competitive run achieved a ribbon and I became an addict.

I have since trained and competed with a variety of dogs with varying degrees of success. I have qualified three dogs to senior level, Mac, Blue and Gypsy. I am currently competing with four dogs across three heights and four classes. They are part of a pack of seven, retired Jacki and two still too young to compete. One advantage of running a range of dogs is that at least one will normally have a good day provided I manage to give them the correct directions.

We travel to over 20 shows a year, covering over 10,000 kilometres a year with my motorhome and dog trailer.

Agility for me is my reason for going to work. The enjoyment I get from agility is the reason I put in the effort to train and exercise my dogs and it is obvious that they enjoy agility as well. It's great to be a part of a sport that the dogs can enjoy as much as we do.

DANNIE GOTLIEB

My name is Danny Gotlieb and I hail from the Lower North Island from Lower Hutt City, where I have been a resident for the past 35 years. My background is nearly 20 years in the joinery production industry. I currently work as a contracts coordinator for one of New Zealand's leading

commercial security and fire door manufacturers based in Lower Hutt.

My interest in dog sport started back in 1992 with the introduction to the sport of dog obedience with my partners Labrador Cross (Tessa), initially it was my partner that decided to train at the local club, Avalon Canine Obedience Club, to do some basic obedience training for the family pet. However, things progressed to competing in the obedience ring with a handed down-me-dog whilst my wife purchased our second dog (our first Sheltie) to compete with.

After a few years of successful obedience competition Agility seemed like another sport that was attracting people from the obedience circles and I decided to give it a go. My Labrador proved to be a stubborn dog to compete with and after a few frustrating years I decided try my luck with a new addition, my own Sheltie called Tyla (Ty Canyon of Glenfox ADX Gold) whom I successfully trained with the help of Zone Three Dog Agility Club. What a delight this boy was to compete with in both the Agility and Obedience circles and I have had great success into Senior Level with him gaining ADX Gold and Senior challenges, I have just retired him at 11 years of age much to his disgust. Our third Sheltie, Tui (Glenfox Simply Magic), is competing in the arena at present with reasonable success at Novice Level. I am currently a member of the Upper Hutt Dog Training Club and enjoy numerous shows with my extended family and the addition of our two children who enjoy the agility scene also.

I guess the thought of becoming a judge came from wanting to give back something to the sport that has been good to me. I really enjoy the friendships that I have made through contacts in the dog world and I look forward to seeing some superbly trained dogs competing in shows that I have been privileged enough to judge for.

Agility is a great sport to compete in and Judge as well and I look forward to meeting many more fellow competitors out on there on the field.

NOELINE WAGENER

I have been involved in the dog world for nearly 40 years. I bought my first Miniature Poodle in 1970 and have had poodles ever since. I took my first poodle along to domestic obedience just to learn to sit, stay and walk with me. I got bitten by the bug and began competing in the early 70's. After losing this bitch I tried my hand at Breed Showing. Oh the hours of work even before you stepped into the ring! Still I made up 3 champions. Then it was back to Obedience and on to Agility in 1998. So many things to learn! Such great seminars I attended. Many great moments to savour. I was keen enough to participate at all levels of club activities and then went on to sit my judges exam. I thank all those senior judges who have helped and advised my over the years.

I have judged from North to South and lots of in between clubs. I like to have flowing courses that suit the level of competition. In the higher classes I expect a good degree of handling skills. Handing ribbons to the prize winners is a wonderful job.

I extend best wishes to all competitors and hope that you enjoy your weekend.

LIBBY ELLERY

I started competing in agility in the good old days when agility consisted of Starters and Open classes and was usually held after an obedience show.

I got hooked immediately and after competing for about a year thought I'd like to give something back to this awesome sport, so sat the judges' exam. I've been judging for about 18 years and still love it. I haven't competed much for a while but recently got given a wonderful little rehome (something?) so am looking forward to running a dog again soon.

I've been lucky enough to have been invited to judge at many clubs around New Zealand and have made some great friends along the way.

PETER DYNAN

My name is Peter but I am more commonly known as PJ and here is some background information about me.

For some 37 years I have been employed as an Air Traffic Controller with most of that time being in South Australia.

For the last 15 years I have worked in the Control Tower at Adelaide Airport which has approximately 100,000 aircraft movements a year. By the time I arrive in NZ I will have retired and hopefully will have removed some of the residue of all that shift work.

My involvement with dogs came about after purchasing my first dog, a Doberman named Baron. The breeder suggested that it would 'a good idea' for the dog and me to do some obedience. Not long after starting my training at the South Australian Obedience Dog Club in 1979 I was asked if I would instruct. I did so for about 16 years as well as being on the Committee and twice being the Chief Instructor. The judging 'bug' bit me and by 1987 I was a 'Full' Panel Obedience Judge. In about 1989 the sport of Agility began and as there were no judges, the Australian National Kennel Control allowed Obedience judges on application and some training to become Agility judges. Since then I have judged at four Nationals, Adelaide (2001 and 2007), ACT (2004) and WA (2005).

I have been a member of the South Australian Canine Association Council (the Governing body for dogs in SA) since 2002. I have been involved in the management side of Agility in SA since the late 90's. I became the Chair of the Agility Advisory Committee (responsible for the management of Agility in SA) in 2003. Australia upgrades their Agility/Jumping/Games rules every five years and this occurred during 2005 and my role was the chief SA representative.

I am hopeful in the future that competitions between our two countries can become a regular event. It would be advantageous if this competition were to proceed if our rules were somewhat compatible. I am quite sure that Lyn and the NZ 'crew' have told of the fun and enjoyment they had in Australia. None of the competitors seemed to have any difficulty in adjusting to our rules in Agility, Jumping or Games. By the way they were a credit to NZ Agility even if only a 'little' crazy.

I look forward to judging in NZ and to meet many of you and also see first hand the standard of Agility in NZ.

SALLIE REMON

I became involved in dog competition as a young child. First of all, I would tag along when my Mum took our rather badly behaved Rough Collie to obedience classes (I was later to take over her training and still bear the scars to prove it). I was

completely in awe of the instructors Border Collie and how it would do anything she asked. I immediately started putting top of every Birthday and Christmas list a Border Collie Puppy.

I had a long wait ahead of me and in the meantime (about 9 years) I attempted to train any and every dog I could. I ended up persuading the farmer next door to let me train one of their Collie's who wasn't interested in the sheep. It was mainly obedience at this stage but after watching the first Agility demonstration at Crufts, we made some very basic equipment and started training.

I finally got my Border Collie Puppy for my 17th Birthday and although I'd trained her in Agility she was a fantastic obedience dog and the Agility was just a bit of fun when I had a free weekend. I then bred from her and her son took me to Championship C obedience, Senior Agility, won Flyball and Heelwork to Music competitions and even several Sheepdog Trials and that was all before he went deaf at just six years old. By this time, I was already instructing Obedience and Agility classes, was secretary of the local Dog Club and was judging at both obedience and Agility shows. I then went on to own and train, amongst other Collies, a Golden Retriever and a Patterdale Terrier,

to varying degrees of success! I then met Paul and after having our three children decided that we could find a better quality of life for our family in New Zealand.

We arrived here just over 4 years ago and planned to do lots of things that didn't involve Agility. We made a promise that we would just compete in Agility for fun and wouldn't get as involved as we had in the UK, wouldn't judge, wouldn't instruct and definitely wouldn't get roped into being on any dog club committees.

Well here we are, I did actually stand down after two and a half years on the TCTC committee but am instructing both obedience and agility classes and as you know am on the Senior Judges Panel and as for Paul, well he kept his side of the agreement too, not getting involved in Agility at all !!! But I do still compete for fun (that's not saying I don't like to win) but most of the Agility crowd here are as friendly and captivating as in the UK, they have made us feel very welcome and we have made some of our closest friends here, through our sport.

I feel very honoured to have been asked to judge at the NDTA and am thoroughly looking forward to the event. There is however one thing that I would like all competitors to remember, This is your hobby, your dog is a part of that hobby and is the reason you are able to get the enjoyment out of it that you do. If your dog has a fault, it is either because you handled it badly, or hadn't trained well enough. It is never your dog's fault! I welcome any positive correction and praise in my ring but I will not accept any harsh handling of any sort. Enjoy this event and please remember, your dog loves you no matter how badly you perform!

The OZTENT RV provides for easy family camping. Due to its modular design, you can add two or more tents side by side or sewing. This is significantly easier to set up than a big two room family tent, especially when touring. Parents can have their own room separate from the children. If you own a motorhome, camp room or caravan, then this tent provides an instant extra room which can be freestanding or easily attached to a rail track on your motor home or caravan. The OZTENT RV is also the perfect tent for fishing and boating. Spend more time fishing and boating and spend less time erecting your tent. The OZTENT RV gives you time to relax and enjoy the great outdoors because that's the very reason you are out there.

FIVE MODELS AVAILABLE

Made from waterproof rip-stop polycotton canvas

Heavy Duty, Waterproof heat sealed PVC floor

All guy ropes are attached and concealed in tent pockets

Tent comes in a waterproof carry bag

2 year warranty

Optional extras - caravan connector, side panels, front panel, fly, floor protector

Available exclusively from I Leatrite, Palmerston North.
Phone 0800 109 933 or email: sales@oztent.co.nz

On Paws Agility Equipment

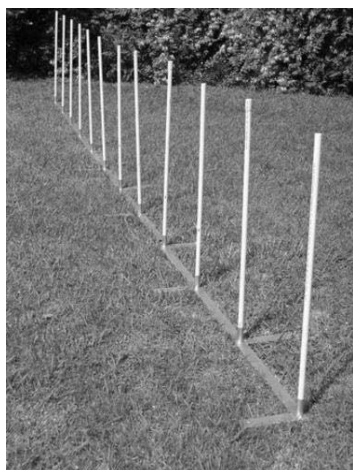

On Paws Agility Equipment is owned and operated by Jason Hughes and Mel Mankelow. We both compete with our three dogs Bailey, Indi and Breeze in Agility and can be often found some where around the North Island most weekends competing.

We manufacture good quality light weight Agility equipment that is easy to move around.

We sell light weight Aluminium contact gear which is very light, sturdy and easy to move around the rings, all our gear comes rubber chipped to your colour choices. We can add detail to the contact gear such as sponsors names or logos.

Our hoop jump is our own design and has been made to come apart if the dog does not negotiate it correctly. The frame of the hoop jump is constructed from lightweight steel in a galvanised finish meaning no rust or painting required. The framework of the jumps comes apart into three separate pieces making for easy flat storage.

Our weaves are made out of metal and come in a galvanised finish. They come complete with poles and pegs; you can either have 20mm diameter poles which fit inside the bases or 30mm diameter poles which fit over the bases.

The weaves come in three equal pieces with the middle piece being interchangeable to afford any problems, they join together with an over lapping joint

All of our equipment is made to the New Zealand Kennel Club Agility Regulations.

We are here at the NDTA this weekend.

Come and have a chat to us about our Agility equipment.

NEW CERAMIC FABRIC

FOR DRUG FREE PAIN RELIEF

Simply the easiest way to keep your dog sound.

Back on Track ceramic fabrics reflect the dogs body heat as an infrared wave, a form of energy that has documented pain relieving effect. They can substantially increase circulation, reduce inflammation, reduce swelling, ease muscle tension and speed up the healing process. Back on Track is routinely used prior to competition, in order to prevent injuries, and to warm up the muscles.

Interzone Competition

Zone 1 Team Profiles

Agility

STARTERS

Tess & The Mighty Little Quinn

Quinn is a two year three months old little bundle of mischief – showing the best (and worst) of both of his breeds – he is a mightily energetic Miniature Schnauzer/ Jack Russell crossbreed who just loves everything in life

– except rain. He is smart enough to know that if he stays in the tunnel the rain won't get him. For him one of the most exciting things in the world is anyone else's games and toys. He is an "inside" dog, sharing his quarters with my first agility dog – a little West Highland White Terrier. I began competing in agility in 2004 with my honest, but slow, Westie, training at North Shore Dog Training Club. Together we achieved some placings and many clear round certificates. This developed my love of agility and led to my decision to try for a more competitive second dog – the outcome – A faster fitter me and my challenging mate - The Mighty Little Quinn.

NOVICE *Marilyn & Teddy*

Teddy is a 6½-year-old border collie and we have been competing in agility for four years. He has managed to obtain his ADX title. Teddy is not fast but is a very honest, steady and reliable dog, even in his other passion of obedience. It does help if his handler gets it right on the day. Teddy had the pleasure or misfortune to represent Zone One as the Novice Obedience dog in 2007 and is hoping to have his CDX title before NDTA 2008. He also competes in Flygility; his first competition was at the NDTA 2007 (no titles there as yet). We do all our training at Counties Dog Training Club where Teddy and myself have had the instructors pulling their hair out trying to come up with ideas to help get more speed from him; all to no avail. Teddy is also a member of the Fun Police; stopping my young dogs from running with other dogs or playing any sort of game. He loves chasing shadows and the torch light and he is a lot of fun to have around. He is a true and faithful friend and companion; definitely a member of the family.

INTERMEDIATE *Allan & Rocket*

Rocket is a 7 year old working Kelpie who is a dream to run around the agility course as you can rely on him to do everything you ask of him. He is not the quickest dog in agility but he makes up for this by being very efficient around the course. His other talents include obedience which he is at Test B level and flygility which he enjoys immensely. Rocket loves his rewards after training or after running a course but does have a bad habit of running away with it. He must think it is a game as he keeps just out of reach at times which can get a bit annoying. He hates the wet, unless doing flygility, and has been known to hide from the rain when doing agility. He is a scavenger and is always very quick to get any food left within his reach. Myself, I have been competing in agility for 16 years and originally started at the Wairarapa club but now I am a proud member of the Counties club. I really enjoy the sport and am involved in all aspects of it (judging, training, administration).

SENIOR *Elaine & Flare*

Flare is a four year old red and white border collie bred by John & Raewyn Muir. Flare has a mischievous nature and likes to steal articles from the training bag or my pockets. She takes delight in being the centre of attention and has been known to sit in the middle of the ring with a toy in her mouth waiting for someone to chase her. She also loves brushes and brooms but her favourite past time is rolling in cow sh?? where she comes out green and gold. Flare was part of the Paw Blacks that competed at the Australian Nationals in Adelaide. She qualified for two finals and came a credible 4th in the masters jumpers. Flare was also a finalist in the NAC final finishing third. Flare has just qualified out of Test B level in obedience and learning the Test C exercises also competes in flygility. Flare also represented Zone 1 last year in intermediate. I have represented both Zone 3 and Zone 1 in agility before but with different dogs. Hopefully Flare will be taking a few months of after the N.D.T.A. to enjoy motherhood.

Obedience

SPECIAL BEGINNERS

Maree & Ted

Ted lives on a farm in Kumeu and shares his outside life with 16 horses and 10 chickens both of which he helps get to where he thinks they should be going (even if it's just around in circles) at 100 miles an hour. After a hard day he sedately lives inside with 3 cats who end up telling him where to be and when. Ted and I started obedience training because he was "a typical border collie" and I needed help and fast. One night last December at class my instructor suggested I attend our ribbon trial (I think she meant as a spectator) but instead I rock up with Ted. With no clue about showing off I went and Ted won, well I was hooked. I can't thank the trainers enough for the help, support and guidance. Ted has just turned two..

NOVICE *Deanne & Jazzy*

Jazzy is a 3 year old Heidesea border collie. She lives at home with Deanne and Mark on a lifestyle block in the Waikato where she has 5 other border collies to play with. She loves going out running with her Mum, and is a very cuddly dog. On the downside, she can be very sensitive to noise and most especially clapping.

TEST A *Hana & Inka*

Awhi will be 2 years old in November and puppy trained with Graham Hawkyard for our first nine months together. She is very soft but always tries. Awhi lives with three bossy poodles (and some people) in West Auckland. Awhi won Test A at the recent National dog show and is our Good Girl no matter what happens here. Her favourite things are barking in the truck, chasing water and running in circles – always to the left.

TEST B *Laurinda & Holly*

Lady Taylah of Lochinvar mostly known as "Holly" was a naughty little rehome puppy by the time she was only 9 weeks old. The couple who bought her originally just couldn't manage her, so she had been returned to the breeder. This was a bit of luck as I had seen her litter sister earlier and mentioned I would like a puppy from that litter, but at that time they were all sold. A couple of days after she arrived at my place,

at just nine and half weeks old, Holly slipped through the gate, rounded up the 8 or so sheep that were in the paddock and put them in the barn. She then trotted off merrily having proved she was the sort of stuff that Border Collies are made of. Holly has had three litters of puppies all of them in Obedience or Agility homes and proving successful in both fields. She is a very loyal little dog, a great mum to her pups and a pleasure to own and train.

TEST C *Janna & Sunnee*

Some time ago I decided that I would name my next puppy X Factor so when I finally made the decision to get a Heidesea puppy I was very surprised to learn that it would actually be the X litter. Perfect!! So imagine how I felt when after taking some time to get to know the puppies and finally choosing the little red boy to find that he had already been named X Factor! Obviously Sunnee and I were meant to be together, he's an awesome wee man. I love him to bits and I think he's definitely got the X Factor. I'd like to wish all the other team members the best of luck but most of all I hope you have fun working with your special friend.

Trials

TD *Sheeran & Laddie*

Laddie is a vocal 8-yr-old tricoloured Heading Dog. As an 8-week-old pup he was introduced to tracking and soon after confirmed this was his favourite. Laddie is a strong tracking dog but has a tendency to cheat by cutting out a section of the track if he thinks he can rejoin but often an article has been missed. Laddie also does Agility, Obedience and Flygility. He patrols his property better than the guards outside Buckingham Palace, especially from the Terrier next door. I certainly know when he is out and about. Laddie loves his holidays at Waiheke Island, where we always do some tracking to keep him happy, along with swimming, walking and lazing in the sun. He lives at home with his nephew 9 mth old Bracken and until recently his half brother WTCH OBCH FGCH Hillswick Highland Jock. Laddie loves

Zone 1 Team Profiles *(continued)*

life and is always ready for a new adventure. We are happy to be representing the Zone One Trials Club as the TD dog at the NDTA.

WD *Jenny & Pippin*

Pippin is five years old and is currently competing in Agility, Obedience and Working Trials. Being a border collie x working dog she loves to do her own thing which makes life very interesting, frequently humorous and at times exceeding frustrating. She loves people—especially their pockets and bogs where there might be some food. She also loves tracking and I enjoy competing in trials with her.

UD *Christine & Co*

Co is 4 years old Chocolate tri coloured B/C X. Not sure who the father was but Co's mother was a longhaired black and white B/C. I rescued "Co", her Mum and her littermates from a farmer that was going to put them all down. Co got her CDX when she was two, but I didn't continue her Obedience career, as I was too busy doing other doggy things. Co loves Agility, is a Senior dog and also loves Flygility – not that we get to many competitions!

Co lives with her best friend "Pete", (another rescue B/C X), 3 black and white spotty cats and numerous coloured black and white spotty sheep. Last year Co excelled herself and got two UDX's and also got Highest points trophy and sash at last years NDTA so I am hoping that she will do well this year too. Co is extremely good with people especially children and my Grandsons think she is wonderful and can do any thing with her. I have always had male GSD's until Pete and Co came along. I have gained numerous titles with all my dogs including alot of CDX's, ADX's, FD's, UDX's, BH's, IP0's and Schutzhund titles (Dogsport titles, which include Tracking, Obedience and Character work.) I have represented Zone 1 in the Agility team with one of my GSD's Hein. I also represented Pete in the Zone 1 team for UD last year. I have always done dog training as far back as I can remember. In my school days I trained and worked with our gundogs and all our cattle dogs. I have always had pet dogs and I first got hooked on dog showing in the early 1980's with a GSD then the rest is history! I have always enjoyed all aspects of dog training, and made some great friendships on the way.

Zone 2 Team Profiles

Agility

STARTERS *Lisa & Pixi*

I am an ex-Wellington who moved to Hawke's Bay four years ago, after a short period spent in Gisborne. Pixi is an SPCA special, born in Gisborne but raised and trained in the Hawke's Bay. With her unknown heritage she has been labelled a Huntaway X, and there have been many discussions and opinions on exactly what the X part might be. Being my first dog since I left the family home, she is extra special to me no matter her breeding. Both of us are newcomers to the sport and it has been a fun (if not sometimes frustrating) learning experience as we gain confidence and understanding of running the courses.

NOVICE *Kim & Taz*

I started competing in Agility with Xena in 2002. Taz Manic, my second dog, started competing in January 2008. Taz is a black & white Heading Dog/Kelpie cross, just over two years old. She is an energetic, fast learning, good natured dog with a zest and eye for agility. She is easy going and a great companion for myself and Xena. Taz Manic lives up to her name.

INTERMEDIATE *Debbie & Pleze*

My agility career started off sitting on the fence at Mt Maunganui Club watching my husband do home obedience with Sandy the "Labrador". Nearby there was some agility training being done which looked like great fun, so I enrolled in the next agility class and before I could blink I was on the committee. I competed with Sandy for a couple of years with success until my husband repossessed her back as she was only on loan to me outside of the

hunting season. I bought Pleze in 2007, she was 10 weeks old, a big ball of fluff, herding turkeys, cute and I felt sorry for her and she was the only one left in the litter to go to a new home. Pleze is now 3 years old and is developing into an excellent dog and in such a short time, is in seniors with 3 challenges, ADX bronze and FD (Fly Agility Dog). I believe this also comes down to: the Patient and dedicated trainers that I have from the Mount Maunganui Club, Jan Murden, Michelle Burgraaf and Deb Jackson, my part time husband "Dave" who lets me go to the shows almost every weekend, and Sandy the Lab who was the loyal, faithful that taught me heaps.

SENIOR *Tina & Robbie*

Robbie, or the RobberDog as he is known in many counter surfing circles has an Olympic gold medal in the high (bench top) jump and could also rival Blackadder in the 'cunning as a weasel' stakes ... Robbie, or Mr Stumpy, or Mr No-Legs as he is often known, is your stock standard, classic male (ie. Would rather have feet up with a beer watching the footy than be exerting himself in agility...) but when he is lured off the couch gives everything he's got ... Bob the Dog does have the honour of belonging to a great little club that is known for being chocker-block full of talented Belgian Shepherds namely Eastern Bay of Plenty DOC and over the years he has had to work very hard to earn the Belgians' respect as an agility dog - no mean feat I can assure you!! Robbie's handler is immensely proud of the strong history within historic Zone Two and is for a third time honoured to have the opportunity to represent the Zone. She wishes to convey to all the other teams her kindest regards and hopes they don't mind too much when they loose ... again!! ;-)

Manawatu
 Young Heart, Easy Living

Zone 2 Team Profiles *(continued)*

Obedience

SPECIAL BEGINNERS *Alex & Sugar*

Alex Robinson and six-year-old Sugar have been working together for just under a year and have become quite a team. Sugar is owned by Sylvia Bow who, due to ill health, has been unable to work or exercise her dogs. Alex stepped into the breach so to speak and has been helping her for a couple of years now with not only exercising but also grooming and clipping the dogs. Sylvia says Sugar adores the ground Alex walks on and has eyes only for him. At just 17 Alex shows sensitivity and maturity in his training and those who deal with him recognise him as a special young man with an affinity for dog training not often found in one so young. We are very proud of him. Good luck Alex and Sugar.

NOVICE *Eunice & Arrow*

I have been competing in obedience for 16 years. Belonging to Rotorua Dog Obedience Club I represented Zone 2 in Auckland 1997 with a home-bred corgi called Loxley Lord of Longroyd ADX. We were 2nd in the Novice team event. Lee and his sister Lady Isabeau (Issy) reached Test A level. Lee also loved his agility. He is now 15. A thank you must go to Ann Chester for starting me on my border collie "adventure". Without Ann and her OBCH My Fair Lady of Lapineek CDX (Asti), who went to the Rainbow Bridge earlier this year aged 15-years, I would not have Arrow who is Asti's great great grandson. Arrow is my second generation home-bred border. His mother Saffron and I are currently working in Test C. Spice Coquette Hot N Spicy CDX, Saffron's mother, is an Asti daughter. Now aged 2, Arrow is a delight to train and a wonderful fun-loving companion with the sweetest nature. Arrow won his first novice at last year's NDTA in Auckland. He most definitely is the "Xtra String To My Bow". Good luck to everyone for NDTA 2008.

TEST A *Dyson Beasley & Scandal*

I have been competing in obedience and agility for the past 17 years. They are sports that I love and enjoy working both of my dogs in. This NDTA I again have the pleasure to represent my zone in obedience. Scandal and I have been in the team three times now; 2005 for novice obedience, 2007 novice agility and now Test A obedience. Scandal is four years old and competes in senior agility as well as Test A. She has gained CDX and ADX titles. Scandal and I have a great bond; she is a very funny and loyal dog. I have full confidence in her and I know she won't let me down. I take the Team Event with huge respect and it is an honour to represent our zone. I wish all competitors the very best of luck; try to put the nerves behind you and enjoy the day.

TEST B *Liz & Merlot*

Merlot, better known as monster to his friends, is a 6-year-old border collie and special friend. We train at the Napier Dog Training Club and receive a lot of help from our Zone 2 friends (thanks guys). We share our home with Wayne (loving father and husband), big sister Jessie, little sister Savee (BCs) and Merlot's arch enemy, crazy cat Charlie. We are excited to represent our zone and hope we do them proud. We wish the best of luck to all competitors.

TEST C *Lorraine & Veesa*

Veesa's full name is Vis A Vis (French) pronounced vee sa vee, meaning face to face, and when she is working you will see that this is very appropriate. Veesa is 6 years old and at 5 years old was the first Standard Poodle to gain the title of Obedience Grand Champion in New Zealand. What an exciting moment. Veesa is a delight to train and really enjoys her work. Lorraine and Veesa also compete in agility and flygility where Veesa turns into a completely different dog, full speed ahead and very vocal at times. Lorraine has been a member of Hawkes Bay Canine Obedience Club for 16 years and is very proud of her association with the club. Lorraine is proud to represent Zone 2 with Veesa and they will do their best for their team.

Trials

TD *Debbie & Bronx*

Bronx is a 3-year-old German Shepherd who weighs in at a delicate 49kgs. Whilst he may be mentally and socially a wonderful ambassador for this breed it has been suggested that physically his parents did not pass on their finer traits and he is affectionately known to some others in the trialling fraternity as 10 to 2 (something to do with his ears – I believe!). As a pup he seemed standoffish to start with – which I did not find agreeable – until I realised he was examining and assessing me in the same way as I was him! I found myself liking this little guy to the exclusion of all the other pups, hence he became part of our family – it wasn't until he was two that I realised we had become a team. He is the third dog I have trialled with, but the 1st GS. His abilities, intelligence and sense of fun, have never been an issue – mine on the other hand have been sorely lacking at times whilst training with this wonderfully honest creature – any mistakes he makes for some reason always seem to lead back to me! We are looking forward to representing Zone 2 at the NDTA and we promise to have fun!

WD *Kim & Paco*

Paco is a 5½-year-old German Shepherd, son of my previous GS Wolf who I made up to an Obedience Champion. Paco is the first dog I have trialled and we have been trialling for about 3 years. We represented Z2 as Team UD dog in 2005. Hopefully we have as much success this year as we did in Taupo, and the weather is kinder to us. Trialling is fun, demanding, frustrating, time consuming and rewarding and you wouldn't find a more helpful awesome bunch of people.

UD *Liz & Diesel*

I attended a UD/WD trial in Levin in November 2007 as an observer, to see how all components of these two trials are put together on the day. Enjoying the atmosphere and having the opportunity to catch up with some colleagues from the agility fraternity, I was in no doubt by the close of the weekend that I was going to try this with our German Shepard, Diesel. Challenges were faced on two fronts; one the fact that I had until now been used to working mini dogs and secondly, I knew very little about working trials but owned a dog who, technically, knew more than I did. Undeterred and with the help and support of family and friends I ventured into the unknown. My partner has been very supportive in helping with track laying and after a crash course in line handling from a colleague, we started out and I became hooked! Diesel gets really excited when he sees his harness and can't wait to get going. This gets my adrenalin pumping as I put him into his harness and then give him the command to track. I had my sights set on a UD trial later this year and at some point decided that maybe NDTA would be worth looking at as well. We have to start somewhere and no sooner had I submitted my entry then I was asked if we would be UD combination for the trials team event so here we are!

Zone 3 Team Profiles

Agility

STARTERS *Peter & Quick*

Quick is a lovely little dog that loves to run, jump and chase. She loves training, especially for the treats and the soccer ball, and when all that running around makes her hot, its off to the paddling pool and in she jumps for a quick cool down

then back to business. For Peter, this is the second time representing a Zone at Starters level, the first time was with Sarah, his GSD, in 1989 when the teams trophy was first competed for. Between then and now he has been in the Zone team with Ascki, C and now Quick. Good luck to everyone, and may the best Team win!

NOVICE *Rebecca & Seeka*

I started training my Mother's dog Gemma (Border Collie) in 2000, when my mother was unable to start due to any injury. I was to fill in until she could take over ... which never happened. Instead I got hooked, even though Gemma was unsuitable for Agility. I got my first dog Misty (Wirehaired

Jack Russell) in 2001 when she was a year old and started training her straight away. I started competing in 2003 and Misty and I were the Zone 3 Starters dog for NDTA that year. Misty is a Senior dog. In mid 2004 Gemma had to retire due to an injury, which she was very happy about. This is when I got my second dog Mya (Border Collie/Huntaway), at 11 months old. Mya is affectionately called the 'Mad Cow' due to her personality and competes in Senior. Then in 2006 I decided that it was time to get a new dog and this time it would be a puppy, hence I got Seeka. Seeka is everything that I ever dreamed a dog could be, but more than I ever thought I would be lucky enough to get. She is the first dog I have had from puppyhood, and have had to teach her the basics which I was unfamiliar with. She learns things at the drop of a hat and is very eager to please. When she was younger, she was tending to be a velcro dog, wouldn't move far away from me. I decided that I would start training her in flygility to give her the confidence to work away

from me. After having to teach her a ball was fun, she quickly gained confidence in working away from me, which carried over into Agility. Seeka is currently competing in Champ shows at Novice/Intermediate (one win away from Senior) and at Ribbon Trials at Intermediate/Senior. Seeka's favourite past times when she is not doing Agility or Flygility is – playing with Misty & Mya, playing tug and eating car seatbelts (7 seatbelts and 3 buckles), no longer an option.

INTERMEDIATE

Louise & Bee

Bee is my 4th agility dog who constantly keeps me honest. She does agility for the fun of the reward and after 17 years in agility, she has fully rekindled my passion for the sport. Bee loves people, and often plays the clown. She will

often pretend to make friends with a dog as a means to getting a cuddle from the owner. She never lets me get too serious about agility or life in general. Manners are not her strong point, she learned from her ADHD dad that he best way to leave an impression is with muddy feet on clean clothes. She lives with her dad Midge, cats, chickens, ducks, aviary birds(lots of them) and occasionally horses. Each day she chooses a different chicken to follow, usually so close she has feathers up her nose. I am proud to be in the HZ3 team with Bee's sister and the two other team dogs Seeka and Quick.

SENIOR *Diane & India*

I have been "dabbling" in agility for a few years now, starting with my manic BC Ben, who NEVER got a clear run in his brief career (but was great entertainment value), then moving on to compete with Tess (Ben's sister) with a little more success, but

my skills as a handler were sadly lacking, so her full potential was never realised. India started competing in January 2005. She achieved her AGCH in April 2006 and AGGRCH in November 2007. She also won the

INTERZONE COMPETITION

"Open" finals at the Australian Nationals in May 2007 and so I suppose she holds an Australian title too! All I had been hoping for was not to disgrace ourselves in front of the Aussies! India has been a joy to train; she lives and breathes to do agility and is very serious about her work. Like most BCs she is a "workaholic" and doesn't know when "enough is enough". On the other hand, her handler definitely knows when she's had enough! India shares her home with Ivor (my very understanding husband), Ben and Tess (13 year old BCs) and the cats Harlequin (half Siamese), and China (Siamese) whom she adores. Her very best (dog) friend is her litter sister Bee (owned and loved by Louise Williams). However, India has had a "love affair" with Belgian Shepherds since she was a wee thing and she goes positively nuts when she spies one – ask Barry Monaghan! I have never worked out why as we don't have any at our club and her exposure to them has been pretty minimal, but love them she does! Being Team Dog, representing HZ3, was one of our goals for 2008 and I hope that we will be able to live up to the high standard of past team dogs – it will not be through lack of trying! Roll on NDTA 2008.

Obedience

SPECIAL BEGINNERS *Paul & Leo*

Leo is a 4 year old Labrador from Porirua. We started competing in obedience about 3 years ago and train at Titahi Bay dog club. Being a newcomer on the dog obedience scene, we would like to say a big thank you for all the encouragement and advice from the many friends we have made. Leo has turned out to be a most loyal and loveable dog. Leo's interests are rolling in cow poo, dead things and chasing rabbits and playing with his doggie friends which he enjoys immensely; especially with his girlfriend Ms Brown from Paraparaumu.

NOVICE *Rose & Tango*

Rose has enjoyed the world of competitive obedience since the late 1970s when she joined Central Allbreeds Dog Training School in Wellington to work with her then seven-year-old miniature poodle, Comet, better known as 'Doodle the Poodle'. She now lives in Levin with husband Syd and belongs to the Horowhenua Obedience Dog Training Club. Rose has worked competitively with two border collies and two miniature poodles. Tango, Rose's 5th competitive dog, is a two-year-old working sheepdog with a wonderful personality, gentle nature and an enthusiastic but often independent

streak. At times training has proved a challenge as being a typical male he found it difficult to concentrate on more than one thing at a time. Thankfully, once the unnecessary bits were removed he found his brain and has since competed successfully in both Novice and Test A. Tango's biggest failing is his fixation with the family's black cat, Sam. Tango can, and often does, spend hours gazing at the black blob through the glass panel in the front door. He has yet to work out, that more often than not, the black blob he stares at with such devotion is actually his own reflection!

TEST A *Jewel & Shelly*

In 1990 I took my new puppy, a fox terrier, along to the club to teach him some manners. Before very long he was competing in obedience and enjoying agility. My next dog was a GSP, alas, born with a very independent temperament and a strong hunting instinct. Although both dogs were both wonderful family pets, I decided to try a breed more suited to the obedience ring. Shelly has more than lived up to my expectations. Shelly lives at home with her playmate, Fleur, a very active 12-year-old GSP. She loves swimming and enjoys her training. The greatest things about Shelly are the affection she shows me and her willingness to do her best at whatever I ask of her.

TEST B *June & Demi*

Demi is a 5-year-old border collie. This is her first time representing Zone 3 in the teams event. June has represented Zone 3 with previous dogs. June feels very lucky to have been given the opportunity to own Demi who was bred by John Muir, although when she was a baby puppy she was dynamite! To sum Demi up, she is a keen and happy worker who just loves to please. Being keen does sometimes get her in trouble but June wouldn't have it any other way. Demi has taught June to see "the funny side" when working with dogs and to remember that at the end of the day they are only dogs and we still love them even though we make mistakes, both handler and dog. June wishes all zone teams the very best of luck and remember to enjoy yourselves and your dogs.

TEST C *Kenn & Riley*

This is Kenn and Riley's third year representing Zone 3 in the teams event. Last year they won Test C, helping Zone 3 to win their first obedience teams event in 15 years and the previous year they won Test A. Riley is a fantastic little dog and loves to do good for his dad, although he is a bit put out at present because Kenn

Zone 3 Team Profiles *(continued)*

is now competing with his young dog and Riley is not big on sharing his dad, especially with an arrogant young dog. Kenn is proud to be representing Zone 3 again and they will do their best to help Zone 3 win the last obedience teams event as we know it.

Trials

TD *Heather & Phanta*

I have been involved with working trials for about 20 years. During that time I have trained 2 German Shepherds – Becky and Hanna – to working trial champions, the latter also becoming New Zealand's first German Shepherd agility champion. My third GSD, Yogi, has 2x UDXs but was retired due to injury so never achieved WTCH status. After a short break I became the proud owner of Phanta, a red and white border collie. Phanta was destined for the agility ring and trials were never considered! Keeping a B/C pup occupied until 18 months of age proved difficult, so sendaways and peg tracks were taught to keep her busy. Five years down the "track" we are trialling at TD level. She also competes in test B obedience and is a senior agility dog. Phanta and I are privileged to represent Zone 3 as part of the trials team and hope we can perform respectably.

WD *Marie & Boz*

My first dog was a German Shepherd (Zach) He was the reason for me becoming involved in tracking. As a young dog I noticed how keen he was to put his nose to the ground, unfortunately this naturally gifted dog had to retire for health reasons. The dog I now have is (Boz) a Belgian Malinois who has been involved in trials for about 15 months. I have always enjoyed watching dogs at work, particularly tracking. Zach's natural ability certainly made the early days with Landsar enjoyable. This experience coupled with the Boz's full on energy is making the Zone 3 Trials an exciting journey – if not sometimes an exhausting challenge for the handler.

UD *Sue & Whizz*

Whizz and Sue are representing Z3 at the UD trial this year. Whizz is three years old and is competing in Test C and if he didn't insist on doing some exercises with great enthusiasm and very little thought he could be successful in Test C, although he has managed to get one challenge. He has competed in several UD Trials, again with great enthusiasm and little thought, and has attained his UDX. Whizz is a bit of a mummy's boy but he will try and contain his enthusiasm for the UD trial to do good for Sue and Zone 3 (hopefully).

Manawatu *New Zealand*
No Limits

Zone 4 Team Profiles

Agility

STARTERS *Jane & Tiffany*

Hi everyone, I've been a member of the Blenheim Canine Training Club for the past 3 years, this is my first NDTA and I am running Tiffany as the Zone 4 Starter Dog. Tiff lives in a household with 5 other dogs – 2 working line Golden Retrievers and 3 Toy Poodles. Bad experiences with “little people” as a pup has left Tiff acting as an extremely shy and timid wee dog, however, at home she is a right bossy little madam putting everyone in their rightful place and playing by her rules! Tiff's favorite things are food, smooching around your neck, swinging of the goldies tails and oh, did I mention food – left to her own devices I think Tiff would be as wide as she is long! I also run 2 of our other dogs in agility – Diva (GR) and Theo (TP) who are both out of starters. Tiff has one starter win to go and because everyone knows how much I love starters the standing joke is – who is she going to bring along next?? We are both really looking forward to participating in the teams event, a real challenge for both of us, especially Tiff, trying to stick to her weight management programme!

NOVICE *Natasha & Trico*

Hi I'm Tash, I started agility at Blenheim C.T.C in 2002 with my 5-yr-old gutsy wee spaniel, Shade. And later a Gordon setter “yes they can do agility,” keila has a fair share of ribbons to her name. Some 6yrs later, shades old age and keilas unfortunate injury left me with the prospect of soon not having a dog to run. So I started looking for a rehome. I found trico on the agility list. I have had her for 1 year, she is a 3yr old, tri-colored, heading dog x. she has turned out to be the best wee dog we could have asked for, she has fitted in so well. Even tho, nic never lets me forget ive “gone over to the dark side”, by getting a heading dog. Tri always try's her best at everything she does & is quite serious about such things as chasing leaves, chasing our GSD. “Speed is missing a tiny piece of ear to prove it”, chasing Birds, “how dare they come in our yard” and most of all chasing airplanes. She

also loves the sound of her voice & is continually trying my patience. She is at her happiest when working & whenever her fav squeaky croc is out. I've loved our past year together & hope this is the start of a great partnership, I'm proud to have the chance to run this awesome little dog in the interzone comp, we can't wait. Go HZ 4!!!!

INTERMEDIATE *Kathryn & Izzy*

Introducing ‘Izzy Whiz’ (Schondara Star Attraction ADXB CDX), my first competitive agility and obedience miniature schnauzer. We have been competing for approximately 2 years and we represented Zone 4 in novice last year. Izzy is my special home-breed wee mate who was chosen for her outstanding drive, intelligence and willingness to please. Izzy is enjoying our move to Brooklands where she has become the self appointed watch-dog and bird chaser. She is spoilt for choice for exercise – like a run in the forest, on the beach or a blat along the lagoon walking tracks. We are proud to be representing Zone 4 and will give it our best shot.

SENIOR *Lisa & Zoom*

There once was a dog named Zoom who liked to race around the room. She has always been a bit manic, but thankfully that is not a panic. Then one day at home, where at full speed she would roam Zoom cleared the couch with such ease, as if to say Mum can I do agility please. So off we went with such high hopes only to find it was no joke. She started with a hiss and a roar, and all the fun we've had is what we do this sport for. Now a member of the top club in the land and a number of new additions have joined our clan. But at home Zoom is still number one and we intend to keep having lots of fun. Go Zone Four! We hope to do you proud.

Zone 4 Team Profiles *(continued)*

Obedience

SPECIAL BEGINNERS *Kim & Rebel*

As a member of Christchurch Dog Training Club Rebel and I are really pleased to represent Zone 4 as the Special Beginners dog at the 2008 NDTA. Rebel is a 3 year Siberian Husky/Border Collie cross bred by Tevra Kennels in Kaiapoi. We started his training as a baby puppy and have built up a very special bond working together to achieve our goals. Although training Rebel has been a huge learning curve for me I have enjoyed the challenge of teaching Rebel with new modern methods. For this I would like to thank all those who have helped me to achieve this. At home Rebel gets the best of everything and we have a saying. "He is not spoilt, he is rich". Once again thank you for this opportunity and Rebel and I both hope we can make Zone 4 proud of us.

NOVICE *Alistair & Streak*

Streak is a 3-year-old Siberian Husky/Border Collie who started working in Novice in May of this year. This is the fifth time I have represented Zone 4. I am a member of Christchurch Dog Training Club as well as a Life Member of OJA. I am looking forward to representing Zone 4 at this, the last NDTA as we know it and to be in a team with Streak's litter brother, Rebel..

TEST A *Joanne & Briar*

Briar (Goldbrook A Matter Of Pride) is a 4 year old Goldie and up until the start of last year was only competing in agility. A bit of arm twisting by some of my friends saw me have a go at doing obedience with her and it's been a huge learning curve since then. I had previously done obedience a few years ago and won out of Special Beginners but both myself and my dog found it boring so we gave up. This time around, with different training techniques, a great instructor and a neat bunch of friends to support me, I'm loving it, as is Briar. Briar also qualified this year as the Novice reserve dog in the Agility Inter-Zone Competition. I belong to the Southern Golden Retriever Club, Waimakariri Dog Training Club (Briar and I were part of the winning Interclub Agility Team at last year's

NDTA) and do my obedience training with Tevra Dog Training in Christchurch. I'm looking forward to catching up with my friends at the NDTA, having lots of fun with my dog in the ring and doing my best for Zone 4.

TEST B *Colin & Indie*

Indie is a 4-year-old Border Collie bred by our Barlin kennels. I have been involved with dog training for the last 14 years in both Obedience and agility. I am a Life member of Waimakariri Dog Obedience Club, and a founding member of the agility side of the club. I am also a member of Canterbury Cats Agility Club. Indie is my 4th dog having previously handled a Belgian Shepherd & 2 Border Collies in both agility and obedience. As well as being a Novice and Intermediate agility dog with 2 A D's we are looking forward to our move up into Test C and working towards the ultimate obedience award. I would like to thank Zone 4 for giving me this opportunity to be involved in the last NDTA as we know it.

TEST C *Carol & Captain Morgan*

We are proud to be representing Zone Four in Test C in what is to be the last NDTA under the old conditions. We belong to Christchurch Dog Training Club and have represented Zone Four in Timaru in the Test A position in 2004. Morgan is the third black miniature poodle that I have trained in competitive obedience and my second Obedience Champion. I started in competitive obedience in 1982 with "Charlie" who I had to retire early due to health problems. OBCH Khancoban Mr. Tigger CDX was my second poodle, known to his friends as Sir Tigger, we learnt such a lot together, so when Morgan came along we were so much more experienced. I would like to wish everyone 'Good Luck' and enjoy the weekend with your dogs.

INTERZONE COMPETITION

Trials

TD *Hugh & Bruce*

I got started in dog training when Barbara Woodhouse came to visit our school back in Scotland many, many years back – that was before she became a superstar, a most impressive lady. When we moved to New Zealand I used that experience to train Westland's first SAR dog, Bruce Lee, a huntaway/GSD cross acquired from the SPCA. Bruce and I began competition tracking, and agility, in Australia three years ago under a very different set of rules, when we moved there to learn some more advanced tracking skills from Craig Murray of Brisbane. Craig travels the world training all kinds of scenting and scent-discriminating dogs. We have been competing in New Zealand working trials since our return here in mid 2006. Bruce may be the only dog to have swum the Tasman (the middle part of it anyway, accidentally!) when we returned by yacht from Cairns, cruising the Coral Sea and saving on air fares!

WD *Lisa & Zoom*

Zoom is a four and half year old heading dog, who loves tracking. We only manage to get out and about a few times per year, because we spend most of our weekends training and competing in agility. Zoom tracks with enthusiasm and gusto and I can often be seen at the other end of the tracking line running to catch up and secretly praying she is not taking me on a bunny hunt. We hope to represent the zone well and most importantly have some fun doing so.

UD *Glenys & Flirt*

Flirt is a 3-year-old heading bitch and this is her first NDTA trials team experience. She ran in her first UD trial in July in Christchurch and qualified UDX. She was a bit of a slow starter on the tracking front, but as we have gone on, our confidence in each other has grown, and now we both thoroughly enjoy our tracking partnership. For my part I previously ran Baldrick who was made up to WT Ch and before that was Skip who achieved one TDX before health issues caused him to retire.

Zone 5 Team Profiles

Agility

STARTERS *Carolyn & Latté*

Latté started off her life as a breed show Border Collie who was rather shy and knew nothing about agility. I first saw her and fell in love with her at a friend's house and she was later re-homed to me at 18 months of age. Since then her confidence in doing agility has increased amazingly as has her play drive. 21 months ago she had her first litter of puppies, three of which are now doing agility in Southland, Timaru and Christchurch. Latté loves nothing more than herding the other dogs at home, especially her favourite, Diesel, and swimming in the creek. Being such a pretty dog, she is rather spoiled at home with her own single bed to curl up on overnight. She can also be a rather demanding dog, raking your arm with her claws when she wants attention.

NOVICE *Rae & Kyte*

I am Rae Evans and my maxi dog Kyte is the Novice dog for Zone 5. I contract as an Animal Control Officer to the Gore District Council, a position I have enjoyed for 6 years. Kyte and I share a rags to riches story. One of my officers picked Kyte up in the rural area of Otama 4 years ago and after 3 weeks of trying to rehome him, he came to live with us. He has since been joined by two other collies, one a rehome, a black and white border collie called Lulu, and my beautiful 18 month young Bounce. Kyte loves to play Frisbee. It has taken Kyte and I three years to get our agility partnership together, but we now enjoy working as a team.

INTERMEDIATE *Anne & Pete*

Pete is a 5yr Border Collie Poodle cross whose big achievement at the start of this year was achieving Agility Grand Champion before his Auntie Kay-J. It is Pete's 3rd time in the team and Anne's 5th. Pete's managed to gain only one or two new phobias this year and the good news is if he's here competing now, the plane ride didn't kill him. Good luck to all the other dogs.

SENIOR *David & Jax*

Not supplied.

Obedience

SPECIAL BEGINNERS *Marie & Ralph*

Not supplied.

NOVICE *Gabriella & Espen*

Espen was an "unplanned" dog. A working addition to a collection of three keeshonden, a daughter and a compliant husband. The arrival of a second daughter has added further to the pack and somewhat curbed our ability to compete, but as the alpha female, I'm now able to leave my mate with the litter while Espen and I return to the ring.

TEST A *Glenyse & Flirt*

Flirt is a 3-year-old heading bitch and this is her first NDTA team experience. She is a multi-talented dog and as well as obedience she also enjoys agility, working trials and flygility. She lives at home with Baldrick, a veteran of NDTAs, and I hope he has passed on some tips on how to behave on an occasion such as this. Flirt is interesting and challenging to work with as she has a bit of a split personality. Sometimes she is sensitive and sweet and sometimes she has the attitude of a she wolf. Life with Flirt is never dull.

TEST B *Alicia & Jayme*

Jayme is a 2½-year-old Golden Retriever. She is owned by Alicia and Paul and their children. She also shares her home with a cat, horse and another goldy who is almost 17. She spends two days a week at a hair-dressing salon as the "greet and meet" where she is a great favourite. Her other passion is hunting out game with Paul during field trialling.

TEST C *Jo & Eli*

Graveleigh Smooth Mr Cool, "Eli", is a 6-year-old Golden Retriever owned by Jo Wakefield from Timaru. Jo is the President of the South Canterbury Dog Training Club, the co-ordinator of the club's domestic dog training classes and a club instructor. Eli is a dog who loves to please and perform and he often clowns around with retrieve toys. He will always find something for visitors to throw – he can keep them busy for ages! He loves water and will be in for a quick swim no matter what the temperature or weather. Eli is a great "smoocher" and has no trouble targeting someone for a pat and a cuddle. Eli shares his back yard and his outings with his friend Max, another Golden Retriever.

A little history of the National Dog Training Assembly

Queens birthday weekend in 1965 at a camp ground at Waitarere Beach near Levin, a few dog enthusiasts gathered together. Here a number of demonstrations were shown, tracking done, explanations of senior work, and the planning for Ray Adcock, the Zone 4 Rep; to run the first official National Obedience Assembly (NOA) which was to be held in Christchurch in 1966. It has been written of "the excitement as the overnight Ferry from Wellington inched into the wharf at Lyttleton where, waiting in anticipation, were the Zone 4 hosts ready to transport them to Christchurch."

Ray Adcock and his committee worked hard with the determination that would set a pattern for the future of Obedience. There was no need to book motels in those days as all that travelled were billeted out. The weekend programme started on Saturday with lectures and demonstrations for instructors and judges. And then an evening of obedience discussions.

Sunday saw the first Inter –Zone Competition which was won by Zone 4. Here an obedience display was carried out by local children and then a jumping display by local handlers and dogs.

Monday saw the only competition with a Companion Dog Test. Also an unofficial UD Trial without the Tracking, a tracking demonstration, and then the Buffet Farewell before those travelling to the north island were journeyed back to the ferry "Maori". Quote "What a fabulous weekend it had been."

In 1967 the NOA was held in Auckland with the same format as the previous year. It also included the first Official UD trial, with the first dog qualifying UDX.

1969 in Wellington saw Zone 3 include a Champion of Champions Obedience Test which was judged by Ces Goodwin. The scent pattern had four hot cloths among the sterile ones, and the cloth given to the dog was not of the same

material as the judge's cloth out in the ring. This caused the downfall of several top ranking dogs and led to great discussion particularly when a certain article on Dogs' Scenting Ability in a London University paper appeared in the November 1968 Gazette.

1969 NOA was hosted in Dunedin where UD was held on Saturday and a social evening that night. Obedience Champions only class was run on Sunday and an obedience discussion that evening. This was the first time the inter-zone competition was held on the Monday, a tradition that carried on for many years till 2003 where it was trialled to run on the Sunday to encourage supporters to cheer for their teams.

1970 Gisborne was the host. Here it was proposed by Eric Winter to change the name to National Dog Obedience Assembly. The new event for this year was the Zone Stewarding Contest in which each zone sent forward one Novice and one Test C steward to deal with display Novice and C tests.

In 1971 the assembly was back in Christchurch and where we saw the advance position in Test C being incorporated in the Heel exercise. Also the first competitive, as opposed to qualifying, UD trial was held and the competitive demonstration of Controlled Search which formed part of the future WD trial. The stewarding contest was incorporated with Test C open competition. Here a Cabaret was organised on the Saturday night, the first of the many themed functions that followed.

Auckland 1972 saw the champion status of all five tests introduced. They took the whole of Saturday to run. Entries totalled 159: with SB 23, Nov 42, A 46, B 25 C23. Sunday there was a Test A teams competition which included a Stewarding Contest, and CD & UD trials competition.

Companion Dog (CD) Utility Dog (UD) Trial was very much a discipline that has been part of this annual event from the beginning. Later on

Guess who!! A little clue in the obedience judges' profiles.

Working Dog (WD) Trials was officially included and would even at times replace the UD. The inter-zone team's event was not always contested because of lack of competitors in some years.

Officially the first competitive agility event introduced to NDOA was in 1980 at Napier. Rules were made on the spot and people invited to "have a go". The result was believed to be chaos; dogs being thrown into a tunnel, dragged by the lead over jumps, thus causing the NZKC to action and pass a regulation which decreed that any dog participating in Agility must have gained a CDX in Obedience. Also, the first four Judges, which included Margaret Murray and Chris van der Vegte had to have judged or competed in Working Trials. This ensured that they had a good understanding of how dogs could be expected to jump.

Ian and Lesley Gray were instrumental in getting agility off the ground. It wasn't till 1987 that the next competition was held at NDOA in Auckland. There was a massive 58 dogs entered in Starter Jumping and 52 in Open Jumping. The first inter-zones team's event included in these events, just add up 1 starter and 2 open scores. Not sure who won this and the first official record for the agility inter-zone teams event was in 1989 won by Zone 2.

Over the years the schedule of the NDOA events had gradually changed to accommodate both rising numbers of competitors and the demand on time to run all the disciplines over the three days.

Each year each Zone would try to better previous year's events.

To recognise the diversity of disciplines competitors were now competing in, another name change was proposed. So in 2000 the Labour weekend event was now to be known as National Dog Training Assembly.

Heelwork to Music made its debut at the Palmerston North event in 2003. This then started to replaced the Saturday night function as another form of competitive entertainment. And now over the last couple of years novelty events have starting to become a regular feature.

After 42 years 2008 will be the last NDTA as we know it. New geographical boundaries and disciplines now wanting to manage their own directions will see this annual event possibly change dramatically over the next few years. But never to be lost is the friendships and memories we have spanning that period and the growing of our individual sport in the future.
