Welcome

I would like to welcome everybody to Taupo for the National Dog Training Assembly 2010, I hope you all have had a safe trip, I know many have come a long way to enjoy the weekend and catch up and make new friends.

I would like to welcome all our Judges who have given up their time to come and Judge for us during the weekend, please remember they are here for the love of the sport and deserve to be respected for the job that they do so well.

A big thank you goes out to all the sponsors for the weekend that have supplied the ribbons, this has been a huge help and means we can put extra money into other areas of the Show, myself and the Show Committee appreciate your contribution.

Another area where I want say thank you in advance is to all the helpers, from the Zone 2 Clubs to the competitors who have pitched in to keep the Show going and making it a success as I know it will be.

Please remember to keep an eye on what is going on and if you are going to clash with rings talk to the call stewards who will do their best to make things work for everybody.

We have a fantastic venue this year thanks to some work behind the scenes from the Taupo Club, please respect this venue for what it is and try to leave it as we started so we can continue to use it in future years if needed. Also we will have public coming and going during the weekend so please be aware of where your dogs are and do not leave them unattended where something might happen.

On a final note I hope you enjoy your weekend, this is the highlight of the year for many of us and some of the best handler / dogs in the country will be here, but remember it's not all about how well you do !!, it's the friends you make and catch up with, it's about having fun with your dogs and enjoying the sport that we all love.

Welcome to Taupo, compete hard, enjoy the experience and good luck to you all !!!

Dyson Beasley
Agility Show Manager

Timetable Of Events

(All times noted below are ESTIMATES ONLY and classes may start earlier than quoted. All competitors are personally responsible for checking the progress for each class they have entered over the weekend.)

Friday 22nd October

7:00 am	Official Show Opening, Introducing the Judges Inter-Zone Team Judge Draw & House Rules for weekend.
7:45 am	All rings walking courses
8:00 am	AD & ADX Advanced, Jumpers B1 & Novice 1 Commences
11:00 am	Ring 1 Commences (Starters 1)
11:00 am	Ring 2 Commences (Jumpers C1)
11:30 am	Ring 4 Commences (Jumpers A1)
12:40 pm	Ring 3 Commences (Senior 1)
1:00 pm	Ring 4 Continues (Intermediate 1)
5:30 pm	Prize-giving

Saturday 23rd October

Photographer

After attending last years NDTA,(my first) I enjoyed it so much that when asked to attend this years I jumped at the opportunity. Such a variety of colour, events and competitors... and the dogs were interesting as well.

The photos will be available to view on computer screen and order can be taken by completing form, and downloaded on to disc at the end of day, or immediately if I am available to do so. Putting photos onto disc is more versatile than print as you can then get copies, enlargements, share with others, or get prints done cheaper than I can do as print ink is dearer than Rocket Fuel. Also disc are easier to store especially when camping.

Price yet to be confirmed but I am working on \$10.00 for single copy (including disc cover) and \$5.00 for additional prints.

Looking forward to the event and warm weather, (its been cool here in the south) and that fantastic Taupo hospitality. I will be up a day before the competition starts to familiarise myself with layout and organize setup. I have added pic, so lookout for my hat if you want to find me. Cheers! Warren.

Fouling

Please toilet your dog in the designated areas. Please use pick up after your dog and place in the bins provided around the venue.

Parking

The Parking will be clearly marked as to where you can go, there is plenty of room but will be your own responsibility that you park in a way that you do not block others in so they can get out if needed during the day.

Judges will have reserved parking which will also be clearly marked.

Camping

Camping is available at Taupo Canine Obedience Club grounds. They have agreed to accommodate camping for those who want to camp either in tents or in campers. The cost will be \$30 for the weekend and will be picked up on Saturday by somebody from Taupo Club walking around the sites.

There is no need to book just set up and pay when called upon during the weekend.

The club grounds are situated a couple of hundred metres back down Centennial Drive, on the right hand side, towards the Obedience Venue.

General

Please ensure that your dogs are kept on lead at ALL times unless they are competing.

There are to be NO dogs left tied up or unattended loose behind cars, trailers etc. We will have Public coming and going, so we want our dogs and the public safe to walk around.

We have been very lucky to obtain this venue, all Handlers MUST pick up after your dogs so we can leave the venue as it was when we arrived.

Agility Finals Qualification

To qualify for the Finals in Agility and Jumpers the following criteria will apply:

Agility: 2 x mini/micro, 3 x midi and 3 maxi dogs into the finals from each class = Maximum in final 32

Jumpers C/B: 4 x micro/mini, 6 x midi and 6 maxi dogs into the finals from each class = Maximum in final 32

Jumpers A: Top 5 from each class into the final = total in final 10 maximum

Note: If any dog that finishes up in qualifying places in more than 1 set of Agility or Jumpers class or classes, that qualifying spot will not roll down to the next dog.

This will mean that there will be less than 32 dogs in Agility / Jumpers B/C and 10 dogs in Jumpers A if this does happen.

Reason for this is that so all Finals will have the very best dogs within all the Finals. All heights will compete together for each class to end up with a overall Top Dog for each Class in addition to the awards (cash and sash) for each height.

Show Notices

Holding Rings

To ensure the weekend runs as smooth as possible, could all Handlers follow a few simple rules:

1. Once the dog before you starts to run the course, could you please remove your lead so once that dog finishes you are then ready to go.
2. Ensure all toys are out of the Ring
3. Dog Treats should be away from other dogs and not kept in plastic bags (Plastic containers are a safer option)
4. Once finished your run and before you leave the holding area, all handlers must put their dogs back on lead.

Course Walking

All heights (Maxi, Midi, Mini/Micro) will walk the course together at the same time before the commencement of all classes. These walkings may be split into two or more separate walkings dependant on numbers in the classes.

There will be a set time limit to walk the course, this will be enforced by the Ring Managers and it is the handler's responsibility to make sure you are there to walk your course at that time.

Ring Policies

It is the handler's responsibility to ensure that clashes do not occur, call stewards have been instructed to cooperate with handlers to re-schedule your run, but this must be done in a timely fashion.

Please report to the call steward at least five dogs before you are due to run. The call stewards have been instructed to have five dogs ready to run at all times.

If you are not present after the call steward has called your number three times you will be shifted to the end of the height class. Should you have not presented yourself at the final change in course height you will be scratched!

Judges will have breaks during the classes if they want to have a break at some point during the class. All judging breaks will be clearly marked on the running order outside the ring.

Results

Please advise the Show Manager / Show Secretary in writing of any change of handler before running. If you do not, clear round certificates will be printed as listed in the catalogue.

All prize giving's will be held at the end of each day's competition. Clear round certificates for those who are not placed will be available for collection at the completion of prize giving at the results tent.

General

Should your dog fault when running in competition please do not turn your run into a drawn out training session. If your time exceeds the Maximum Course Time, the buzzer will sound and you will be asked to leave the ring. If requested, please immediately proceed to the finish line where your lead is.

In case of any dispute, please refer this initially to the ring manager who will endeavour to resolve your problem, or refer you to the appropriate person.

There is a practice ring available for warming your dog up - there is no practicing in the competition rings.

Please remember it is your responsibility to clean up after your dog!

Agility Interclub Competition

The 2010 NDTA Interclub Agility Competition will be conducted in accordance with Agility Regulation 9.3.

The format will be as per Agility Regulations 9.3.1 and 9.3.3.3

Entry forms for the interclub competitions are available at the Agility NDTA Venue, up until Midday Saturday 23rd October. Completed forms can be returned to the Agility NDTA Venue prior to midday Saturday 23rd October.

1. **Number of teams:** All registered agility societies may enter a maximum of two teams
2. **Composition of Team:** Teams will comprise of three dogs and three handlers competing in three classes, with no more than two dogs eligible for the same classes in any one team.
3. **Classes for nominated dogs:** Club to nominate dogs for three classes out of Starters 3, Novice 3, Intermediate 3, or Senior 3.
4. **Scoring:** Each dog/handler will gain points as follows: 1st = 10 points, 2nd = 9 points, 3rd = 8 points, 4th = 7 points, 5th = 6 points, 6th = 5 points, 7th = 4 points, 8th = 3 points, 9th = 2 points, 10th = 1 point
5. **Winning Team:** The winning team will be the team that gains the most points. In the event of a tie on points the title is shared.
6. **Note:** All Teams must be entered no later than midday Saturday as Interclub will be run on the 3rd set of Agility on Sunday.

Judges Profiles

Heather Drewett (Kaiapoi)

I am honoured to be asked to judge this being the last joined NDTA, this will be my 14th NDTA in a row that I have been to and these to me are the best shows of all.

This is the second time I have judged at these amazing events and I would like to wish all competitors well.

I would like to thank the committee for all the hard work they have done into creating this event as I know there is a lot of work that goes into these shows.

May the sun shine and the prizes shared by many and Go Zone 9!!!

Beth Oliver (Waipawa, Central Hawkes Bay)

I am involved in agility with CHBDTC, being a Life Member and even though I don't compete with a dog at the moment, I am an Instructor and especially love to train the brand new handlers and Starter dogs. Seeing them run their first show and progress through the ranks is a real buzz.

I also enjoy judging and have been lucky enough to have a steady supply of contracts coming my way, which either means I'm ok or are far too cheap!! I like to present new challenges to handlers without the course being ugly and nothing pleases me more than watching a team nail a course the way I want it to be run. I am looking forward to the NDTA especially as it allows me to catch up with old mates that I haven't seen for a while.

On a more personal note, my second love in life is fishing; my partner Chris and I regularly holiday in the Coromandel and are always looking for that elusive 30lb Snapper. (As you can see by the picture we are not always successful!)

Chris and I have recently built our new home and in the process of filling in the blank canvas along with our four dogs, Bob, V, Fez and Smallest, two cats Mr Boots and Maddison and the cows, Black Ian, Wai Wai, and her calf. My work is as a Foreman on an orchard, I run the Spray Programme for the year as well as supervising Thinning and Harvest gangs. I really enjoy this work and am fortunate that it allows me to pursue my other interests. That about sums me up, I look forward to seeing you in the ring and may you have a great NDTA!

Paul Taylor (Silverstream, Wellington)

I've been involved with Agility in NZ since 1996, and on the senior judges panel for 6 years. I'm also currently serving on the NZ Agility Committee.

I run two dogs, Jade, a rescue kelpie/border cross who is nearing her retirement, and Comet, my younger red and white border collie.

Whilst I enjoy the competing side of agility, I equally enjoy training people and their dogs, and watching their team work develop, and the fun they have.

I really enjoy judging and strive to design courses that provide both challenge and flow. I'm honoured to be judging at the 2010 NDTA, and I trust you will enjoy my courses - designed in the sun whilst sailing on the South China Sea!

Martin Bush (Ohope)

I guess you could say I'm reasonably well known as a judge in the HZ1/HZ2 regions, I've had plenty of opportunities to judge there since taking up the reins a few years ago and it's been lots of fun...and yes, I have been "Down South" a couple of times and thoroughly enjoyed my time "down there" <VBG>

I started my agility career about 11 years ago with a Belgian Shepherd named Kelly and became more and more involved in agility in one form or another from there. In addition to running a dog, for a number of years I've been involved with training at club level and have been president of the Eastern Bay of Plenty Dog Obedience Club for a number of years now. My first term of president was around when George W was president of the United States so it was a bit of fun saying we had our own President Bush and First Lady. The name still sticks today but doesn't quite have the same impact.

I saw judging as a way of taking the sport to a new dimension for me and have thoroughly enjoyed the time and experience it has given me. To be asked to judge at such a prestigious event is the pinnacle of every judges career. To be asked to judge this early in my "limited" career is indeed an honor and I thank the organizing committee and those who voted for me for the experience.

I'm certain this year's NDTA will be as stunning as ever. The venue looks great and I'm certain it will provide all the amenities we need for an event of this magnitude. I wish you all good luck, enjoy your time here, enjoy catching up with friends from the other "Zones" and above all have a great time.

Martin Bush
AKA President Bush

Graeme Lawson (Kaiapoi)

Hi and welcome to NDTA 2010 at Taupo.

Thankyou to the organizing committee for inviting me to judge at this NDTA and good luck to everyone running my courses.

NDTA's have been a "what you do at Labour Weekend" for me, missing only 2 since 1991.

I have been involved in our sport of Agility since 1986 and some could say I am a bit of a dinosaur now I guess. It has been a big part of my life in that time and I have made many life time friendships, met some outstanding people and had a bundle of fun along the way.

I first became involved in the sport after turning up at the South Island German Shepherd League with my GSD Sam (the highlight of his career being his one and only clear round certificate under Irene Lock and being part of an Agility display at an International One Day cricket match lunch break at Lancaster park were he didn't disgrace me)

For the last eight years I have been part of the Waimakariri Dog Training Club, which enjoys a fantastic club spirit, and where we are lucky to have a number of inspirational instructors and several equally inspirational handlers that all share so much with the club.

It is at Waimak that I have enjoyed probably one of the most rewarding aspects of my Agility involvement, in being able to help a couple of others with our Waimak young guns, the kids and the future of the sport and to see some of them now, with their own dogs and as a result of their own hard work, taking it to some of us Dinosaurs.

While no superstar at our sport, I have got all my dogs (except that first one Sam) through to Senior and enjoyed putting them all on the starting line and the runs we have had all over the country.

I live in rural North Canterbury with my two Borders, Troy (4) and Rogue (6) and work in Christchurch City as a Policeman (hence enjoying the opportunity to spend weekends with good and normal people)

Away from Dog Agility and work I have a 450cc Yamaha trail bike and another cool bunch of mates that all enjoy exploring the Canterbury back blocks and High Country on dirt bikes then sharing a beer or two and a few laughs afterwards.

I have been on the Agility Judges Panel since 1995 and have enjoyed every moment of it, especially being able to watch handlers analyse a course then go out and attack it.

Have fun out there this weekend and to cap an old dirt bikers phrase, give it heaps.

Keri Neilson (Hamilton)

I have been involved with dog agility since 2001 when I joined the Waikato Agility Group with my ridgeback cross "Jessie". I was soon hooked on the sport and over the last nine years have also competed with my border terrier "Hebe", heading dog "Jody" and currently with my 5 year old border collie "Rain". I love competing and spending weekends catching up with the great friends that I have made in the sport from all over the country. I regularly instruct at WAG and get a lot of satisfaction from seeing new combinations coming through the grades. I joined the agility judges panel in 2009 and am equally enjoying this aspect of the sport. My aim is to set courses where good handling rather than luck will give the competitors an advantage.

This will be the ninth consecutive NDTA that I have attended and it is a huge honour to have been invited to judge. I believe that the standard of agility in NZ is now very high and I am looking forward to a weekend of exciting competition. I am always amazed by the

incredible effort our dogs make to work for us and so most of all I look forward to seeing handlers who are happy with their dogs regardless of the result.

Libby Ellery (Fielding)

Hi I'm Libby and I'm from Feilding in the Manawatu where the sun always shines. ☺ I live on a small farmlet with my family of Wayne, Jazman & Shaun, & various animals including 6 dogs, 1.5 horses, bantams, a ferret, tortoises, turtles, 3 real sheep and 1 dependant couch potato lamb. I've been involved in agility and obedience both as a competitor and judge for many years. I joined Feilding Dog Training Club approximately 20 years ago with a Border Collie X – but I definitely didn't want to compete, I just wanted to have fun! That soon changed and I look back now and am thankful I've been a part of the best dog sport there is and out

of that have had the opportunity of making friends with some amazing people around NZ.

I've judged at the Nationals and NDTA several times now and am very honoured to be doing it again. I'm really looking forward to Taupo NDTA, seeing some fantastic runs by some of the best dog & handler combinations in our country!

Roy Thorndycraft (Dunedin)

I first became involved with Agility in 1997 through supporting my wife, Ruth, at shows and club. It wasn't long before I was tempted to get involved myself as a competitor. I currently run 9 year old Bran, who is finally settling down and becoming almost consistent with more clear rounds this year than in the previous seven years. Up and coming (when I find the time to do some training) is Sto - an SPCA special of dubious origin, but awesome laid back nature.

I became an Agility Judge in 2002 and joined the Senior Judges panel in 2005.

In 2002 I also had the honour of being elected as the Zone 5 Rep. to the Dog Training Committee. Having served on the DTC for 3yrs which included overseeing the 2004 Timaru NDTA I decided to step aside.

My escape from administration was short lived as I was soon co opted on to the NZ Agility Working Group. Although my contribution

was probably less than others in the group I am proud to having been part of the planning that saw a much greater recognition of Agility by the NZKC Executive Council and the creation of the NZ Agility Committee giving the Agility fraternity greater control over it's future. When the NZ Agility Committee structure was created I successfully stood in the election. Having served my two year term I decided it was time someone else stepped up so did not stand for re-election.

In 2006 I was to be asked to judge at the Christchurch NDTA. I felt extremely honoured to be asked and accepted without hesitation.

After show managing the 2004 Timaru NDTA Agility I said that NDTA stood for "never doing that again", yet somehow I failed to duck quickly enough when the 2009 Dunedin NDTA needed a Chairperson. This was a challenging time with Agility and Obedience under different financial structures. My thanks to all those who helped us from throughout NZ.

Likes:

Watching handlers and dogs succeed.

Seeing handlers identify the best way to attack my courses and not just get round.

The course design process to present appropriate challenges to handlers.

The social side of the sport

The great hospitality shown by most clubs

Dislikes:

Handlers who take their dogs back more than one obstacle to correct a mistake. (repeatedly). Competition is not the time for training.

Courses that are designed for handlers to fail.

Being kept waiting while handlers faff around getting to the line. (especially if it's raining)

Clubs that forget that I judge best on lots of strong tea (no sugar with just a dash of milk).

Finally I would like to thank the NDTA committee for contracting me to judge and wish them and the competitors a successful show.

Agility Inter-Zone Team Profiles

• Zone 1

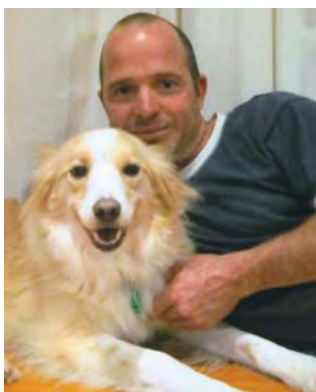

Starters Dog: Heather Warren & Jazz

A 'home needed' add was posted on the agility group just over 18 months ago – assumed to be heading or hunterway cross, about a year old, stuck in the pound for over 5 weeks – poor thing I thought. Then I saw her at a Norwest show, where she waited patiently in a crate for the day whilst her fosterer helped with the show – poor thing I thought. No-one seemed to be showing any interest in her – poor thing I thought. So I adopted her.

Five months later in September, we entered our first ribbon trial at Mangawhai where she won Elementary. We belong to Counties DTC and compete regularly together with Griff my first agility dog. Jazz lives with Griff, Cleo (a non-agility dog), 3 cats, donkeys and sheep.

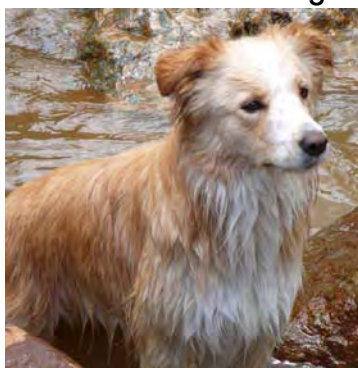

Novice Dog: Craig Owen & Brooke

Agility started as my wife's answer to being a rugby widow with our black lab, our first border collie Brooke arrived and looked very promising. Always a sucker for a pretty blonde I quickly took over Brooke's training and even gave up playing and Refereeing Rugby to compete in Agility.

Agility has even become (on occasion) more important than fishing competitions ! I am now trying to compete for my wife's new border collie, however this proving slightly more challenging as my wife has told me she will not become an Agility widow.

Intermediate Dog: Shirley Hall & Mac

After a life time with horses I received a freebie Golden Retriever/Border Collie cross pup who I decided to do Agility with commonly known as Scotty. Thanks to that pup I am well and truly hooked on Agility and have been competing for 8.5 years. Mac is my third dog.

Protects while it nourishes

Senior Dog: Elaine Rohde & Flare

Flare is a seven year old red and white border collie bred by John & Raewyn Muir. Flare has a mischievous nature and likes to steal articles from the training bag or my pockets. She takes delight in being the centre of attention and has been known to sit in the middle of the ring with a toy in her mouth waiting for someone to chase her. She also loves brushes and brooms but her favourite past time is rolling in cow sh?? where she comes out green and gold. Our best achievement was gaining our last obedience challenge making Flare up to the 3rd dual Agility/Obedience champion and the only mother/daughter combination to do so.

• Zone 2

Starters Dog: Ross MacBeth & Count

I am a farmer and Animal Pregnancy Tester and have had a team of working dogs pretty much all my life, I breed my own dogs. After giving up shearing, Rugby and Horses (the ground got to bloody hard) I needed a sport so got coned into giving Agility a go with Cruzz, my wife's Border Collie who taught me a totally different side to working dogs. Cruzz was 1 challenge away from AgCh before retiring him. Tukuman is also 1 challenge away from Ag Ch. Made Iceman up to AgCh. And at 12yrs is still working and running Agility. The Witch ADX Gold is my main deer mustering dog. Count is an Witch/Ice off spring as is Quick from the zone 3 team dog.

Novice Dog: Debbie McFarlane & Thanx

I have been doing agility for approximately 7 years, starting with my husbands labrador "Sandy". I have since had the greatest accomplishment of making my second agility dog "Pleze" into an Agility Champion last year and getting into A Grade Jumpers. I enjoy the challenges of teaching agility, training, competing and not to forget socialising. Thanx, also known as "Ohutu Jess Night Flower, cheeky little monkey and flying little squirrel is a 2 ½ year old border collie whom has been such a pleasure to

train, always giving 100%. She loves agility but has recently taken up stalking rabbit holes on the farm. She has recently won Top Dog at WAG and received 5 wins at New Plymouth in Starters/ Novice. Thanx would like to follow the foot steps of her best buddy "Pleze" as an Agility Champion.

Intermediate Dog: Daryl Hogg & Eye C

Eye C is a four year old “blonde” border collie who will do anything for food (including agility) – that is why you will often see her drooling in the ring -anticipating the contents of her treat container waiting for her outside the ring. Eye C was made up to agility champion at the beginning of the year and is now competing in A Grade jumpers. She is my fourth agility dog. I have been a member of Hawke’s Bay Dog Training Club for 24 years and have been a committee member for the majority of these years. I enjoy instructing competition level classes at our club and am currently the our clubs agility

co-ordinator. This is Eye C’s second time representing historic zone 2 in intermediate agility.

Senior Dog: Chelsea Marriner & Quest

Quest has been in the Zone 2 team several times before. She is a multi talented dog who won Wonder Dogs, performed at Christmas in the Park, made it to the final of *New Zealand’s Got Talent* and featured on *What Now*. She is one of the youngest dogs to be made up to Agility Grand Champion, has over 70 agility challenge certificates and 2 jumpers challenge certificates. Quest is a magic little dog who people just love, and she knows it! She pulls mean smiles, and if that doesn’t work, then a subtle tail-wag and cute look usually has the desired effect. She works stock as well and has some pretty neat tricks. At home she is very useful and will fetch a coke from the cupboard and a beer from the fridge on command. She also puts the toilet seat down and gets tissues when you sneeze. One of her favourite pastimes is to watch herself on TV, though her most loved hobby would have to be coming with me and the rest of the team – Bree, Flash, Spy, Shift, Ike, Cloud and Legend – when I go for a ride on the dirt bike. She would dearly love to attach herself to the front wheel but this has been discouraged in the interests of her own safety.... Chelsea has already bent the handlebars on one of the

bikes (being wreckless) and run over a couple of the dogs, so would prefer to ride safe for a while. As for Chelsea, she is 19 and a ~~typical teenage girl~~ motohead! In between training and playing with the dogs, she can be found riding her dirt bike, or dreaming about motocross, FMX or utes/minitrucks and done up Hiaces. She wears either gumboots or motocross boots and, contrary to popular belief, does not own a wardrobe full of skirts and dresses. She finds them just too impractical for executing the RFPs and diagonal line front crosses in. She has concentrated on dogs just long enough to qualify a Flygility Grand Champion, three Flygility Champions (two of whom are very close to Grand and another who is close to Champ), two Agility Grand Champions, three Agility Champions (two of whom are very close to Grand as well, and another who is close to Champ) and has four dogs in the top grade of Jumpers. In May this year, she took a short plane ride to North Somerset in England for the IFCS World Champs, had a few quick training sessions with Dave Jolly’s dog Moss and handled him around the individual jumping to first place and the Gold medal, just to prove that a New Zealander can spend 3 days working someone else’s dog and then beat the world’s best handlers with him! Chelsea does a bit of sheepdog trialing as well, though is yet to find that guy with a ute (metallic black, suicide cab late model Courier, with 18” deepdish Advanti chrome mags and airbag suspension), a dirt bike (YZ250F or KXF250) and a station with plenty of sheep to train her dogs on. Watch this space.....

*All information in this biography is non-fictional and the author takes no responsibility.

The very best of luck to everyone competing, may the best Zone win, and be proud of your dog’s efforts knowing that they have done their best!

• Zone 3

Starters Dog: Kevin Burnette & Jig

Here's a little black dog named Jig
She's quite small - not very big
Although it's early in her career
She's in the agility team this year
And now Kev finds himself here at this gig

Oh Shit

...

Novice Dog: Sandra Mohekey and Niko

I was born on ANZAC Day 2007 on a farm near Eketahuna and moved to Palmerston North when I was 7 weeks old. As genuine farm boy, I have never put on airs and am happy to mix with everyone – even poodles - and I've never had a bad hair day. I went to my first agility show at 8 weeks old and have been involved in agility ever since. On my first day in the competition ring I won an NAC Starters qualifier and representing Zone 3 in the final round in 2009 is one of my proudest moments. This is another proud moment for me and I plan to put all my best feet forward – and back and up and down... depending on the course. My companion

human is considerably older than me and has been involved in agility for a long time in dog years. Since teaming up with me she has improved her agility skills; she is still not very obedient but I am sure she will also try her best.

Intermediate Dog: Jenny Benson & Shade

Hi my name is Jenny Benson and I live in Wanganui together with my husband and family, on our farm. We have several dogs most of which are working dogs but we also race greyhounds as well. I started doing agility several years ago with my first dog, a border collie and have had a few since then, all good dogs and I have great memories of them all. Shade is a station-bred heading dog and was gifted to me by a friend as a pup. She is a top stock working dog and I have the greatest pleasure in working with her most days whether it being bringing in cows for milking, penning calves, mustering or agility training oh yes and not forgetting rounding up wild goats her favourite.. She does it all with a passion and I adore her and am looking forward to representing Zone 3 at this years NDTA with my girl

Senior Dog: Peter de Wit & Quick

Quick is an amazing dog and it is an absolute pleasure to run her in agility. She is very, very fast and to run with her in agility feels a bit like driving a sports car without brakes. She loves to run, jump and chase a ball of any type. She also loves the clam shell paddling pool to cool off between just about every run at training, such is the effort she puts into training. A natural swimmer, when we go to the river she makes her way to the middle, points herself upstream and paddles away for ages. No doubt, we will spend some time at the lake during the NDTA. In April this year, with Mel's Bailey, she produced a litter of 8 lovely puppies and has returned to the agility ring firing on all cylinders.

• Zone 4

Starters Dog: Roselle Bremmers & Quiz

I have just returned to agility after a break of 5 years. I represented Zone 4 in Taupo in 2000 with my border collie Klassic Kelly. Quiz came into my life in January 2009, shortly after Kelly passed away. Quiz started competing at 19 months and her consistent approach to agility earned her a place in this years team. She still has a lot to learn but I have enjoyed watching her confidence grow and her speed improve. She enjoys swimming and loves running beside the mountain bike. Quiz has a lovely temperament and is an honest dog who tries hard to please. I am thoroughly enjoying sharing my life with her.

Novice Dog: Heather Broomhall & Zeta

Hi, I'm Heather Broomhall and I am a member of the Mid-Canterbury Club. I have been doing this sport for about 15 years now, which I have enjoyed. Zeta is a 3 year old BC and one look at her, and you will understand how she got her name. She's very different to my other two BC's, Taz (Agility Grand Champ) and DJ (Agility Champ - not far away from Grand), and such a challenge each time we compete. She's been described as being "crazy" a bit like her owner! LOL. Zeta has one speed..... F for fast. This is probably why she's broken 58 weave poles so far around the various clubs. I can't fault her focus on the job as she just continues doing what she loves..... Agility!!!

We'll be going all out in the teams event and wish everyone the best of luck at NDTA 2010.

Intermediate Dog: Natasha Neame & Tricot

Hi I'm Tash. I'm from the small but awesome Blenheim canine training club. I've been competing in this great sport for about 8yrs with a variety of different breeds. Who have all been so different, with their own styles, which has been a great challenge to run. Shade ADXB (cocker spaniel), Tikeila ADXB & Ice (Gordon setters), Bella (beagle) Nics, GSDs, Vayda & Speed on occasion & Tricot who is still teaching me so much. She is a 5yr old tri-coloured heading dog x. She came to live with me as a 2yr old. Tri is a absolutely wicked partner to have on & off the agility course. she lives for her work, & gives it everything, always with this infectious smile on her face. Tri was the winning novice team

dog at the 2008 ndta. She was also the 3rd south island dog to win into jumpers A. And she has just been made up to Ag Champion. All the best to everyone, there are so many awesome teams on show. Have fun, and go hard.

Senior Dog: Lisa Duff & Zoom

This is our fourth consecutive year representing Zone Four in the NDTA teams event. Zoom is a six and a half year old NZ heading dog who loves her agility. She has many great achievements under her belt and we are currently working towards our ultimate goal of 100 senior challenges. Zoom first and foremost is the most loyal, committed and dedicated dog that you could ever wish to own. She is always by my side and comes in extremely handy on our lifestyle block, whether she is moving stock, collecting items around the place (her favourite game), keeping an eye on the cat or making sure the rest of the

pack are towing the line. We look forward to representing Zone Four proudly again this year and we will certainly try our very best!

• Zone 5

Starters Dog: David Cook & Dot

Dot (the weasel) is a 4yr Tri BC bitch bred from the Ohutu Kennels and after being re-homed moved to the McCabes down south. She is a very sweet willing little dog who hasn't really had much time in agility after starting late and taking time out to have two litters of puppies to my boy Jax (AgGrCh Kaeanda Blue Skys The Limit) . We have kept a pup from each litter so look forward to running them later on. My most memorable achievement in agility would have been achieving my first grand champion with my dog Meja, a GSP that I bred. Anyone who has trained a gundog in agility will know what a thrill this would be. This is David's 4th time running for Zone 5 but a first for running at starters level. Go Zone 5

Novice Dog: Rose Lock & Blitz

Hi. My name is Blitz. I have just turned 3 years old. I am part border collie, part heading dog with a wee bit of Siberian husky thrown in there for good measure! I was bred by Nicky Rutherford and my mum's name is Rose. I have two sisters doing agility and I try hard to live up to their high standards. You may know Ella, or HRH the Princess Ella as she is known south of the Bombays. She was in the team last time NDTA was held in Taupo and she lets me know her name is on that log of wood. She is semi-retired. My sister is Cheyenne – she can also be known as the devil dog down our way. She's a bit special in our family. She also does obedience, Rally and sometimes dances. She has a lot of letters after her name! So you can see I have a lot to live up to but I'm the tallest by far! My mum says I'm a great dog who is easy to live with and fun to train (Well, anyone would be after Cheyenne, I said). I love life and agility - to be able to run and jump and have lots of fun is just a bonus. I hope I do HZ5 proud. Go Zone 5, the wonders from down under.

Blitz

Intermediate Dog: Anne Bevin & Kay

Anne is 31yrs and has been competing in agility for over 10 years, this being her 7th time representing Zone 5 in agility. She lives with her partner David Cook, 10 dogs, 1 brave cat, 1 annoying bird (how long do they live anyway) 1 horse and a drunken flatmate who hopefully doesn't burn our house down while we are gone.

Kay is an 8 1/2 yr freakish white BC bitch who earned the nickname the great white shark in her younger days but has mostly mellowed as she has gotten older. Kay was my first BC after running my Labrador and my only aim at the time was to gain Agility Champion with her. She surprised me by becoming a lot more consistent as we gained more experience and both her and her nephew Pete are just a couple of challenges off 50. Much to her disgust the two new pups introduced into the household in the last 18 months certainly have big shoes to fill. Go Zone 5!

Senior Dog: Sallie Remon & Gem

Firstly, thank you so much to Gem's owner and trainer, Vicky Fox, for allowing me to trial with Gem for the Zone 5 team and take her to NDTA. When Vicky found she wasn't able to travel to NDTA this year, she suggested I run Gem in the trials and we were fortunate enough to make the team as the Senior dog despite my tearing my calf muscle at the last trial show! Gem was the Intermediate dog in the winning Zone 5 team at last years NDTA with Vicky. She is a truly awesome dog and it is an honour to run her. Vicky has trained Gem's contacts and lead outs to perfection and despite being handled by thirteen different handlers in the World Cup trials, this

consistency has never wavered. Although I don't own Gem, I have trained Vicky with her since they started in Agility so I've got to know her pretty well. I look forward to helping Zone 5 retain the trophy and bring it back home. Good luck to everyone competing, especially to all those Zone 5's making the big trip north.

Obedience Inter-Region Team Profiles

- Northern Region

Sashes Proudly Sponsored by CCG Industries Ltd

Special Beginners 1: Dannie Cameron & Millie

Millie is a two year old tri coloured Border Collie and has been working with Dannie as an obedience team since February this year. She is actually Dannie's husbands' agility dog, which she borrowed for one weekend after Dannie discovered she was still eligible for Special Beginners.

What she loves most about Millie is her attitude, it doesn't matter to her if she is walking or sitting while glued to my leg, or running at full speed around an agility course, she always tries so hard always giving of her best and is happy from tip to tail.

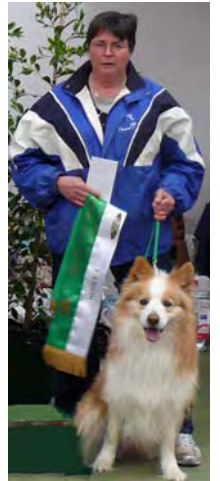

Special Beginners 2: Cecilia van Veslen & Buddy

Buddy has been bred by Catherine Tyler from Katikati. He came to Cecilia when he was 9 weeks old. Buddy is her first dog, and it has been both exciting and a challenge to see him growing up. Over time he learned not to chew the gearstick and communication equipment in her veterinary ute, and now joins her wherever she goes. They love tramping in the bush, and spend time training for agility and obedience. One day they hope to follow one of Buddy's grandfathers in his footsteps to become Obedience Champion!

Novice 1: Sharon Kelly & TJ

TJ is my handsome red and white 6 year old border collie. TJ integrates well with all the Samoyeds, border collies and British bulldog within Kelljass Kennels. He has sired three litters producing beautiful, good mannered Border collie puppies. TJ is an active dog who enjoys his farm life as well as being with me making a great obedience partnership.

Novice 2: Lee Gradwell & Dawn

Lee Gradwell and Ch Kalmara Delta Dawn CDX. "Dawn" is a 4 year old Rhodesian Ridgeback and is the third Ridgeback that Lee has done obedience with, though the previous two were in the 80's and 90's. Lee took a break from obedience when he retired his 2nd dog, and coached soccer for 12 years. Upon reentering obedience upon acquiring Dawn, Lee found that the method of training had completely changed so he was virtually starting from scratch, and its only recently that things are starting to gel. Dawn is a breed champion and when not in the conformation or obedience ring she can be found chasing artificial lures with other sight hounds during Field Coursing

Trials. These two recently attended their first UD field trial exercise, as this is another aspect Lee would like to introduce Dawn to.

Test A 1: Maree Green & Ted

Ted is four year old border collie. He is the first dog I have trained and he is the light of my life. I am very lucky to be able to spend my days with Ted working on our farm in Kumeu. Working outside on the farm with me ensures his sanity making him a very calm dog at night in front of the fire. Ted was the 'winning' special beginners inter-zone dog in 2008. Ted and I credit Norwest dog training club for our amazing success in the last 2 1/2 years we have been playing this game.

Test A 2: Maree Hanekom & Fusion

Maree has been competing in obedience for nearly 5 years; following the family tradition – her step brother, father & step mother have all been competing for quite some time. Heidesa Fusion of Blue (commonly known as Foo) is a two year old border collie who enjoys life to its fullest. He is the eternal optimist and his quirky nature never fails to illicit a smile. He was recently found in the spare bed with the covers pulled up, head resting on the pillow, sound asleep. Foo tries his heart out to please and to get things right and is a constant source of humour and fun to his family

Test B 1: Jan Corles & Onyx

Onyx is a 4 year old border collie, who lives in a household with two other very mischievous dogs. Knowing this, it would be expected that Onny would pick up bad habits but it appears that Onny is his own dog, as he has developed into a very easy dog to live with, and he is always keen to please. (he could have given the teenage kids in the household a few lessons) He works with enthusiasm, just throwing Jan the occasional curveball to keep her on her toes and guessing. Jan never has a problem recognizing Onny in a line up of stays, if the big white ruff doesn't get her attention, the flying nun ears or the lolling tongue always set him apart. Onyx is a real character and a true gentle man, Jan feels the sun must have been shining for her, the day she brought him home.

Test B 2: Joanne Turner & Cody

I've been involved in the dog world since the early 90's and Cody is my third dog, the first I've had from a puppy. He was almost renamed Houdini for his skill at escaping crates & puppy pens. We enjoy obedience, tracking and agility. We wish everyone the best of luck at the NDTA.

Test C 1: Jenni Hirst & Castor

Castor is a 7 ½ year old Golden Retriever and is a dual Champion, holding his show title as well as his obedience title. He lives in Kaukapakapa with his family of humans, cats and another goldie. Known as WhingeBob for a dreadful tendency to whine/yodel - he has a beautiful (but quirky) nature and makes friends wherever he goes. He is the most incredibly loyal, honest dog, who has made his way up the ranks to Test C in spite of his owner and his tendency to think too much for himself. Castor owns and trains Jenni.

Test C 2: Karen Browning & Venus

Karen and Venus belong to the North Shore Dog Training Club. This is certainly a privilege for us to be representing the Northern Region at this year's NDTA. My little Venus is such a sweet girl. She has tons of enthusiasm and has an awesome working attitude. She just loves to please me. Venus has taken me to the dizzying heights of Obedience Champion of which I am so very proud. Better known as "Mini Mouse" at home, we live in rural Albany with my husband Ray and youngest daughter Lauren, 5 other dogs and numerous farm animals. A special mention must go out to Albert Pearl for breeding such a wonderful litter. Venus is my "Once in a lifetime dog" and I love her to bits. Good luck to all competing today. Enjoy the experience.

• Central Region

Sashes Proudly Sponsored by CTF Carriers

Special Beginners 1: Stephanie Poor & Meggy

After an accident 3 years ago, I was not sure what my level of mobility would be. Two years ago I got Meggy (Bailey von Zorcha) and with the help and patience from my trainer, Rosemary Cleator, I have achieved what I thought was impossible. Meggy is a joy to work with.

I am thrilled to be part of the Regional Team.

Special Beginners 2: Jenny Dickinson and Darby

Darby is a border collie who was born in March 2009. She still has a lot of "puppy" in her nature, sometimes at the least appropriate moments! Having always admired the way Darby's mother, Neisha worked it was a long wait for Neisha to have her second litter and training to start. Jenny started competing with Darby in March 2010 and has been hooked ever since.

Jenny is a member of the Upper Hutt Dog Training Club and would like to thank the club for their support through the trials process.

All the best to everyone competing!

Novice 1: Sharon Hastings and Walt

Walt and I were agility folk, but I had an issue with control (he was a maniac) so I thought maybe Obedience would help. One Tuesday night while I was trying to work Walt, a new comer to the club approached me and gave me a few tips. That person was Karen Sadler, and here we are still doing obedience. Once out of Specials my aim was to get higher than 93 in Novice, well we have done that, we have got as high as 99.5. I never thought we would be good enough for a team, but thanks guys for having faith in us; we will try not to let you down.

Novice 2: Sheryl Lyall and Brodie

Brodie is a 5 year old Golden Retriever, who is my first obedience dog and has at times been a challenge. He has a great nature and is an awesome dog. We are very pleased to have made it into the team and hope to make the region proud.

Test A 1: Sue Richardson and Prospa

Sue and Prospa are also pleased to be representing the Central Region in Test A this year. This is Prospa's first year in the teams event. She is 1 1/2 years old and she loves to do obedience and is also very keen on her trials training. As long as she has a job to do she is happy. Prospa is competing in Test A and B and gets in the line-up quite often. She is a joy to work.

Test A 2: Karen Groombridge and Sam

Sammy spaniel was an impulse purchase from animates when we had run out of dogs at home. He is my first obedience dog and has put up with many of my errors as we have learnt together. At times we think he is part Afghan - he is full of life and truly mad on occasion, but loads of fun and as he has already won test A. I guess he knows what he is doing.

Test B 1: Jenny Rutherford and Visa

Jenny commenced obedience in 1991 with a little heading dog called Billy which she progressed through to test C. Visa was born in Australia in 2004. She was named Visa because she was to come to New Zealand on a "working visa". Visa is a breed champion and has had one litter of 8 puppies. Three of these puppies are already breed champions and one is working in obedience.

Visa has a very good nature and is the kindest dog Jenny has owned to date. Jenny would like to wish all her fellow competitors in the teams event good luck

Test B 2: Jo Scott and Dickens

Thanks to Fiona Goodall for breeding Dickens just over four years ago. He is a very cool dog with only a few Border Collie side issues! He tends to howl at certain music ... not sure whether he is disagreeing with my song choice or fancies himself as a Robbie Williams wannabe...!!!

Let's hope he can hit all the right notes today!!!

Test C 1: Kenn Windley and Scotty

Kenn and Scotty are pleased to be representing the Central Region in Test C this year. Last year they won Test A in the Mosgiel teams event and plan to be as successful again this year. Scotty turned 3 years old in April. He has been a good little worker for Kenn for the last 2 1/2 years winning lots of ribbons for Kenn to hang on the wall. Kenn says Scotty is wonderful.

Test C 2: Lorraine Lennox and Veesa

Vis A Vis is pronounced "Veas a Vee" this means "Face To Face" in French, which we do when working. Veesa was born on April Fools day, but has certainly proved that she is no fool, by gaining Obedience Champion at age three and Obedience Grand Champion at age five. Veesa is now eight and loves to work, swim, play ball and also participates in agility with a passion. She has been a steady worker and a delight to watch. I am very proud to represent Central Region, since Hawkes Bay was previously in Zone 2, but we have always competed mostly in this region and have had great support from fellow competitors in this area. I have been a very active member and instructor of Hawkes Bay Dog Training Club for 18 years. Both Veesa and myself will do our best for our Region and wish all other competitors the best of luck.

• Southern Region

Sashes Proudly Sponsored by Lifestyle Block

Special Beginners 1: Julie Donovan & Max

"Hi", my name is Julie Donovan and I am from Rangiora, Christchurch. I belong to the Christchurch Dog Training Club where I attended my first Championship Show in April this year. Ever since then my dog "Max" and I have been hooked into competition obedience. "Max" is a 3year old Pointer X who comes all the way from Ranfurly in the Maniototo. This is our first trip up North together and we are proud to represent the Southern Region in Special Beginners.

Special Beginners 2: Kerry Remon & Alaska

This is mine and Alaska's first time in a regional team at NDTA. My Mum bred Alaska but she had two homes before we had her back to live with us at the beginning of this year. Alaska and I had our first Obedience competition in Timaru about 2 months ago and did pretty well considering it was our first time. I do nearly everything with Alaska and love taking her to Obedience and Agility shows where we love to do tricks and obedience practice around the ring ropes to get her more confident in the ring. Alaska and I have come really far but still have a long way to go and being in the Southern Region team has motivated me to go further and to work hard. I think that Alaska and I have a great bond with each other and she always tries her hardest but most of the time its just me that gets it wrong. Alaska is just such a sweet heart and she's just so cool to be around all the time.

Novice 1: Roxanne Ramsey & Bailie

Bailie is a 4 year old Shetland Sheepdog (Sheltie). We train with Tevra Dog Training in Christchurch and have been competing in obedience for one and a half years. Bailie is a pleasure to train and I really enjoy the challenge that competitive obedience provides, the people who I train with and the bond I have developed with Bailie through our training. This is our second NDTA competition but our first time in the team event. We are very proud to have been selected for the team and look forward to representing the Southern Region. Good luck to everyone competing this year.

Novice 2: Heather Lauper & Bailey

My name is Heather Lauper and my special four legged friend and constant companion is Bailey. We belong to the Selwyn Dog training club, Southern Golden Retriever Club and Terva Dog Training. We are still a relatively new combination to the obedience circuit and are thoroughly enjoying the spirit, friendship and support of fellow competitors. We are very honoured to of been selected to represent the Southern Region for the second year.

Test A 1: Margaret van Oosten & Ester

My name is Esther and my Mum, Margaret van Oosten, and I are very excited to be chosen to represent the Southern Region for Test A at this year's NDTA. I am 2 years old and I reckon I am a very cute sheltie. My friends call me Worzel Gummidge but I don't mind as it means that I don't have to compete in the breed ring. I am much too smart for that. I live with my 2 sheltie brothers, Timmy and Banjo and my little sister, Harriet. Banjo finally got his act together and is now a big Test C dog. Harriet is being shown the fundamentals of obedience but she is not as clever as me as she is an Aussie sheltie. Mum belongs to Christchurch Dog Training Club but most of our training is done with Grandma Janice (Kirk) of Tevra Dog Training.

Test A 2: Janine Johnson & Ruby

Ruby is a 2-year-old border collie bred by Paula Holmes and Toni Smillie. She has been competing for just over a year and is proving to be a super young dog. She lives with me and my husband David plus our two other border collies and three horses, just south of Christchurch. I am a founding member and President of Selwyn Dog Training Club. Over the past 15 years I have competed in obedience, agility and working trials.

This is my first time in the teams event at an NDTA and I am proud to be representing the Southern Region

Test B 1: Joanne Donachie & Chloe

Chloe is a 5 1/2 yr old Golden Retriever. This is the second time we have represented the Southern Region having been the Test A dog in 2009. I have another Golden Retriever called Shiraz who is also working in Test B. Good Luck to everyone and enjoy yourselves.

Test B 2: Sallie Remon & Tyke

This is Tyke's 3rd time in a regional team at NDTA; He was the Novice dog in 2006 in Christchurch and the Test B dog in 2007 in Auckland for Zone 5. In July 2008 Tyke suffered a major injury when he jumped a stock fence and got his leg tangled in it. He ruptured every ligament and tendon around his knee, blew the joint capsule and the cartilage. I was recommended to have his leg amputated but after some persuasion, the fantastic Vets at Vet specs in Christchurch operated on him for seven hours and saved his leg. This was only the start; it took another year of rehabilitation before he was sound and able to start to do normal dog things again. I still can't believe when he runs on the beach and dives through the waves that this ever happened and to be able to compete in obedience with Tyke again is just an added bonus. Tyke lives to work, whether it's doing obedience or rounding up the alpacas or the cats or just doing anything for me, he's happy. Unfortunately in the ring, he is usually let down by his over-exuberance, always giving 100% of himself. Good luck to all those representing their regions this year, especially my daughter, Kerry. I hope your dogs all have as much fun as Tyke will. Go Southern Region!

Test C 1: Robby Brown & Willow

I am pleased to be representing The Southern Region for this years NDTA with Willow my Border Collie. Willow is 3 1/2yrs young and in that time has represented the zone on 3 occasions. She is a great wee dog and has the willingness to please. I would like to wish all competitors well. Go the Southern Region (Now That's What I'm Talking About).

Test C 2: Carol Lavery & Morgan

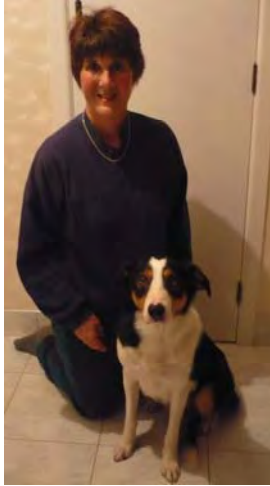

We are again pleased to represent the Southern Region on the fourth occasion, at the 2010 N.D.T.A. at Taupo. Since the last N.D.T.A. Morgan has achieved his 'Grand' Title and C.D.X Silver & Gold, and we have enjoyed enormous support from all those around us. We trust that we can do justice to the faith shown in us, by performing to the best of our abilities in the Teams Event in Test C. We look forward to enjoying being part of a great Southern Region Team. To our fellow team members, go well and enjoy being part of such a fantastic event.

Working Trials Inter-Region Team Profiles

• Northern Region

UD Dog: Sheeran Johnson & Bracken

I am happy to be the UD Team dog representing the Northern Region for the Sarelle Cup at the NDTA 2010. Bracken is a Tri coloured 2yr old heading dog. He is my third dog from the same line. Laddie, his uncle is 10yrs. Bracken loves tracking and had his first track at 8 weeks showing enthusiasm for the sport. He gained his first 2 UDX's at Taupo in August. It rained constantly for the two days. He really enjoyed tracking there. He is a fun loving dog; very affectionate, biddable to working, but needs the correct buttons pushed, food, play etc.

He lives on the North Shore in Auckland with Laddie, and a garden full of Doves, Rosellas and wild birds. As a puppy he thought the fish pond was his for the taking and like all pups demolished the plants, but thankfully left the fish alone. Best wishes to all competitors.

WD Dog: Brian Robinson & Mokai

My birthday present three years ago was a 'handy dog' pup (beardie/huntaway) to help with stock work and save my legs chasing sheep and cattle. Instead, of course, I ended up chasing the pup called Mokai (as well as many other names). After a couple of years, many obedience classes and one summer camp, we've gained some control, at least enough to qualify in CD and UD trials. I was in trialling some twenty years ago with my

Airedale, and in Agility with both the Airedale and my Sibe, so I had some idea what to expect. However, my memory had paid some tricks in forgetting many of the frustrations between the good bits. Although Mokai's drive is for stock work she does enjoy the independence which tracking provides and it has proved to be my main interest. She's a fun loving, friendly dog and can be a bit on the noisy side! Compared to my time in Wellington, being in the rural environment now and having some land near Wairakei, just north of Taupo, has made training for trials much easier. So, I welcome all the trialist to Taupo and wish them success.

TD Dog: Jenny Butler & Pippin

I first joined the Zone 1 Trials Club 12 years ago and have had some wonderful experiences both tracking my own dogs and watching other people train and compete with theirs. Pippin is 7 years old and gained her final TDX certificate in June to attain the title of Working Trials Champion. Being a Border Collie/Working Dog cross she loves to do her own thing so this makes life with her very interesting, frequently laughable and at times exceedingly frustrating. She loves people – especially their pockets and bags where there might be some food! She also loves tracking and I enjoy competing in Trials with her.

• Central Region

UD Dog: Vivienne Robertson and Gyp

Amboseli Rafiki Mazuri (Gyp) is four years old and bred by Mrs Bobby Dickerson of Hastings. Gyp is a big Border Collie and competes in Special Beginners where he has won several championship test ribbons from second to fifth. He has a CD and 2 UD's. He also gained a second in Starters 3 and a fifth in Jumpers C both at the 2009 National Dog Show finishing with the latest result of a UD at Taupo to be selected for the Region Trials team. My ambition for Gyp is to achieve a CD Gold, Trials Champion and to do well at agility. Gyp is the second dog that I have done trials with. My other dog is Shae and she is now working on her TD trial hopefully to become a Working Trials Champion.

I started with Shae approximately six years ago and she was my first dog that I have competed with. I am retired and live on a lifestyle block outside New Plymouth with a number of horses and a few beefies, which keeps the dogs and me fit.

WD Dog: Sue Richardson and Whizz

Whizz is 5 years old and has had a big break from trials but now we are ready to have fun again competing in trials. He has been busy in the obedience ring, he needs 4 more 1st placings in Test C for OB GR CH but unfortunately he is very fond of getting 2nd place. Whizz is very enthusiastic about everything he does and enjoys life a wee bit more than I would like at times, I have no doubt that he will put great effort into getting a qualification to earn points for the Central Region team.

TD Dog: Heather Smith & Phanta

I have been involved with working trials for about 20 years. During that time I have trained 2 German Shepherds – Becky and Hanna – to Working Trial Champions, the later also becoming New Zealand's first German Shepherd Agility Champion. My third GSD, Yogi has 2 x UDX's but was retired due to injury so never achieved WTCH status. After a short break I became the proud owner of Phanta, a red and white border collie. Phanta was destined for the agility ring and trials were never considered! Keeping a B/C pup occupied until 18 months of age proved difficult, so sendaways and peg tracks were taught to keep her busy. Six years down the "track" we are trialling at TD level. She

also competes in Test C Obedience and is an Agility Champion. Phanta and I are privileged to represent Central Region as part of the Trials Team and hope we can perform respectably.

• Southern Region

UD Dog: Vicki Grieve & Tara

Tara and I are relatively new to the dog world having begun competing in agility and working trials about 3 years ago. Tara is a 5 year old hunterway. We had a false start when Tara had problems with an old back injury and had a year off before competing in working trials again in May this year. Although she has been going well we are yet to qualify.

I live in Staveley a country area in inland Mid Canterbury that provides me with generous land owners and a great variety of land to train on. I look forward to competing for the southern region in my first NDTA.

WD Dog: Carolyn Roberts & Harley

Harley is a 4 year old Golden retriever & we're proud to represent the Southern Region in WD. Harley is the 3rd dog I have trained for working trials. He is a real character, with a full-on personality and very enthusiastic about most things in life. Harley's brother K-Os is our TD dog. I started tracking in 1998 with my tricolour Border collie puppy Chance. UD was a struggle but we learned heaps and we whizzed through WD & TD with Chance becoming a Working Trials Champion in May 2003. We represented the historic Zone 4 at two NDTAs. As well as Harley I am also working Inka - a flatcoat retriever X heading dog in TD. I'm really looking forward to returning to Taupo. Good luck to all our fellow competitors.

TD Dog: Maria Frahm & K-os

Graveleigh Wreak Havoc (K-os), is my second dog that I have trained in working trials. K-os turned four in August; he has one more TDX to achieve. I will then be the very proud owner of two working trials champions. K-OS was the southern region WD dog at the 2009 NDTA and we are very proud to be selected again this year as the TD dog this time. K-OS has not been in TD long, the Taupo NDTA will only be his third TD trial. K-OS is a very motivated tracker and he is exciting to work with; together I think we make a formidable team. I hope we can represent the southern region well and I am looking foreword to the opportunity.

Good luck to all
