Welcome

Welcome from the NZDAC Show Manager

NDTA Taupo 2005 – my first NDTA

A huge welcome to the first ever NZDAC! We are really looking forward to hosting you all in Cambridge – the home of Champions, where you will hopefully be “challenged”. Hearing people trying to work out how to say NZDAC, which let’s face it is a mouthful, has been very entertaining! “The DACs” had me highly amused! Imagine if you did well at the event, you could then say “I smoked the DACs!” The pronunciation that seems to be becoming most prominent is pronouncing it *Nazdac*. Sounds like NASCAR racing to me, but there are similarities in that you are going as fast as possible and trying to stay on course, so it seems quite appropriate.

First up I would like to extend a very heartfelt thank you to all our sponsors. There is no way we could run the show we do without help from these generous

individuals and companies. A special thank you must go to our main sponsor Eukanuba who have been wonderful to work with and have provided some awesome prizes for us.

Next I would like to thank the judges who have given up running their own dogs, and spent hours designing, and probably redesigning, courses to challenge your skills. (Not to mention doing their profiles in a timely manner to avoid my nagging.) They will be out there no matter what the weather, ensuring they give everyone a fair chance to succeed, so do your best to show them some excellent agility, and remember to acknowledge them and thank them for their efforts.

I also need to extend a large thank you to the committee who have put this show together for us all. A little over a year ago I decided I wanted to be involved in running an NZDAC (or NDTA as it was then) so I bribed, conned and generally sweet talked a few unlucky individuals into joining me on the committee – Allan Rohde, Marie Wales, Graeme Jefferies and Tarah Hunt. Now that I have been involved, I have a far greater appreciation for the hours and hours of work people put in to organise these events! Allan is our fount of all knowledge. He has “been there done that” with past NDTAs, so I had to talk really fast to convince him to join the committee! Allan already spends hours and hours of his time giving to the sports of agility and flygility in terms of running flygility, being Treasurer for Counties, auditing accounts for other clubs, instructing, judging and always being one of those people to help out at a show on the odd occasion he isn’t already working at the show. I am not sure how he finds the time! (Well I do now after receiving a lot of late night emails.) Next on the list is Graeme Jefferies. A few of you would have heard me say “that Graeme is a Treasure!” I wasn’t kidding. Graeme was always willing to take on jobs, and quietly got them done well within the time limits that I set. The type of committee member that you always want to have on the team, not bad considering his first, and only, NDTA was two years ago at Taupo in 2010. Tarah Hunt worked really hard at doing all the jobs no one really wants to do. It is thanks to Tarah that we have portaloos, toilet paper, food stalls, rubbish bins, scrim tents, walkie talkies, the sound system and all those other small items that you can’t do without, but are really important to a show of this size. Finally there is Marie Wales who has worked hard putting together the ribbons and prizes that luck being with you, you will get to experience. Marie has also worked alongside others to put together the social events and organise the ring helpers. Finally I need to mention two people who aren’t officially on the committee, but may as

well have been given the work and support that they have provided – Nick Chester and Dannie Jefferies, thank you so much for your help.

You would all have probably heard by now that that we have huge entry numbers and this is the biggest agility show NZ has ever seen. I would ask you all to please be considerate of your fellow competitors. There will be a lot of dogs and people grouped together in a relatively small area. You could get cross and grumpy about things, or be relaxed and work with your neighbours and fellow competitors to achieve harmony. I fully recommend the latter if you would like a relatively stress free show that is enjoyable.

The committee has worked really hard to put together the foundations for an excellent NZDAC, however at the end of the day, the enjoyment of the event is entirely up to you. So I “challenge” you all to make this a “Champion” event – one to remember. It is a chance to catch up with all your friends who are usually spread across our great country, watch some truly amazing agility performances, and to get down and party at the social event. Have fun with your dogs, laugh with your friends and have an excellent time! I know I will be!

Show Manager

Welcome from the NZ Agility Committee Chairperson

Come and be Challenged in Cambridge, the home of Champions –
What a title!!

This is officially the first NZDAC in the country, and with the new name, so I guess it is fitting that it sets some new records. I hear that some of the classes are up near the 300 mark! That is huge. There are over 100 Jumpers A dogs in the same venue competing which will definitely be a new record for the books. Most of the events are split 4 ways that should give people an idea of what it is like to compete against your own height grade (even the really little guys). This event will definitely be the largest ever recorded in history. The Committee have been working tirelessly around the clock for months to bring you this most prestigious event. I would like to personally thank them for doing such an awesome job organising the event. I am sure the long weekend will go off without a hitch!

To the competitors competing this year from all around the country, the competition will be fierce. Look down at the fire and jump on in. It will be a very long weekend with many runs on offer with a triple agility, triple jumpers, and add to that the Flygility competition, inclusion of the YKC, AD, ADX, Inter-zones, Inter-club and the ever exciting Champ of Champs. It really is a platter of magnificent choices!

What can I say about the judges, I do feel for you all to have the biggest ever event as far as numbers go. I hope you all get enough breaks and keep yourselves refreshed as possible. It's good to see a neat range of judging experience come to the event from all around the country. This will give everyone a good selection of course designs and we'll hopefully have loads of fun with many different challenges!

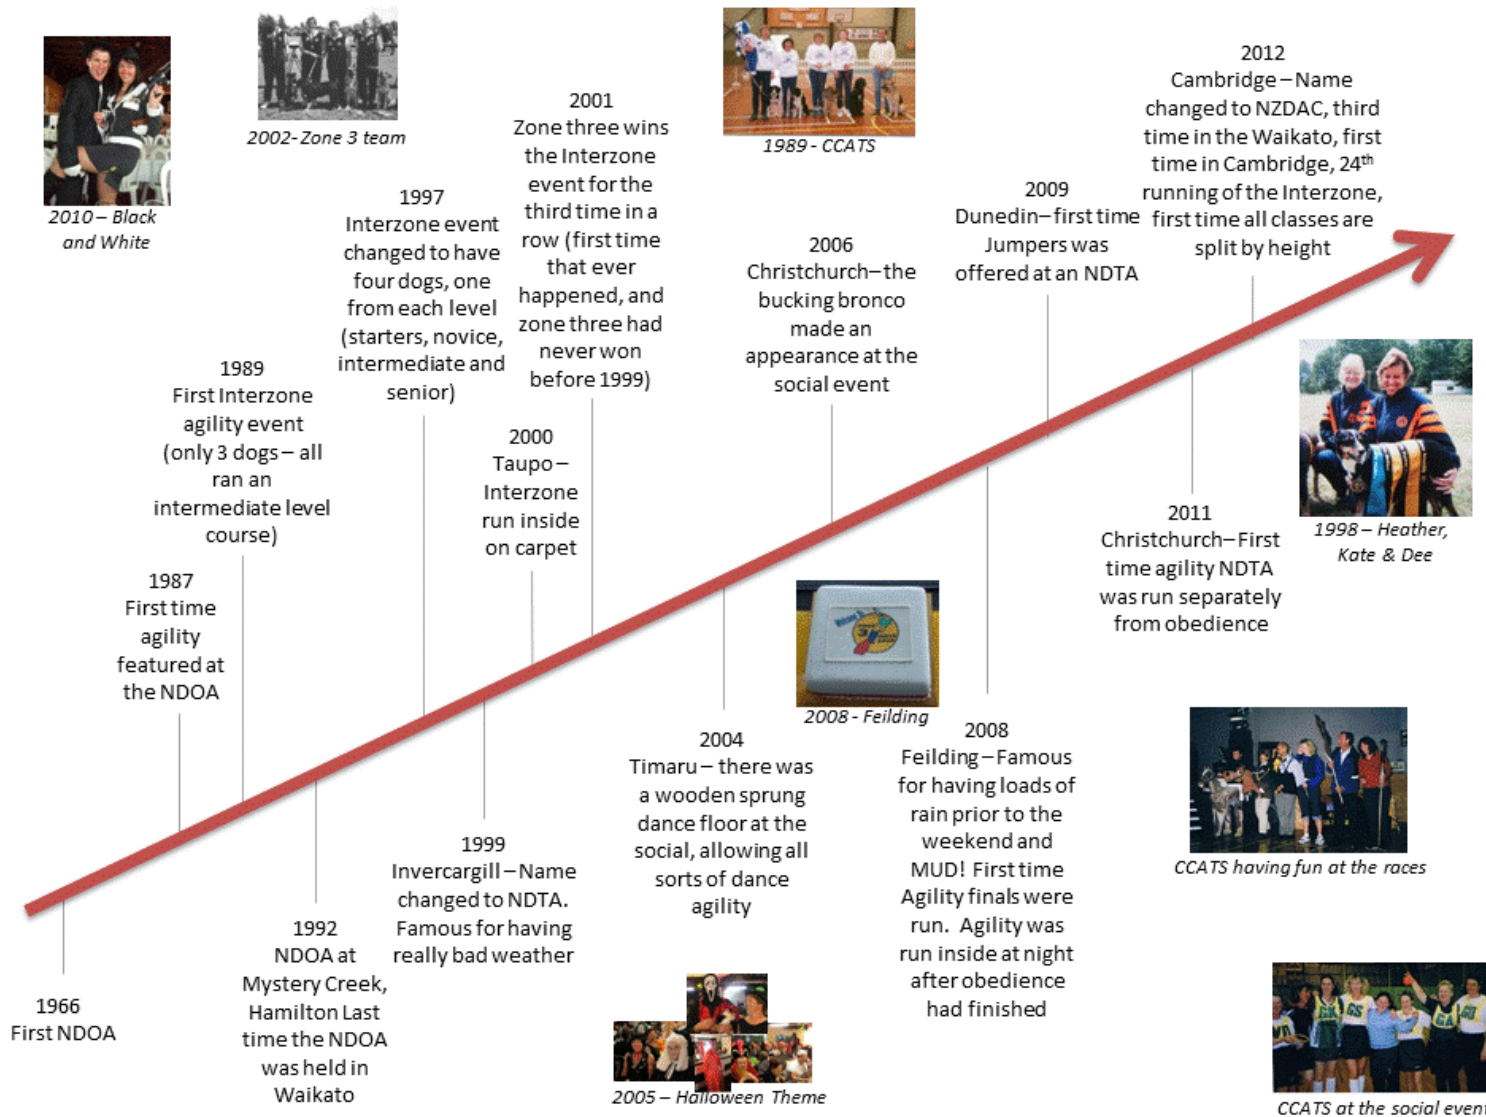

The social events will be loads of fun as well, with a nice relaxing BBQ on the 1st night and then an 80's party to follow the next night. I can see disco fever already!!

I must say an official thank you to EUKANUBA the official sponsor for the NZDAC. They have provided you all with really good prizes and I hope many of you support them. There are also many minor sponsors that have contributed to prizes and ribbons etc so thank you to them as well.

Finally I wish everyone the very best of luck. I hope you all do exceptionally well and win, win, win, I may even leave a few prizes for you!

Change of Handler

Please advise of any handler changes before the start of the class by completing the "Change of Handler" form found outside the Show Secretary area. If you do not advise before the class begins, clear round certificates will be printed with the handler name as listed in the catalogue.

Clashes

It is the handler's responsibility to ensure that clashes do not occur. Call Stewards will reschedule your run, but please do not wait until the last minute before asking to be moved.

Class Breaks

Judge's breaks have been scheduled in the classes, but it is up to the judges to decide whether or not to take them. The timing of these will be determined prior to the class. Speak to the call stewards for details.

Clear Round Certificates

Clear round certificates for unplaced clear rounds will be available for collection following the end of the class. CRCs will only be produced for standard classes, not for the finals or Inter-zone

Course Walking

Walking will be prior to start of each class – please follow instructions and listen to the PA system for messages. There will not be split course walks. There will be a fairly long period of time, around 30 minutes, for each course walk, so everyone should have plenty of time to walk the course. Please be considerate of others when walking and not stand in the way.

Disputes

If there are any disputes, please advise a member of the disputes committee – Allan Rohde, Marie Wales and Kirstin Graves.

Disqualification

In the case of a disqualification you may continue, but please refrain from repetitive training. In the event your dog fouls in the ring, please clean up after your dog and leave the ring immediately.

As always, please leave the ring immediately if requested to do so by the judge.

Fouling

Please toilet your dog in the designated areas – please avoid toileting your dogs on the sports fields. Please pick up after your dog and place in the bins provided around the venue.

General

Please ensure that your dogs are kept on lead at all times, unless competing or in the practise ring or fouling areas.

NO dogs are to be tied to stakes, trailers, cars or other items. Due to the publicity we have carried out, we are expecting a lot of public to the event. Dogs are to be contained in cars, trailers, crates or tents, so that the event is safe for all.

Please come prepared for this, as the committee members will ask you to relocate any loose or tethered dogs.

Goodie Bags

Goodie bags are available for individuals or groups of people that registered. The bags also contain your ordered badges, catalogues and social event tickets. So please do pick them up! They will be available from inside the clubrooms from Friday. All bags are labelled with names, so please pick up the correct bag. If you are taking someone else's bag for them, please make sure they get it. I know the goodie bags are really cool, but it isn't cool when people miss out.

Harsh Handling

Please note that no physical or verbal abuse of dogs or harsh handling will be tolerated at this show. This is our National show and we will see some runs and combinations that are the absolute pinnacle of our sport. We are expecting handlers to put their best foot forward in all areas, including the way in which you treat your dog.

In the event that any harsh handling occurs, it will be dealt with in accordance with Agility Regulation 5.4.1. If any handler is cited under this regulation, the instance will be reported to the show disputes committee, who will decide whether the instance will be reported to the Agility Committee, and possibly from there to the NZKC. The show disputes committee will be treating any instance of harsh handling very firmly. Any handler infringing under the harsh handling regulation may be subject to sanctions including disqualification from further competition on the weekend.

Maximum Course Time

Time will be called or buzzed if you reach maximum course time. Please leave the ring immediately if this happens, without completing any more obstacles.

Parking

Please park in the designated areas. No driving on the sports fields.

Practise/Warm up

This must not be done in any of the competition rings, at any time. A practise ring has been provided for your use.

Reporting for your Run

You must report to the Call Steward (with your dog) at least five dogs before you are due in the ring. The Call Stewards have been instructed to have five dogs ready at all times.

If you are not present five dogs before you are due to run, you will be moved to the end of your height group. If you are not present at the end of the height group, you will be scratched.

When your number has been called, and you have been identified by the Call Steward, you are to remain in their sight and be prepared to enter the collecting area when you are requested to do so.

Handlers are required to line up in the collecting area where you will give the dog's number to the Chute Steward who will tell you when you should go to the start line. There will be three dogs in the collecting area ready to run at all times. Your dog must be lined up before the first obstacle and ready to run as soon as the previous competitor finishes their run (you may still have your dog's lead on at this stage if you need to). Please actually be ready to run!! Do not take off your hat, your jacket, your treat bag, shake your dog's paws, do a few tricks and then ask the judge if they are ready. All of this must be completed before you are lined up to run. Please do not start the run before the judge is ready.

We have large entries to get through at this event. Please be considerate of the judges and other competitors by following these rules and moving through quickly. This includes no training in the ring. If you need to repeat a contact or obstacle, you may do so, but you must leave the ring immediately after the repeat.

Result Queries

There will be no scoreboards at this event. Draft results will be posted under one of the gathering marquees as soon as practical after an event is complete. Please check the results within half an hour of the event completion. Once half an hour is past, any changes will be entered and displayed as the final results.

Please do not interrupt the Show Secretaries with any results queries. Please complete the "Result Query" form found outside the Show Secretary area. Your query will be investigated and you will be contacted with an answer.

Running Order

We will run in strict running order, however competitors should check their numbers and places and move their dogs if necessary before the class starts. If you have multiple dogs, you must run them in the same order as the catalogue.

Scratchings

If the dog is scratched for the entire day or weekend, please complete the “Scratchings form” found outside the Show Secretary area. If the dog is scratched for individual classes, please advise the Call Steward so they can be scratched on the call board.

Sponsor (Eukanuba) Product

If you have won some sponsor’s product – well done! You will be eligible for sponsor’s product if your prize envelope has an Eukanuba sticker on it. Product will be available for collection at specified times, please listen to announcements for those times. Please present both your ribbon and the envelope to receive your product.

Stalls/Sales

Only sponsors are entitled to have stalls and sell products and services at the NZDAC event. No other products or services can be sold, and these will be asked to be removed if found.

Acknowledgements

The Zone One NZDAC Committee would like to acknowledge the following people/groups for their assistance in making this event happen (in no particular order):

- Emily O'Brien for providing the photos of Zone One dogs and handlers that have been used in this catalogue
- Nick Chester for all his assistance organising the Inter-zone event, badges and the Sunday night social event.
- Dannie Jefferies for all her work on the website, catalogue and the logo.
- Zone 4 for providing the signs, shade cloth, trophies book and other bits and pieces from last year's event.
- Fiona Hodgson who was always willing to provide advice, answer questions and give us files from the 2010 show.
- Rebecca Owen for organising the Saturday night BBQ.
- Tiffany Brown for organising the Sunday night social event, and Nick Chester, Emily O'Brien and Kelly Daniel for their amazing decorating expertise. Wait until you see what they have come up with!!
- Dannie and Wendy for doing all the very hard work of providing show secretary services, all out of the goodness of their hearts.
- Our hard working Ring Managers – John Van de Sandt, Craig Owen, Tarah Hunt and Keri Neilson.
- Mike Butler for offering to develop "online scoreboards" into his database programme for us, despite losing his house and beloved Rapid in a tragedy earlier this year. Unfortunately the location meant we couldn't display the required four TV screens close enough to the Show Secretary computers, so we have had to leave that for another show.
- Panasonic for agreeing to lend us the TV's for the above mentioned online scoreboards that logistically haven't eventuated.
- Fiona Ferrar for looking after the trophy book and organising the return of the trophies from the 2011 winners.
- Joanne Dale for counting and checking all of the sponsor product for us.
- Bevan Dale for organising the prize-giving truck and hopefully some steady footing to get the lucky winners onto the truck.
- Jude Taylor and Nicky Penman for helping get some great products to go in our goodie bags!
- Debbie McFarlane, Emily O'Brien and Kelly Daniel for helping to fill the goodie bags.
- Heather Warren for helping to put together the judge's welcome gifts.
- Rebecca Roper for preparing the show secretary forms
- ConnectNZ who have supplied some office equipment for use by the Show Secretaries, and the Needham family for organising that with ConnectNZ.

Judges Profiles

Nick Chester

Many thanks to the NZDAC Committee for asking me to judge, and as a local judge, I would like to welcome everyone to the beautiful Waikato and hope you enjoy your time here. I have been involved in the dog training world for most of my life, and started training my first agility dog at age 12. When I was 19, I took up judging to keep me involved in the sport while I was at University and not always able to have my dog with me to train and compete. It also kept me in the company of "responsible adults" to ensure I didn't become a wild student... not sure how well that worked out. In case you are wondering, I am now 28 and I hope that makes all of you who have known me since I was a 13 year old running around an agility ring feel really old!

I currently run a tricolour border collie called Edge. Cambridge 2012 will be the 10th NDOA/NDTA/NZDAC I have attended, and my third as a judge. It really is an honour to be asked to judge national events, and I am looking forward to seeing you all out there in the ring.

What was your most embarrassing moment? Crashing Bevan and Joanne Dale's car when I had it on a short term loan probably tops the list!

If I could change one thing it would be... to have a personal rocket pack to avoid traffic.

If I was the Prime Minister of NZ I would... Declare the South Island to be its own country. We all know you lot are a bit strange down there... I would even chuck in the Stewart Island at no charge.

My dream job would be... Host of TV show Survivor - good pay, extensive travel to exotic locations without having to starve or eat bugs.

The best agility manoeuvre is... the "bounceback" where a handler falls over mid run then quickly recovers to continue the run as if nothing has happened. Not a skill that can be taught - it's all instinct.

Finish the following sentence - Love, Life, Laughter and... wine coolers - the sequel to Eat Pray Love?

Heather Drewett

I would like to thank the hard working committee for inviting me to judge at this year's NZDAC. It is always an honour to be invited to judge at our National Agility events. Run fast, play fair and enjoy the atmosphere, I know I will.

What was your most embarrassing moment? Well I didn't have one of my own stories until a couple of weeks ago, I was going to use one of Kirstin's Lol. Robby and I were invited to a 50's – 60's party so thought I would go in something I would never wear normally. Real sparkly, tight fitting, stilettos to die for, huge hooped earrings and really bright make up, OMG I looked like a harlot. Robby chose not to dress up, we were about ready to go when Robby decided we would stop in at McDonalds for a dine in at Merivale (flashiest part of town) I walked in with my head down and felt all eyes on me, hadn't even had a drink. I was so embarrassed.

If I could change one thing it would be... that our four legged friends could live and run agility longer.
If I was the Prime Minister of NZ I would... make it compulsory to work 4 day weeks so we would not rush getting to and from dog shows.

My dream job would be... working with animals

The best agility manoeuvre is... for the handler not to fall over while running lol

Finish the following sentence - Love, Life, Laughter and... great friends, my dogs

Fiona Hodgson

It was about 1988 I met up with a couple of others who wanted to do something other than obedience in the area and thought we'd have a crack at this new Agility type thing. The first day we put up two jumps and balanced a bit of board on a couple of saw-horses for a table. After two goes at this extensive course, we were all sure we knew everything there was to know about Agility – the last 25 years or so have been spent learning how wrong we all were!

Since then I have been involved in every area of the sport and have been judging agility for over 16 years at almost every club in NZ, at the Canberra Royal in 2008 and at the Australian ANKC Nationals in June this year.

What was your most embarrassing moment? My most embarrassing moment in agility was a recent one when judging in Aus – indoors in the evening – decent sized audience. The first class I was judging in a 5 day show and 240 dogs entered. Twice in just over 5 hours I missed my line stepping back to judge the next part of the course and tripped over the very small see-saw the Aussie's have. Result – flat on my back..... The worst thing was that the second time was caught on camera as it was during Natasha & Jonty's round. She ran on past and all I could hear was her laughing as she ran.....

If I could change one thing it would be... If I could change one thing in agility it would be that people would look outside their own situation when making submissions to AC and see how things affect others in the sport. (and get rid of the X-over)

If I was the Prime Minister of NZ I would... probably be fairly unpopular!

My dream job would be... I do my dream job ☺ working for a multi-national company as Service Products Sales Engineer in the international Service Dept. The only downside is that it will from now on limit the number of judging appointments I can take on, and the number of shows I will get to.

The best agility manoeuvre is... ALWAYS the praise and play people give their dogs at the finish no matter what has happened in the ring!

Finish the following sentence - Love, Life, Laughter and... True Friends ☺

I love setting courses and witnessing all of the fantastic performances and people just having fun on my courses. It has enabled me to meet some lifelong friends from far and wide.

Graeme Lawson

Hi to the organisers and helpers and everyone competing at the 2012 NZDAC at Cambridge. Thank you to the organising committee for the invitation to judge at this very first NZDAC, and good luck to everyone running my courses.

NDOA, NDTA's and now the NZDAC have been a huge part of my Agility, having only missed three since attending my first one, the 1991 Zone 4 NDOA in Christchurch. I have been involved in our sport of Agility since 1986 and I guess have become a bit of an Agility life-styler. It has been a big part of my life in that time and I have made many life time friendships, met some outstanding people and had a bundle of fun along the way, not to mention investing or gifting much of my wages and most of my annual leave to the sport. I first became involved in the sport after turning up at the South Island German Shepherd League with my GSD Sam (an almost jet black, head strong and stubborn male) and went on to compete with 4 GSD's.

For the last nine years I have been part of one of the coolest clubs I've ever been involved with, the Waimakariri Dog Training Club, which enjoys a fantastic club spirit, and where we are lucky to have a number of inspirational instructors and several equally inspirational handlers that all give so time and energy to the club. It is at Waimak that I have enjoyed probably one of the most rewarding aspects of my Agility involvement, in being able to help a couple of others with our Waimak young guns, the kids and the future of the sport and to see some of them now, with their own dogs and as a result of their own hard work, taking it to the adults and going through their teenage years motivated due to this sport and their dogs and with their heads and feet firmly planted on the ground. I have always said I am no superstar at our sport, I have got all my dogs (except that first one Sam) through to Senior and enjoyed putting them all on the starting line and the runs we have had all over the country.

I live in Rangiora, North Canterbury with my two Borders, Troy (6) and Rogue (8) and work in Christchurch City as a Policeman (hence enjoying the opportunity to spend weekends with good and normal people). Away from Dog Agility I enjoy exploring the Canterbury back blocks and High Country on my dirt bike with another bunch of good mates with the highlight being an 8 day 1400km adventure ride from Cairnes to Cape York late last year. I also love burning the midnight oil and hanging out in another mate's workshop helping prepare his Impreza rally car for his son to drive in the NZ Rally champs. I have been on the Agility Judges Panel since 1995 and have enjoyed every moment of it, especially the respect and sportsmanship shown to me. Have fun out there this weekend and good luck.

What was your most embarrassing moment? As brand new Constable set lose on the Streets of Christchurch on my own as a beat cop, I got called to job involving a man shoplifting in Ballantynes (Christchurch's up market department store, where the who's who of the town, business leaders and farmer's wives shop). I found the guy (male in his mid 50's who turned out not to be a hundee mentally) on the first floor, women's lingerie department. After asking him if he would mind showing me what was in the carry bag he had been seen stuffing items into, he threw it on the ground started ranting, ripped all his clothes off and started sprinting naked around the top floor of the department store through all the lunchtime women shoppers with Constable G in hot pursuit. Finally managed to catch him and get him under control and covered.

If I could change one thing it would be... I would have brought myself a Ducati Motorcycle way back when instead of getting married.

If I was the Prime Minister of NZ I would... Park up the BMW limo and ride the Ducati everywhere.

My dream job would be... Factory Driver for the works Ford Rally Team

The best agility manoeuvre is... An oldie but a goodie, the Blind cross (Sorry Mia and Lisa)

Finish the following sentence - Love, Life, Laughter and... An ice cold Heineken & a dog called Troy ☺

Cam List

Well here I am again, privileged enough to be asked to judge at the country's most prestigious Agility Event. The NZDAC, as it shall be known from now on, is the pinnacle event of the year with travellers coming from far and wide not just to do agility, but to catch up with close friends, laugh, and generally have a great time. This is the one thing I think I enjoy the most. Of course there is the competitive part, the challenge of winning and achieving personal goals, but the social part of the NZDAC with day tents and ringside jovial banter that keeps the smiles on most is something that makes me proud to be a part of agility as a sport.

By the time you all read this report, my wife Jane and I will have another addition to our family, having a baby boy or girl, making the Little List tribe at a total of two. Just when I thought things were crazy busy already with work, AC, Judging, website, EC, family and putting time into my own dogs it just got more challenging than ever!! Gee I guess I am a sucker for keeping a busy lifestyle aye.

My dog Roxy has also recently had a litter of BC puppies and it is the first litter I have to deal with - wow what an experience that was! Full on attention, time and TLC. It was really fun seeing their personalities grow and see them develop into neat little pups.

Hopefully everyone has a blast in Cambridge for the Zone 1 NZDAC and enjoys the entire event. I can't wait to judge at this event and see some spectacular runs.... Good Luck!

What was your most embarrassing moment? In agility it would have to be the time I was down South judging at a Taieri event. During a senior class (only about 240m in length) which was being judged by Paul Remon. I was asked to run his dog and for some reason on a long straight run home to the finish my legs decided not to work and I fell forward. This would have been fine if I had placed my arms and hands out to brace the fall but instead I crossed my arms over my chest and hit the ground with a rather large thud, face first. Needless to say, many people were watching this and it happened about two meters away from the ring rope with plenty of spectators right beside me. I have to add that Paul remained very professional and did not fall to the ground laughing in absolute hysterics while his dog circled around my mangled body!

If I could change one thing it would be... The goofiness that I find myself in far too often! Nothing like being accident-prone and the only thing that knocks you down is your two left feet!

If I was the Prime Minister of NZ I would... Fix everything that was broke (how do you answer that question??) Give agility the recognition and all the money the clubs need and the sport deserves!

My dream job would be... My dream job would have to be a stay at home Dad, I enjoy spending time being young again getting on the floor and making a mess. Actually I think I did that before becoming a Dad!!

The best agility manoeuvre is... The blind cross, once mastered it is an incredible manoeuvre but usually accompanied with ankle tapping yourself or the dog running into the back of your heels. Sometimes if you are really lucky the dog will end up on the opposite side you want them to be on, but that takes extra special practice. I have never been on the end of any of the above as I am the blind cross king (ask Fiona H)!!

John Muir

During my time with dog training for the last 38 years, I have been lucky enough to make up an Agility Champion (Delta - who was the first dual Obedience/Agility Champ in NZ), and two Obedience Champions.

I have been in the Zone 1 Agility & Obedience Inter-zone Teams and have been judging obedience since 1979 and agility when it started in the mid 80's. I have judged three times for the Singapore KC and yes they do Agility over there! I am a Life Member of the NZKC, Hamilton DOC, and Wakatipu Rowing Club. My club is Waikato Agility Group. I was Zone 1 Representative for four years and Dog Training Chairperson for four years. I have been in Aviation all my life doing engineering and test flying aeroplanes in many different countries.

After starting dogs with a Miniature Poodle, I am currently running two Border Collies in Senior - Macey in Jumpers B is eight years old and slowing down a bit, and her daughter Flya in in Jumpers A is five and too damn fast for me!! Thank you to the NZDAC committee for the invitation to judge at the first NZDAC Event.

Have an enjoyable and lucky weekend everybody.

What was your most embarrassing moment? Taking my Obedience Judging stuff to Judge Agility!
If I could change one thing it would be... To be Prime Minister!

If I was the Prime Minister of NZ I would... Sell everything and have heaps of cash and buy a huge motor home!

My dream job would be... Being Prime Minister!

The best agility manoeuvre is... Running fast without falling over!

Paul Remon

I first became involved in Agility in 1989, with my Border Collie "Taz". I sat my judges' exam in 1991 and have been enjoying both judging and competing ever since.

We emigrated to New Zealand in 2004 and being involved in Agility definitely made our move a lot easier. Little did I know that a few years later, I would be spending a mid winter's evening with some other Agility enthusiasts butt naked in an indoor equestrian centre to raise funds for the Zone 5 NDTA. Some of you may now know me better as "Mr March".

We were tasked with answering some deep and meaningful questions by the NZDAC Committee as part of our resume. I have put many hours of serious thought into my answers:

What was your most embarrassing moment? Well, I can't put my first or second, so, my third is, driving off from a motorcycle show on my Honda Goldwing, with the stereo cranked up very loud, but the front wheel still chained up, before sliding it down the road.

If I could change one thing it would be... that I remembered to take that chain off, rather than show off and Fail!!

If I was the Prime Minister of NZ I would... give the Nurses a decent pay rise.

My dream job would be... test driver for Hot wheels cars.

The best agility manoeuvre is... the handler that lost their false teeth, while their dog negotiated the A Frame, then collected their teeth off the ground and popped them back into their mouth, without breaking stride.

Finish the following sentence - Love, Life, Laughter and... having Sallie as my beautiful wife, could not make me any happier.

Thank you to the Committee of NZDAC 2012 for inviting me to judge. Thank you to all the sponsors. Good luck to all the competitors and remember win or lose, you all take the best dog home.

Roy Thorndycraft

Roy Thorndycraft (Taieri Canine Training Club)

Born: Woodford Green, Essex, England,

Moved to NZ (Otago) in 1995.

I would like to thank the NZDAC 2012 organising committee for the invitation to judge. This is my third judging appointment at NZ Agility's premier event and I still consider it a great honour to be asked. I have been on the Agility Judges Senior Panel since 2005

I have been involved with Agility since 1997 initially through supporting Ruth & Woody and helping out at shows. By 1999 I started training and competing with Woody when Ruth adopted Buzz. In 2001 I adopted and started training Bran. Bran is now 11 and retired from agility but still having great fun in Jumpers A. In 2009 Sto joined the family. He's an SPCA special with an awesome laid back nature. He has now started competing and getting more confident with each run.

Since 2002 I have served on various NZ admin groups including 3yrs Dog Training Committee, and 2yrs Agility Committee. I have also served on 2 NDTA committees, one as Chairperson and both as Agility Manager. I am currently VP of Taieri Canine Training Club, having served as President and committee member during most of the last 11 years.

What was your most embarrassing moment? Falling on my arse in a muddy puddle (while simply measuring a course)

If I could change one thing it would be... Getting involved with agility at a younger age.

If I was the Prime Minister of NZ I would... be in deep trouble. I'm not a NZ citizen. I suppose that bit of fraud isn't half as bad as some MPs have got up to.

My dream job would be... At 57 who's thinking of jobs. I'm thinking of retirement.

The best agility manoeuvre is... A rear cross. When done well it is such an asset.

Finish the following sentence - Love, Life, Laughter and... Lots of lovely Lucre

Prize and Ribbon Allocation

Clear round certificates will only be prepared for standard classes, not for Finals, Flygility or Inter-zone.

The following table details the prize and ribbon allocation for each class:

Any place that is also eligible for sponsor (Eukanuba) product will be indicated by an Eukanuba sticker on your prize envelope. Please present the envelope and your ribbon at the sponsor product area to receive your product.

Agility and Jumpers Finals Qualification

Qualification through to class finals will be based on 2.5% of entry number per split class (per height). The number has been round up, and will include at least one dog from each class.

Finals will be run as a split event – so there will be a Micro Starters winner, Mini Starters winner, Midi Starters winner and Maxi Starters winner. The fastest of the split winners will receive the trophy.

Below is a table of the number of qualifiers for each class:

	Class	Micro	Mini or Mini/Micro	Midi	Maxi
Starters	1	1	1	2	2
	2	1	1	2	2
	3	1	1	2	2
Novice	1	1	1	3	3
	2	1	1	3	3
	3	1	1	3	3
Intermediate	1	1	1	3	3
	2	1	1	3	3
	3	1	1	3	3
Senior	1		1	2	2
	2		1	2	2
	3		1	2	2
Jumpers C	1	1	1	2	2
	2	1	1	2	2
	3	1	1	2	2
Jumpers B	1	1	1	2	2
	2	1	1	2	2
	3	1	1	2	2
Jumpers A	1		1	1	1
	2		1	1	1
	3		1	1	1

If a dog qualifies for a final more than once, the dog will only run in the final once, but the position in which the dog qualified will be deemed as filled. Thus, the dog earns the right to run against less dogs in the final. For example, Dog A (maxi) wins Jumpers A1 and Jumpers A2. The dogs in the Jumpers A final include Dog A, plus Jumpers A3 (maxi) winner.

- No dog or handler can compete in more than one team.
- The competition will be run over show 2, which is scheduled for Saturday the 20th October.
- The winning team will be that which gains the most points on the following basis:
First place is awarded 10 points, down to tenth place being awarded 1 point, with team members earning an additional 1 point for a clear round, regardless of the place gained in the class.

Entries will be accepted at the Show Secretary area of the NZDAC venue up to 10.30am on Saturday 20th October. Entry is \$8 per team.

Inter-zone Teams

Zone One

Starters – Nicole Beaumont & Robbie

Hi my name is Nicole, I live in Pukekohe on a Dairy/Beef farm with my partner, three working dogs and two mini schnauzers. I used to do a lot of agility, but stopped several years ago when my older dog Todd developed spondylosis. I then turned to obedience. I moved to Pukekohe 2 ½ years ago, joined Counties Dog Training Club and started to get back into agility. This is my first time trying out for the zone agility teams. Robbie is a six year old Tricolour Huntaway x Heading Dog, he is enjoying agility, has his FD in Flygility and is currently working in Test A in obedience. He loves working the stock,

particularly the difficult/stroppy cows, and keeping the pigs in order. He keeps fit by running alongside my push bike and he is a thief, trying to get into the house whenever he can, and steals what food he can find, including freshly baked cakes muffins etc.

Novice – Eduard Hamster & Tiba

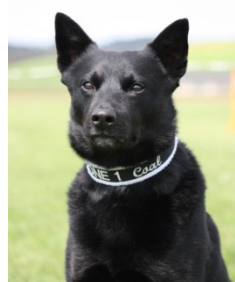

Being introduced to Agility by a colleague in the mid-nineties before I owned a dog, I made a decision then that I wanted to try that once I got a dog. Four years later I joined the best club in the country, Countieeeeees!, with our newly acquired, 10 month old re-homed cross breed Jodi. Initially for domestic training but once she was 12 months we moved on to Agility. I got the bug! Besides competing and serving on the club committee I am also involved as an instructor.

Three years ago Tiba, a heading dog from working lines, joined our family. He was the smallest and the quietest pup from the litter but has grown to be the most active and the largest. It has been a completely different adventure getting him to channel some of his energy into agility training compared to Jodi but he has picked it up very well. It is very exciting to have a dog that wants to GO! We are competing in Jumpers A and he is one win away from Senior at Champ level.

I am delighted to be in the Zone 1 team with Tiba in Novice. Bring it on!

Intermediate – Marie Wales & Coal

Coal is a six year old black kelpie. This will be the first time Coal has represented the Zone but the fourth time for me. Coal lives with two other kelpies MJ and Bounce, a cat, two horses, alpacas, sheep and cattle.

Coal's favourite game would be chasing a ball in the surf and he is a great swimmer charging in and riding the waves back with the ball.

He does have a small farm job to do, moving the cattle which he loves doing.

Though he is not a big dog he is very bold and is quick to give the cattle a hurry up if they challenge him.

We belong to Counties DTC where we train and compete in agility and flygility.

Senior – Elaine Rohde & Bolt

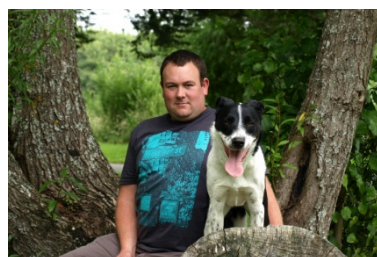

Bolt is a 3 year old black and white Border Collie bred by us at Aquila Kennels from my great little dog AgCh ObCh Windi. Bolt is a Jumpers Champion, has 12 jumpers challenges and 7 agility challenges, but I cannot seem to get her around an AD course. Bolt has 5 points to get in Flygility before achieving Fly Champion also she is working in Test A in Obedience.

Bolt is an awesome little dog and always tries but she can sulk when things do not go her way, especially when she has to go in the trailer. Bolt's favourite game is hide 'n' seek. When she hears "ready" she lets out this almighty shriek and squeals as she tries to find me. Bolt has a noise obsession and gets very excited at clapping at prize giving. She has charged at Allan up a ladder when he was operating a chainsaw. I have finally managed to teach her sit quietly when the egg beater is on. Bolt's career Highlights include gaining her first agility challenge, winning Jumpers B final at last year's NZTA, becoming a Jumpers Champion and representing Zone One. This year will be a new challenge for me as I will be competing without my very experienced Flare. I have been told this is my 7th year been in the Zone team. I wish all the teams best of luck.

Zone Two

Starters – Simon Mills & Zebie

Hi I'm Simon and this is my dog Zebie. Zebie was surrendered to the SPCA and we got him at 8 weeks old. Zebie is my first agility dog and we have been competing for the past two years, thanks to the training, knowledge and support from Napier Dog Training Club.

Novice – Susan Lorenz & Rose

Hi I live near Ngaroma in the South Waikato district on a 916h sheep and beef Landcorp farm which my husband Bryan manges. We have a son Alex who will be three in September. We have ten dogs, four cats, two cows, a goat and ten chickens. We have also had at different times pigs, lambs, a fawn and a wallaby. The number of dog's changes regularly as we seem to acquire strays.

Of the ten dogs three are mine; Rexy who is almost 12, Rose and my young dog Talk. I first started agility classes with Rex in 2005 and competing in 2006 with his first clear round in March 2006. He is now retired though still does the odd ribbon trail.

Rose is a three year old heading dog who we bred ourselves. She is my forth dog for agility (well and truly hooked). She is at novice/intermediate level (senior level at ribbon trails) and B jumpers. Her full sister (Meg) and half-sister (Blue) are two of Bryan's main working dogs.

All my dogs also work on the farm when I get the chance, although Rexy is getting a little old now :(Rose is steady on lambs straight out of the shearing shed or loves working alongside the huntaway's in the yards. I can always tell where she is by the bark, handy when there are five or six dogs working together. I love spending time out with the dogs wither at an agility show or out earning their keep (and mine) on the farm.

Looking forward to Cambridge! GO ZONE TWO!!!

Intermediate – Dyson Beasley & Rumur

Rumur is a 5 year old bitch, who lives in Rotorua with seven other Border Collies at the home of the Mordor Border Collies. She is from my first Mordor litter that I breed back in 2006. She has always given her best when competing and was made up to Agility Champion in June 2010 during the boy's trip down south. This is Rumur's first time as a Team dog for agility. I trust she will totally give her all on the day. I have competed many times for Zone 2 in both Agility and Obedience. Being in the Zone Team is a privilege and like Ru I will try my very best on the day not only for

the team but for my little red dog!

This year the show has a new name but one thing is for sure the competition will still be of a very high standard with so many great handler and dog combinations.

I wish everybody in the Team and Open competition the best of luck and may the force be with you ☺

Senior – Chelsea Marriner & Quest

Most of you will know me and Quest by now, she's had a pretty decent career with becoming a triple Grand Champion - Agility, Jumpers and Flygility. She holds the honour of becoming the first Jumpers Grand Champion in NZ, and having the most agility and jumpers challenge certificates. She also won Wonder Dogs, performed at Christmas in the Park, and made it to the Finals of NZ's Got Talent. Some notable achievements for a little station bred dog from the Hawkes Bay. She is part of my team of Cliffhangers, all working Border collies and heading dogs - Bree, Flash, Ike, Spy, Shift, Cloud, Legend, Fuze and homebred youngster Rip.

Aside from dogs and working, training and playing with them, I enjoy spending time on farms, riding my 250, watching moto and FMX, and stalking nice utes.

Best of luck to everyone and may the best Zone win....but just so you know, Zone Two's gonna smoke ya!

Zone Three

Starters – Kevin Symons & Viper

Dodge Viper "Mini's Can Do it"

She was born on the Lockinvar Sation in Taupo and we picked her up when we were at the NDTA 2 years ago. Now she's competing in the teams event at the NZDAC. WOW!! A great start to her career. We have been competing for six months and she loves it. I get bruises on my arms from her jumping up and biting me at shows. Her breeder said to us "I hope Wellington is ready for this tough little foxy". She is a very strong little dog, is the Tug A War Queen - they don't come back for seconds, and has ability to get on with most dogs. Our previous Foxy Lucy was known as the Fox Wyla, she made it to AgGrCh and I have big goals for Viper too. She gets her special speed training from

Tesstarosa Ferrari our Heading dog. I have been doing agility for 15 years on

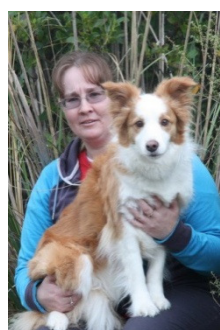

and off, and love running the under-dog. I am looking forward to NZDAC, I will try to do Zone 3 and the mini's proud.

Novice – Karen de Wit & Finn

Finn (Quickpaws Fast Finish) is the fourth dog I have run in the Inter-zone teams event. He is one of the puppies we bred from Quick and he is an awesome dog, quick without being silly (usually!!) and loves his cuddles!! I am delighted to be running him in Novice, however he has big shoes to fill after Dee and I won it last year!! Keeping fingers and toes crossed, and hoping we can help Zone 3 win this year!!

Intermediate – Rebecca Sidwell & Seeka

My name is Rebecca aka Bex. I've been competing in Agility for just over 10 years. In this time I have competed in agility with 4 dogs - Gemma (retired), Misty (retired), Mya and Seeka and having her debut at the NZDAC 2012 is my 5th dog Spicy. They all have their individual quirks but that is what makes them so much fun, both at home and competing. This will be Seeka's and my 2nd time representing Zone 3 at the NDTA/NZDAC. I accidentally got involved in agility when my mother asked me to fill in for her when she had an injury and couldn't train her dog. In the end I got hooked and she never got involved except through watching me. The rest as they say is history.

Senior – Nevenka Paterson & Cassie

What can I say about Cassie? This lovely wee girl has given me everything, a rehome at the age of 1 year old, and now she is a AgCh and has done me proud as a handler. Cassie is my first agility dog and the fun has been like a rollercoaster. Cassie gives me 100% all the time in the ring and I love her so much for developing me as a handler and also helping me to make so many friends in the agility world.

Zone Four

Starters – Lisa Duff & Zing

Zing is a two and a half year old border collie/heading dog. She lives on our lifestyle block with our seven other dogs, two shetland ponies and a flock of sheep. Zing's favourite pass time is to keep watch over the stock during the day and keep them all in line and under control. Zing Ping a Ling is very much a social butterfly when it comes to people. She has a sneaky trick that she performs to worm her way into people's arms so that she can have a cuddle. While I have had the honour of representing Zone Four on numerous occasions it has always been with a senior dog. This is Zing's first opportunity to represent Zone 4 and I am sure competing under the intense atmosphere of the teams event will be a great learning experience for us both.

Good luck to everyone who is competing. Go Zone Four!

Novice – Marg Colgan & JD

JD is a 3 year old Border Collie from the BACKBEACH line. I have another of his siblings aged five months. JD is an amazing wee fella who can go from full speed running around the paddock to relaxing on my knees having cuddles! I've never had a dog that digs like he does - there's been many deep holes and trenches created at home, and he has siblings who have that same digging trait! JD is an honest dog and our home club is MCCOC in Ashburton.

I've previously represented Zone 4 with two of my other BC's but it's not been a winning team so hoping third time lucky! I love the sport, have made many friends & had lots of laughs at competitions. Enjoy this year's NZDAC. Go the Mainland - Zones 4 & 5!

Intermediate – Natasha Neame & Tricot

Tricot is 7yr old heading dog, who lives and plays in Blenheim with 7 other dogs.

This is Tri's 4th time representing our zone, she is a wicked dog to own and train, absolutely lives for agility, and gives it everything every time she gets in the ring. Last year's NDTA was a dream for us, gaining Grand Champ, Jumpers Champ and overall top dog. Earlier this year we set our sights on the Aussie Nationals. She handled the long trip like a pro and we had an amazing time, getting great results, and learning a lot along the way. The teams event was a highlight for me, and I'm very proud to be back on home soil and getting to be part of another great zone 4 team. We will work hard to defend our title. Best of luck to everyone, run hard and have fun.

Senior – Glen Ziarno & Crystal

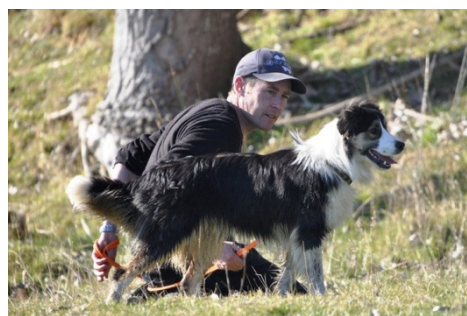

We got our first Border collie in 2001 – Jesse. In 2003 my wife and I opened the Southern Lakes K9 Agility Club, in Queenstown, on the same day our first child was born, Jamie. We opened this club as there was no club in Queenstown to cater for dogs and agility. This gave us the first taste of agility of which we both loved and were hooked.

In 2005, we moved to Christchurch and thought that we would continue our agility chances with a second dog, so my wife, Simone, could compete against me with our new pup. We found Crystal a blue Merle Border Collie, in Lumsden. Because of family commitments Simone passed Crystal on to me. Crystal is eager to please and has a lot of speed to burn. She is a fast dog and has some challenging moments, as all her runs are on the edge. Crystal is driven by the competition and has gone from strength to strength. We are at this competitive stage and look forward to the challenges ahead.

Zone Five

Starters – Jason Buckland and Tirra

From Tirra's breeder: Tirra started out her life here at Southridge with the intention of her becoming our latest working star, however if you believe in things happening for a reason then Tirra was just never meant to stay with us, it was simply written in the stars.

Tirra met Jas Buckland on a visit to Dunedin back in June 2011 and it was love at first sight on both sides. She naturally gravitated to Jas and built a bond with him in two days that was unbreakable and so she stayed on when we left and has

never come home.

Jas has taught her dozens of tricks and now does agility and is doing very well. We are constantly amazed when we see her how her and Jas complement each other and what he has accomplished with her so far is a sign of great things to come. I don't believe I have ever seen a dog so wholly faithful to her master as Tirra. While we have signed over ownership of Tirra, I have kept her page on our Southridge Kennels website so we can track her progress.

From Jason: Tirra is the first Border Collie I have trained, (or I should say training!). She only turned two last month and getting into the Team Event at the NZDAC is a great achievement and I am looking forward to the competition.

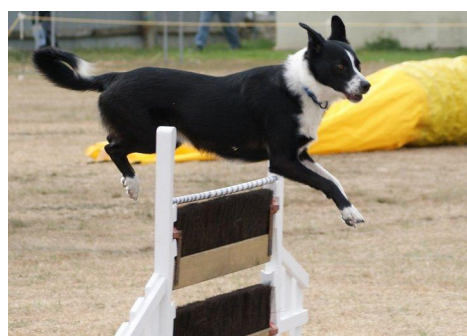

Novice – Reece Smith and Jack

Jack was my very first dog, I got him in 2003 while still living at my parents' house when I was 19, and they gave me an ultimatum... if you're keeping the dog you gotta move out... (and I've never looked back since! Heh)

We started doing agility in 2006 with OCTC as something to keep him busy, and after many years of frustration (3 years to get our first clear round), and a lot of help from a good friend, we have finally managed to start getting some success in 2012!

Intermediate – Rose lock and Flack

Flack is a 4 year old Heading Dog/Border Collie/Siberian Husky X. He is neither the prettiest nor the fastest dog on the agility circuit but he makes up for that in noisy enthusiasm. Flack loves agility and he will run with anyone who asks him.

Flack's auntie Cheyenne and his sisters, Blitz and Delta also compete in agility while a batch of nephews and nieces are just starting their competitive careers. These youngsters really look up to Flack and very much adore him.

I love running Flack as he is full of enthusiasm and just loves what he's doing and lets me know as he runs the course with me. He's a lot of fun – just how it should be - and he will do Zone 5 proud no matter what the outcome. Go the wonders from down under.

Senior – Natasha Coulter and Jonty

My name is Natasha Coulter. This is my little fur ball Jonty (aka ruff tuff powder puff) from zone 5 in the deep south. Jonty is an international man of mystery having just returned from a mission to Australia. He has no idea he is a Bichon, he is banned from looking in mirrors. Jonty has chosen the senior spot in our team in an effort to prove that white dogs can jump and that it's not the size of the dog in the fight but the size of the fight in the dog that counts.

Flygility

Judges

Shirley Hall

My name is Shirley Hall I have been involved with flygility for ten years. I enjoy the sport, and so do my dogs. I have watched the sport grow from one day competition, to two days, and from one lane to running two lanes, making it a full weekend. The quality of dogs has improved to the point of some races being so close it is hard to split the dogs and reruns and extra line judges are needed to rate the winner.

What was your most embarrassing moment? Can't think of one, so probably too many to come up with just one.

If I could change one thing it would be... That our dogs all get to live a much longer life with us.

If I was the Prime Minister of NZ I would... Add dogs to working with families. They are after all part of your family just imagine five dogs hmmm could be profitable...

My dream job would be... Working with dogs and horses I have been lucky enough to do the horse bit, and I guess I am busy doing the dog thing now.

The best agility manoeuvre is... Tripping over my dog and landing on my bum.

Finish the following sentence - Love, Life, Laughter and... dogs. Dogs give love unconditionally they are full of life and they make you laugh.

Anne Morrissey

I live in Paeroa with my mum June and her poodle Tex and my three dogs Kelcie, Boy, and Caspar. I am self-employed as a lawnmowing contractor and my hobbies are reading and dog agility and flygility. I got into agility and flygility when I went to puppy classes with Kelcie at Christine Nielsen's and when Kelcie got old enough was invited to have a go on some of the gear, then went to see a show at Cambridge and was hooked.

What was your most embarrassing moment? Getting lost on a starters course at Taupo NDTA.

My dream job would be... Working in a library with all those books to read.

Finish the following sentence - Love, Life, Laughter and... friendship

Allan Rohde

Flygility is something that I have thoroughly enjoyed ever since the first NALA run I did with Chico way back in the mid 90's. What appeals to me is the less formal approach the sport has and the more relaxing atmosphere there is at tournaments. Unfortunately this is changing a little now that numbers are increasing and people are taking the sport a lot more seriously.

I am heavily involved in all aspects of the sport from the administration side through to training. I enjoy this and I enjoy competing as well. I always find the team's events interesting and when it is random teams, that makes it even more interesting with the different combinations that can occur.

I hope all competitors enjoy their tournament at the NZDAC this year.

Elaine Rohde

I have been involved in Flygility since the mid-nineties while we were at the Wairarapa Dog Training Club. I remember attending shows at the Avalon club where they ran a team flyball competition as part of their agility shows. This kindled our interest in the sport and flygility started to be run about that time so it was not long before I was giving it go. I found it extremely rewarding and began competing in the NALA flygility competitions.

Allan and I travelled to Orewa in February 1997 and attended our very first Flygility Competition as well as taking in Counties Inaugural Agility Show. I became hooked as both our dogs Chico and Shot gained their first points.

Flygility has changed a lot since then, courses are different, dogs are so much better with improved training methods. I remember having to carry log books to each competition which recorded your dog's points and chasing after Judges to sign off your points after each class.

I have trained Rocket to Grand Flygility Champion and Shot and Flare to Flygility Champion. My other two dogs, Windi and Bolt, are just a few points off becoming Flygility Champions as well..

I would like to thank the NZDAC organising committee for asking me to Judge and look forward to an exciting competition.

Raewyn Saville

I did some formal dog training via Obedience and Agility for about 10 years, 19 years ago. I tend to pick up unusual specimens and then see if they will do the work. Absolutely besotted by Dogdom and have been all my life. Always enjoyed handling gun dogs. Have always trained my dogs to do rural duties such as ratting, possuming, rounding up the goats, sheep, cows or whatever. I thought everyone who had dogs did this stuff. I am the Trainer for Dog Sports Rotorua, which means that I take people onto our dog park and make the dogs concentrate on working with their owners in a crowd of maybe twenty dogs and handlers all doing their own thing. Current dogs

are:

- Midge, nearly 14 retired ratter, agility, obedience and flygility dog.
- Boo FD, aged 7years, nervous wreck, great farm dog, SPCA rescue Huntaway x Foxie. Loves Agility does good NALA courses, does Flygility when the mood moves her.
- Mr Chan FDX nearly 5 years. Was a bit dangerous in his youth, Sharpei, Whippet, and Staff cross from the wrong side of the tracks. Loves all things about tugging and Flygility. Wonderful companion.
- Faze 8 months, Border Terrier cross, wonderful ratter, loves to retrieve and tug and play ball.

My love of Flygility goes back 13 years, I totally immerse myself in it. I enjoy setting courses, judging and coaching new Flygiliters.

What was your most embarrassing moment? Had many - dogs are humbling creatures.

If I could change one thing it would be... Being born super rich so that I could waste money travelling around the country doing all the Agility and Flygility I wanted to.

If I was the Prime Minister of NZ I would... Put a fenced dog park on the outskirts of every town and city for free running of dogs. I would also make a Department of Dog Training and have the appropriate Minister of Dogs as well. We are talking about a species that has lived alongside humanity from the beginning of time. I don't think Governments take that seriously enough.

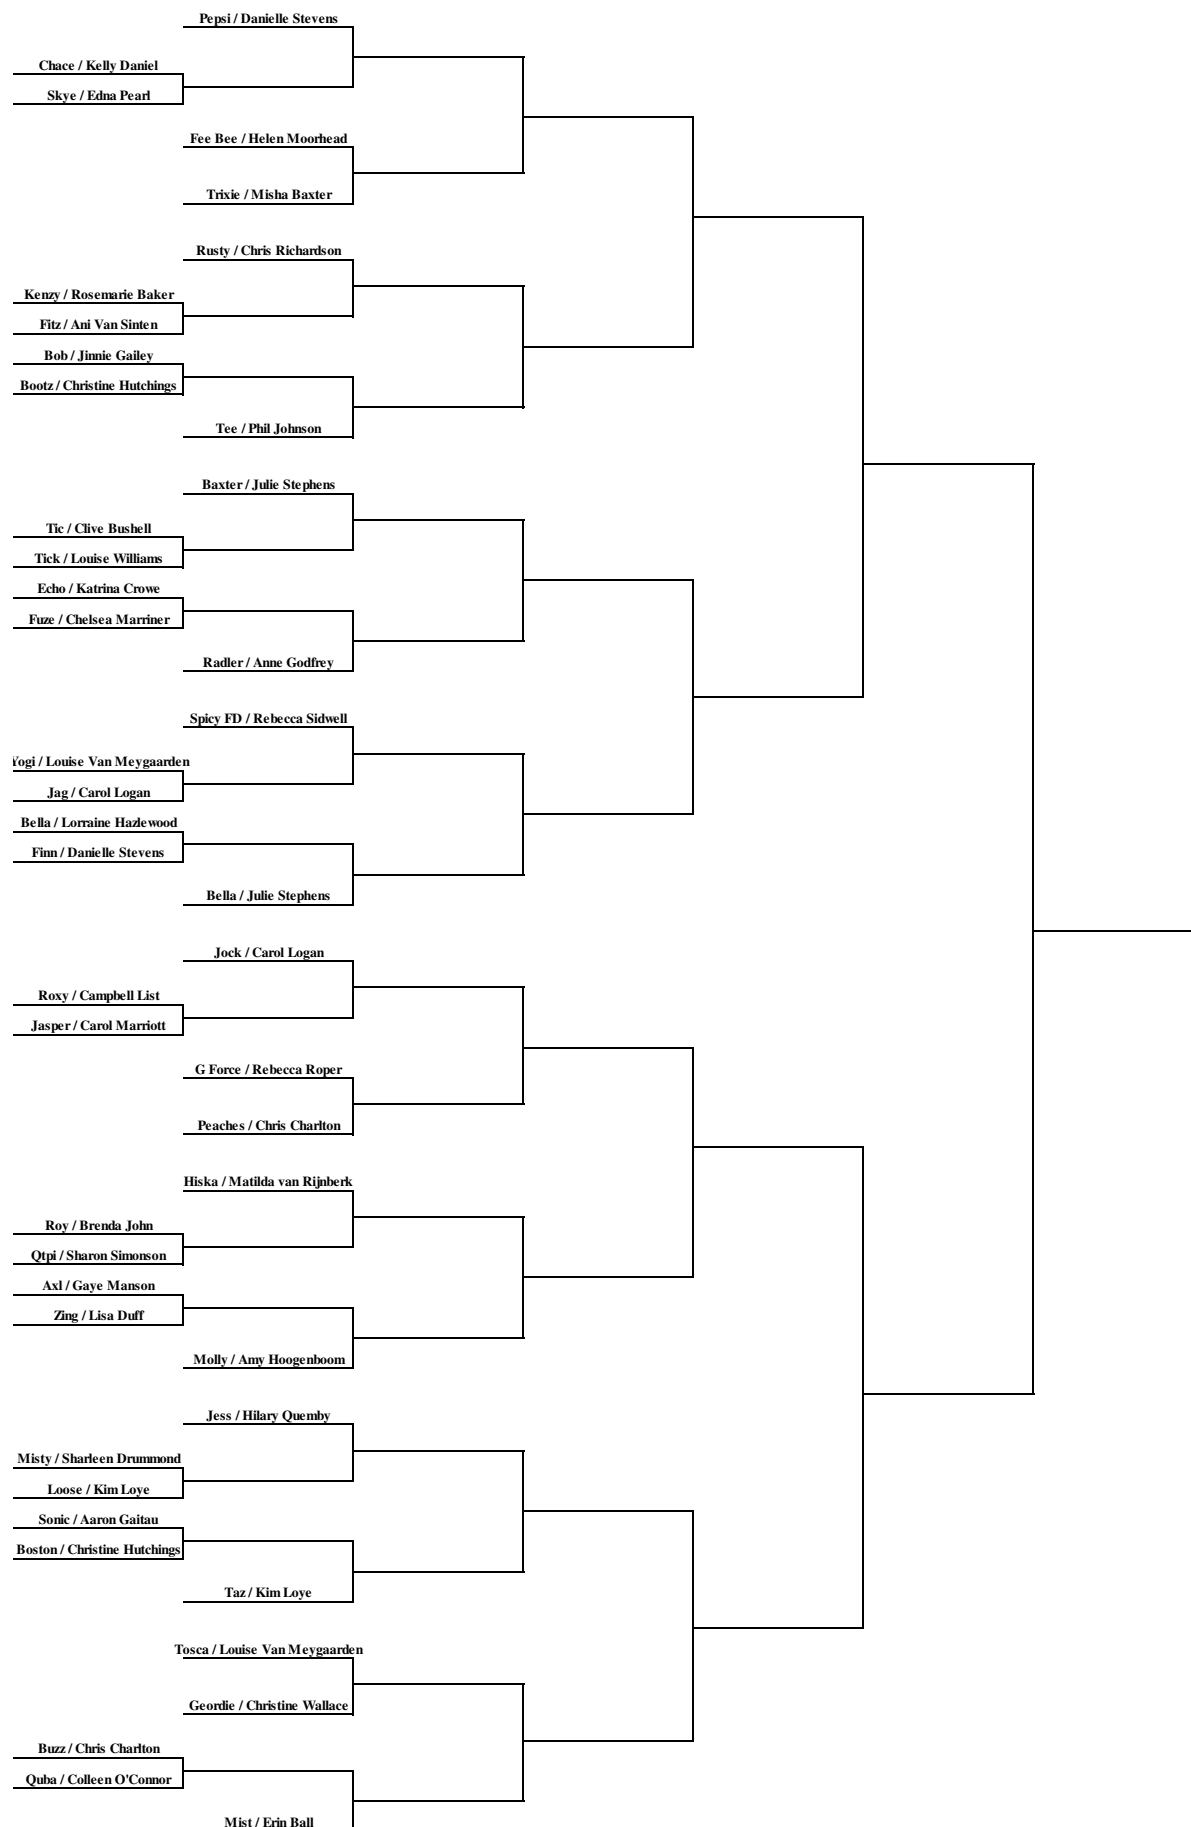

My dream job would be... Being around Dogs and helping them to fit into our Society as an asset not a liability and I have it. It is what I do, it pays next to nothing, but hey it's a heck of a lot of fun.

The best agility manoeuvre is... A blind front cross - onlookers gasp it defies logic and never fails.

Finish the following sentence - Love, Life, Laughter and... Flygility and Dogs and Flygility and Dogs...
