

NDTA - 2008

2008 ZONE 3 NDTA

Agility Report

The NDTA is over for another year and it will be remembered for being unique. This year there were many new things being tried out for the first time:

- The Agility finals were introduced to provide a highlight at the end of the weekend and they proved to be a spectacle and an awesome display of high quality agility.
- This was the first NDTA to use the indoor venue for agility. The Manfeild indoor venue was fabulous and enabled the dogs the best possible opportunity to perform. The surface indoors is the best I have ever run on and the atmosphere of the three rings running right next to each other was brilliant.
- The Interzone Teams event was extended to include a relay where all the team members ran as a team over the course. It was fast, furious and exciting and congratulations to Zone 2 for going all out, mastering the course and winning the event.
- The Interclub event was run as a separate event and proved to be a spectacle.
- It was the first time the NDTA has had its own website with full information available about the event from January onwards.
- It was the first time five rings had been run concurrently at an NDTA.

There was a lot of excellent competition. Congratulations to the winners of the finals, Peter de Wit and Quick, Sue Willis and Tonic, David Cook and Jax, Lisa Duff and Zoom. And a huge well done to Susan McKay and Rainstar Phantom of the Opera who took out the top dog for the show at their very first Champ show

There was great sadness also at the NDTA with the death of Kevin's Sky on Saturday night, and the news of the passing of other dogs.

There were the disappointments too. No-one was more disappointed than us to see the state of the grounds when we arrived after good reports earlier in the week. After a year of planning and making arrangements with clubs and people, it seemed that nature was conspiring against us. Every job took twice as long to do, such as having to manually carry all the equipment onto the field and having to push the caravans onto the field. And being informed by the venue management that we were restricted to the smaller area because of the weather made life more difficult. The sun shone brightly all Friday, and the surface water began to drain from the grounds, providing some hope that things would improve. Friday's events were cancelled to avoid damaging the grounds by running on them. Alas it rained again and the grounds were a mess.

We had no option but to cease using the grounds as they were unsafe to dog and handler alike. Canceling an NDTA is not something we wanted to do. Some quick calculations were done, estimates were made, the venue management were contacted and the decision to move the events inside during the evening was made and announced. It took an immense effort to re-plan and reorganize the entire event in a very short time frame. Judges had to adjust courses, helpers had to be reconfirmed, equipment had to be moved, sorted and cleaned. In the middle of all this some B*^%&% stole two of the admin computers.

Changing plans midway is never a good idea, but we had no choice. We realise that the decisions we made would make some people unhappy but we made the best decision available to us at the time. I thank everyone who was flexible and accommodating. I thank everyone who pitched in and helped out, it shows what a great community we have in agility

Only by the huge voluntary efforts of some very special people was this event saved from being cancelled or severely reduced in the number of events held and every one of them should be thanked by the entire agility community.

Some Statistics about the NDTA from an agility perspective:

- 12 People on Committee, working approximate two years on the planning
- 11 Ring Managers
- 2 administrators
- 13 Helpers NOT competing in any events.
- 5 jobs per ring per event, a total of 120 jobs, often shared by two people
- Helpers from 8 clubs
- 24 events to run over 3 days
- Equipment from eight different clubs including five full sets of agility equipment (4 transported in from other towns), five whiteboards, six sets of timing equipment from 4 different clubs, and one set of flygility equipment.
- Two marquees, one sound system caravan and one admin caravan and four laptops (of which 2 were stolen) and two printers.
- 360 ribbons to present
- \$5300 in prize money
- 450 dogs competing in 24 events with 3000 entries overall. The largest events were the Sunday Intermediate and Novice classes with 240 in them.

Obedience Report

After 12 months intensive planning, an indoor venue for Saturday's tests, 7 rings outside in front of the old grandstands for Monday's tests using ring equipment from Tararua and Feilding Clubs, a marquee for the out of sight stays, what could go wrong?? There had been some rain but the grass was cut on Tuesday and due to be rolled on Wednesday – perfect we thought. Then came the rain, the rain and more rain. We were starting to get a little 'twitchy' but we were not prepared for what we saw when we arrived on Friday to set up. The water was literally running off the fields in to the parking area kerb drains. There was so much water that you expected to see trout splashing around.

As our priority was to get Saturday's rings set we made an 'executive decision' that if necessary we would run Monday's obedience on the sealed car-park, where exactly to be decided - on with the setting up inside. There would be no problem here as we had our plans prepared and knew where the combination of picket fencing and ropes would be going, allowing an area where handlers could 'warm up' on the competition surface – so easy we thought.

Unfortunately there had been a small mis-communication on the required surface and the hard rolled surface had been harrowed, more that a little unevenly and was not considered suitable for our use. A quick consultation and Jason suggested that we use their quad bike and a roller to harden the surface but who was going to ride the bike. Fortunately we had one of our visiting competitors who was knowledgeable in these matters who for two hours drove round and round rolling the surface to an acceptable level. Watching the clock, as we had a 3pm start for three tests, our team sprung into action and set up the rings perfectly – we were ready for the start of the 2008 N.D.T.A. Obedience – finally.

With Friday's start behind us, Saturday saw all the scheduled tests under way on time and while they were running we took time to think about Monday. It became obvious when we saw what the Agility folk had to contend with that we had no choice but to run Monday's tests in the car park. Unfortunately the rings would not be in the planned layout or up to the planned standard but we would manage. We think we made a lot of friends when we made our decision known.

Saturday's tests were over and the ring for the Obedience Teams event on Sunday was set up. Nothing to worry about – yea right (thanks Tui). Somehow after the teams event we had to set up seven rings outside with the Test C ring ready for a 3pm start. Let's worry about this later, let's mentally prepare ourselves for the Inter-zone battle on Sunday.

Sunday morning saw sunshine – was this an omen of better things to come. Yes, Zone Three won the Obedience Inter-zone..... what can we say – congratulations Zone Three. As if by magic the ring material disappeared from inside the stadium and reappeared in the car-park, the rings were set up for Monday – admittedly some while Test C was running.

Again Monday gave us fine weather and while the rings were not in some cases ideal we managed to get through the day and we breathed a sigh of relief at the prize-giving – we had done it !!!

Was the obedience at the 2008 N.D.T.A. a success - in our opinion yes but not without the help of all the folk and clubs that assisted us. The people that were there to shift the fencing and erect rings, the call stewards, the stay stewards, the ring stewards and judges, the often forgotten decoy scents and of course the competitors who gave us their positive support. Thank you all.

Sponsor / Funding

The 2008 NDTA enjoyed the support of the NZKC's principal sponsor, Nestle PRO PLAN, who contributed greatly to the success of the event. PRO PLAN provided an abundance of dry food product and treats for the winners and placegetters of all codes, including Flygility and YKC. PRO PLAN also provided fold-up stools as part of our judges' gifts, number cards and caps as part of their sponsorship package.

An application earlier this year on behalf of the NDTA organising committee was successful in getting a grant from Pub Charity that covered the hire of the Manfield Park venue. This contribution was greatly appreciated.

Working Trials

Working Trials ran over Friday and Saturday of Labour Weekend on farms on the outskirts of Feilding, with the control and sendaways held at the Manfield Park venue on Saturday morning, in a roped off area.

Entries were seven for UD (judged by Joanne Turner); ten for WD and five for TD (judged by Lyn Lane). There were four teams for the Inter-Zone Competition, the Sarelle Cup, as we allowed competitors from Zones 4 and 5 to combine to make up a team.

UD tracks and seekbacks were run on a farm belonging to Malcolm and Julie Bailey on Pharazyn Road; it was large and flat and we had lots of room. The WD/TD tracks were run on Phil and Lanice Robertson's South Devon cattle stud on Halcombe Road. TD hard surface tracks were by the mill at Makino, using a nearby paddock belonging to Richard Hammond for the free tracks.

Working Trials was a lot less affected by the wet weather than other disciplines being run outdoors (WT people invariably come prepared for the worst weather, whatever the forecast says.) However all the farms we used had been affected by the amount of rain in the previous week, and had surface water in places. We managed to have a rain-free day on Friday, completing two TDs; five UD's and five WD's. We added one UD track and seekback at the last minute, enabling Christine Neilson to complete her WD dog the following day. She and her dog Co did their track in ankle deep water, carefully wending their way around and managed to make it the Best Track of the UD Trial, this contributed to her achieving Highest UD Qualifier.

TD and WD leash tracks also ran on waterlogged farmland, and the dogs responded well, with some excellent results. WD Highest Qualifier was Lisa Duff and her heading dog AG GR CH Zoom ADX UDX, getting great points for their first WD qualification.. TD Highest qualifier was Debi Angove and her German Shepherd Bronx CDX UDX WDX TD (if there'd been a prize for the best dive into a ditch, Debi would have taken that away too).

The control exercises for the UD and WD Inter-Zone competition were run on Sunday morning inside the main Manfeild Park venue. This was enjoyed by a large audience who appreciated the skills shown by dogs and handlers. Sendaways and redirects were demonstrated also.

Our thanks to the land owners who welcomed us on to their farms and made it possible for the trials to be held near to Feilding as part of the 2008 NDTA.

Paws 'n Music

What an excellent evening of entertainment!! and with an audience of 200 or more - NDTA competitors and, thanks to local media advertising, many more from the general public in attendance, there was standing room only and this popular event was obviously enjoyed by all.

A big thank you to our judges, Jan Corles and Rachel Butler (Auckland) and Heather Drewitt (Christchurch), and to those vital in the smooth running of our competition, our compere Stephen Harris, music man Tony Adamson and to all our willing helpers. A special mention too for Alannah Knapp and Angelique Aamodt who did a great job of collating the scores for us.

Also a big thank you to Ribbons Plus Ltd. of Upper Hutt for, once again, sponsoring our lovely sashes.

Paws 'n Music Competition

Elementary Heelwork to Music:

- 1st. Irma Harris & German Shepherd Dog, Astro on 25.16 points
- 2nd. Laurel Greaves & Aussie Shepherd, Jonty on 23.33 points.
- 3rd. Irma Harris & Springer/Beardie X Comet on 21.16 points.

Elementary Freestyle:

- 1st. Rebecca Roper & Aussie Shep/Border Collie X, Zito on 24.50 points.
- 2nd. Pippa Coard & Pointer X, Coco on 19.00 points.
- 3rd. Catherine Massey & Border Collie, Toby on 17.66 points.

Starters Heelwork to Music:

- 1st. Kate Winters & Springer Beardie X, Merlin on 23.33 points
- 2nd. Sallie Remon & Border Collie, Arry on 23.16 points.
- 3rd. Jan Voss & Novia Scotia Duck Tolling Retriever, Buzz on 20.83 points.

Starters Freestyle:

- 1st. Jan Voss & Novia Scotia Duck Tolling Retriever, Buzz on 21.16 points.
- 2nd. Rosemary Brierley and Huntaway/Border Collie X, Zak on 18.16 points.
- 3rd. Kate Winters & English Springer Spaniel, Crystal on 17.16 points.

Open Pairs:

- 1st. Rosemary Brierley with Zak & Casey on 16.33 points.

The Shayiska Trophy for the top points overall was won by Irma Harris & Astro.

Irma set the standard in this competition with an extremely well-executed routine to music from the soundtrack of the Sting, "The Entertainer." A lovely flowing routine with good timing and accuracy made this the winning routine overall.

It is so good to see the huge improvement in the standard of competition each year with innovative routines to suit the many different breeds of dogs.

Looking forward to Dunedin 2009 and more stunning routines. Kate Winters, NDTA 2008 Paws 'n Music event coordinator.

Note, for information on Paws 'n Music classes for 2009, group/individual training or seminars around the country please contact Kate on 027-277-1687 or email: kate.fs@xtra.co.nz

NZYKC

I would like to thank everyone involved in the running of the NZYKC events at this year's NDTA. Nevenka and Karen did a fabulous job of organising the agility and obedience competitions - please see their reports and the results below.

I would also like to extend a huge thanks to Proplan for their very generous and on going support and sponsorship.

I would like to comment on the wonderful sportsmanship these youngsters displayed, the agility "Give it a Go" conditions were far from ideal and to see everyone lined up waiting for their run with out complaint, some brave enough to be wearing their bright orange Camp 2008 T shirts (no coats or jumpers) the committee are very proud of these amazing youngsters . Congratulations to all the place getters, especially those competing in our very hotly contested obedience final.

(I hope I will get to see many of you on our 3rd National Camp in 2009 - see the web site www.ykc.org.nz or the latest newsletter for details.)

Claire Trevelyan
Chair, NZYKC

NZYKC, NDTA Agility – Give It A Go

It was great to see the amount of children that turned up to run this NZYKC Agility event, With 40 children in total; they all put their heart and soul into running their dogs which was tremendous to see. The weather was terrible, but not once did the children complain they all got out there and did their best and the results were just amazing. I would like to thank all the parents and helpers for taking the time to run this very successful event. A big thank you also to Noeline Wagner our judge for the wonderful course she set. Thank you all.

Nevenka Paterson

Experienced 8-11 years

1, Kerry Remon & Cassie ,37.107. 2, Jessica Tansey & Sting ,45.123

Experienced 12-15 years

1, Aleshia Cliff & Pippin ,27.021 + 1 fault. 2, Shanice Clement & Trudy ,49.208 + 1 fault and 1 refusal

Experienced 16-24 years

1, Celina Lovejoy & JJ ,28.033. 2, Jazman Ellery & Point ,32.830. 3, Kayla Hill & Rocky ,47.001

NZYKC Obedience at the NDTA

When I arrived at the venue on the Friday I was concerned to see that the grass area was so wet, so some quick thinking and I nabbed a nice flat piece of tarmac for the "Give it a Go" obedience on the Saturday. We quickly set up a ring on the Friday so no one could steal our spot.

Saturday arrived and we were all hoping it did not rain for our outside competitions - it only drizzled which was lucky for us all.

10am saw the start of the "Give it a Go" obedience with me judging, and Sharon Hastings stewarding. (Sharon did a great job)

The competitors really blew me away with how good they were, it was not an easy job to judge them. They all did their turns well, they all had their dog's attention and they all got their dogs to do the stays. Sharon and I were amazed at the performances.

The 9-11 age group was a hard fought out competition with all the competitors being very close on points, just a little flick on the lead being the difference between first and third. Kerry, Nicole & Hayley the place getters performed fantastically.

The 8 and under group were all smiles as they took their turns, Jake had no wides, but it could have been the tight lead! But I must say his recall was amazing. Jessica and Sian both looked the part and handled their dogs very, very well.

The 16-24 group was the colour green - from coloured dogs to colourful clothes. I really enjoyed judging Celina and Amanda. Good handling and great dogs.

With this competition over (and without getting very wet), it was time to set up for the main NZYKC obedience event, were the children had qualified during the year to compete in their tests.

Libby Ellery was the judge and Tony Adamson was the steward.

Special Beginners was first and boy oh boy was the competition hot. Stunning displays of heelwork, they had all the people on the out side of the ring talking.

Novice and Test A followed and again there was no room for error, these young people meant **business**.

Every competitor in this competition was outstanding and I congratulate them all. The scores were worked out being the highest percentage mark in all the tests. The winner was on 75 out of 75 so 100% great result.

All the children in these competitions really have great talent for dog obedience, and hopefully we will see them in the ring again soon. Look out you adults out there here comes the future and they are talented.

Also I would like to say a very big congratulations to Alex Robinson, not only did Alex win the NZYKC Obedience but he also represented his zone (zone 2) in the inter zone obedience competition on Sunday and got second and then also won Novice obedience on Monday. What a great effort. To all other NZYKC members who competed in obedience over the weekend you all did really well and looked really great in the ring, **well done guys. Roll on next year, and don't forget camp in April 2009.**

Karen Sadler

2nd Nicole Groombridge & Sam

3rd Hayley Rohde & Windy

8 and Under

1st Jessica Tansey & Kenya

2nd Sian Remon & "Arry

3rd Jake Remon & Speedy

Rally-O

The NDTA was the ideal venue to showcase the new canine sport of Rally-Obedience (Rally-O). We attracted 51 entries, evenly split between the beginners and novice levels on offer. Everyone appeared to enjoy themselves, despite the rather cramped ring we ended up with after the atrocious weather forced us indoors.

Rally obedience can be described as obedience exercises performed in an agility format, or “48 FUN! ways to find heel position,” with the emphasis on FUN! Rally is a terrific sport to use to build a working relationship between dog and handler that will serve as a foundation for other human-dog team sports.

A Rally ring contains a course of stations that handler and dog must complete, performing the correct exercise at each station, without direction from the judge. In the Rally ring, the handler can talk to the dog during the course and give verbal and hand cues for the same exercise.

Rally-style obedience was conceived and developed by Charles Kramer as a dog sport in the 1990s in the United States. The Association of Pet Dog Trainers began awarding titles in Rally-O in 2001. The American Kennel Club allowed Rally as an exhibition sport at obedience trials for several years, then began awarding titles in 2005.

We hope and suspect that Rally-O will soon share the same popularity in New Zealand and to this end a group of us are drafting a set of guidelines so that we are able to offer a meaningful title in this country. Although ribbons will be awarded for top qualifiers the main objective is to achieve a qualifying round towards one's title, providing an incentive for everyone to have a go.

We now have an e-group up and running with information in the files section for those in New Zealand interested in supporting the sport here. You can join by following this link: <http://pets.group.yahoo.com/group/nzaro/>

Unfortunately our advertised judge, Anne Hoogeveen, missed the NDTA due to illness and her Hawera compatriot, Pam Martin, on the obedience panel, kindly stepped in at the eleventh hour. Thank you, Pam.

Results

Out of 26 in the Beginners grade (those handlers and/or dogs who had not at the date of the competition won out of Special Beginners) Ann Kenny and Taragh were first, Chris Moody and Laser a close second and Alex Carson and Diesel right on their heels in third.

Novice grade saw Jenny Butler and Pippin come first out of 25, followed by Ruth Thorburn and Harry with Jan Voss and Pippa in third. Once again very close results.

Thank you to all those who participated.

Top Dog

Susan McKay and Rainstar Phantom of the Opera

Susan McKay has been a member of the Waikato Agility Group (WAG) for about 11 years. She initially trained her GSD Akayla, but became a show regular after getting her Border Collie Shakira approximately 6 years ago. It is around this time that I got to know Susan. I instructed her and Shakira in their beginner class and I have always been impressed by her positive attitude with her dogs and perseverance with her training. Shakira can be a very challenging dog!!

When my border collie Rain was in pup in early 2007 I was delighted when Susan expressed interest in one of her offspring. I was also really pleased when she chose the character of the litter “Phantom” as her pick. By the time Phantom was one year old, he was casually clearing farm fences in a single bound and we were joking that rail knocking was not going to be a problem for him!

Phantom and his litter mates turned 18 months old just two weeks before the 2008 NDTA and so it was always going to be a challenge to have the pups ready to compete at the premier agility show of the year. Every seasoned competitor knows that while you can put in all the ground work with your young dog, nothing can quite compare with ring experience. Fortunately the Counties ribbon trial is held the Sunday before NDTA each year, and so Susan and Phantom very nervously lined up for their first show on October 19th 2008. Phantom ran like an old pro and they won starters with their very first run. Susan's daughter Lisa ran him in his next run (Starter Jumpers) in which he also finished in 1st place.

The now infamous conditions of the first day of the Feilding NDTA proved to not be a problem for the farm-hardened team of Susan and Phantom and they finished 2nd in the first starters event of the weekend. When the show moved indoors they backed this up with another 2nd and a 4th in starters and a 10th in the last novice of the weekend. Having qualified three times for the starters final, they finished a credible 4th overall and finished the weekend without a single fault out of four starters runs. Among the previous winners of this trophy are icons of the sport including Peter de Wit, Deb Jackson and Chelsea Marriner. Susan noted to me that most of the previous winning dogs on the trophy have either AgCh or AgGrCh in front of their names. So to take out this trophy is an awesome achievement for any starter dog/handler combination, but I think it will be a long time before we see a repeat performance by a dog at its first ever Champ show.

The Waikato Agility Group is extremely proud of Susan and Phantom – the club's first winner of the NDTA Sarah Top Dog trophy. And I am extremely proud to say that I am Phantom's Nana!! But all the credit must go to Susan who has clearly done a wonderful job in training her young dog. It truly could not have happened to a nicer person.

New Zealand experience

Peter Dynan (PJ) - Australian Agility Judge

The first comment I would make relates to the organising Committee of the Agility at the NDTA, faced with incredible pressure and difficulties brought about by the weather (unseasonal as I am reliably informed) you managed to complete all of the classes in the allotted time. The decision to continue indoors, although that caused programming changes, was the right one and from what I could gather widely accepted by all as the only option. Well done!

The custom in Oz at presentation time is to allow the judge to say a few words about the classes, dogs, handlers and stewards. As this is not the custom in New Zealand I would like to take the time to express my gratitude to the NDTA for the opportunity to judge at such a prestigious event. Incidentally it coincided with my first ever overseas trip. Thanks must also go to all of the stewards (considering there were 12 different courses involved forgive me if I can't remember your names) but thank you. The course builders did an awesome job and really only required minor modifications on my behalf to keep the integrity of the courses. Thanks to you. To the competitors thank you for your kind words about my courses and clear judge's instructions. I would also like to thank you for the way you behaved whilst in the ring, the acceptance of my decisions your friendliness and hospitality. Most judges will agree that we do not get the decisions right all of the time but we do our best to minimise errors.

I would also like to pass on my gratitude to Denyse and Lyn Sayers. Lyn collected me from Wellington airport at 1 am on Friday the 16th of October and dropped me back at about 4 am on November 4 for my return trip to (sunny) Melbourne. Since my arrival Denyse and Lyn have been very generous and kind hosts. Lyn has driven me to anywhere that I wanted to visit without hesitation and I think he has actually enjoyed the time off work.

The weekend was very hectic with the number of courses (12), changed venue and timetable. To the Scribes, Stewards and helpers you did an awesome job considering the trying conditions. To the competitors that reached the finals, well done on that task alone and to the winners, Peter de Wit and Quick (Starters), Sue Willis and Tonic (Novice), David Cook and Jax (Intermediate) and Lisa Duff and Zoom (Senior) on your stunning performances to take out the finals. Congratulations to the Zone 2 Team of Lisa Gatfield and Pixie (Starters), Kim Loye and Taz (Novice), Debbie McFarlane and Pleze (Intermediate) and Tina Mitchell and Robbie (Senior) on your performances to win the Interzone Teams competition.

As to the experience itself, well all I can say this has been the highlight of my judging career and was thoroughly enjoyable. I do have to admit that the relay was the first time I had judged an event like that and it was probably quite obvious from the sidelines that initially I was as confused as most of the competitors and spectators. The experience is like running in gumboots, it's only good/funny when you stop. As a judge at times you forget where your own course goes and imagine the confusion when you have to remember 4 at once!

The question that was most asked of me over the weekend was how the New Zealand Agility standard compares with Australia.

The answer is very much on an equal par (that's without having seen Chelsea Mariner run) at all levels. The major difference would be how you gain titles i.e. "winning out" where as we amass qualifying certificates. This creates much greater pressure on the runs and as such every nano second counts. As a result there appears more desperation in the actions of handlers. Overall the quality of handler and dog would allow most of your top combinations to be very successful in the land across the ditch.

During my time in NZ I have taken a considerable number of Agility related photos on my Nikon D700. Some of the weaving pole action is awesome! I will be leaving a copy of all these photos with Lyn who will arrange to have them posted on the Agility website where you will be free to download anything that is of interest.

I would like to thank you all for your friendliness and hospitality during my stay in NZ. I have met some really nice people (well some you would have to say strange and/or cheeky) during my stay which has made the experience memorable.

Peter Dynan (PJ)

Agility Mainland Update

Well NDTA 2008 sure was memorable event! My complexion has been marvelous since that Saturday, those mud packs sure do work wonders on your skin.

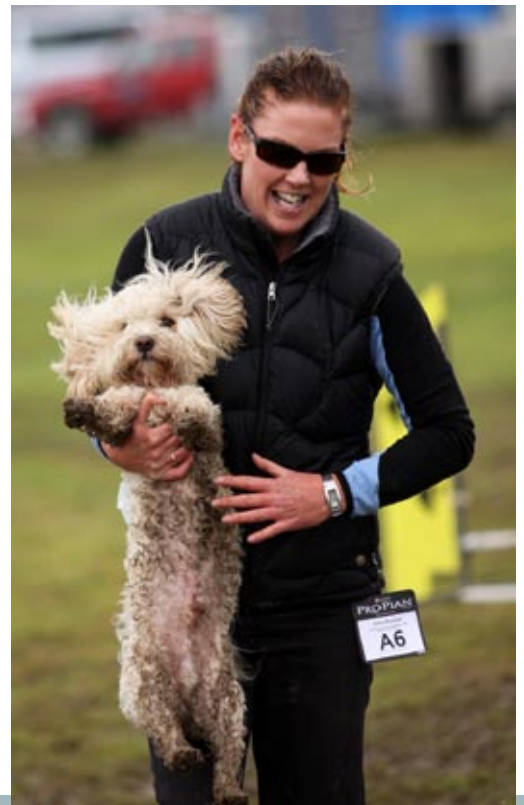

The turn out from the historical Zone 9 was excellent, as always the cheering was loud and proud and the Mexican wave legendary.

Results from the Mainland were spread far and wide from Starters to Senior.

The Blenheim guys did their club proud 4 bods turned up from their membership base of about a dozen, all got some good results, Sheryl and Brok won Novice 1 and her GSD placed. Natasha and Tri not only took out the Zone teams Novice event but consistently placed throughout the weekend.

Paul Remon from Dunners peaked at the right time and "cunningly licked" some other dog's times appearing on the podium a few times, Ruth T and Quay nailed a couple of placings.

Rangi Hickey put his Speights down for at least 40 seconds at a time to run his harem of pups. Sticking to Dunedin Karen G appeared in the lime light, David C & his better half Anne B proved their well groomed dogs are more than worthy of their Grand Champ status being podium featured numerous times.

Mia B & Zip (by name not really by nature) received a ribbon with a 10 on it. Anne G increased her odds by running 3 dogs and got her named called out. Carolyn was on Parr at one stage in Starters.

The real winners were Louise M and Vino winning Senior 1 and Lisa D and Zoom took out Intermediate 1. Both glam girls picked up other high placings in the other premier events including Lisa D taking out the Senior Zone team's event.

The Mainland continued to hold their own with Lisa and Zoom winning the Senior Final and David C and Jax winning the Intermediate Final.

Congrats to the Zone 2 Guys for winning the Inter Zone Teams. The two mainland teams Zone 4 & 5 can hold their heads high achieving 2nd and 3rd respectively. Outstanding Effort!

Finally a wee gloat from a very proud Waimak lad, Waimak took out the Inter Club Relay with a great team featuring Lisa with Zoom, Anne G with Tui, and some handsome chap by the name of Paul B with Puzzle. That gives the Waimak club a Trifecta! Winning Div 1 Link, Nationals Inter Club and NDTA Inter Club all within 1 year! Could that be another record broken? GO WAIMAK!!

So there you have it, another NDTA is over. The organising starts again and I am sure the Mainlanders will put in a huge effort to make NDTA 2009 Legendary.

GOOD ON YA MATES!

The Working Class Man – Amanda Hayward – 5/25.020

How many Animals Competition

We are pleased to announce the winners of the 'How many animals are on the Totally Vets banners' competition we ran at the recent NDTA event at Manfield Park. The winning number was 154 animals, which included a sneaky sea anemone!

We had two winning entries, one from Feilding and one from Avonhead. As there were two winning entries, Purina has very kindly donated two bags of Proplan and also couriered the Avonhead bag directly to the winner, which is extremely generous of them.

The winners of the competition were Campbell Hill from Feilding and P Hebden from Avonhead.

JUMPERS PAIRS C

- 1st Taranaki Sun-Ryze – Toni Mackenzie
